Background: 2020 Census Enumeration At Transitory Locations

- The goal of the 2020 Enumeration at Transitory Locations (ETL) operation is to enumerate individuals in occupied units at transitory locations who do not have a Usual Home Elsewhere (UHE).
- A transitory location (TL) is a location that is comprised of living quarters where people are unlikely to live year round, due to the transitory/temporary/impermanent nature of these living quarters.
- Transitory locations include:
  - Recreational Vehicle Parks,
  - Campgrounds,
  - Racetracks,
  - Circuses,
  - Carnivals,
  - Marinas
  - Hotels

ETL is a paper-based operation for the 2020 Census.

Enumerators will canvass a transitory location in one visit to enumerate all occupied transitory units

OD 8 ETL Operational Updates – COVID Risks Being Monitored

#	Title	Description	Mitigation
9	Hotels/Motels become quarantine facilities/ being used to house people experiencing homelessness – Already realized	Hotels/motels previously considered TLs could become SBE locations or housing facility for quarantined people	**Explore Alternative Dates to Provide This Population an Opportunity to Be Counted in the 2020 Census** • Discuss with providers who work with this population (e.g. The Salvation Army, VA, etc.)
10	TLs cease operations due to ban/quarantine (e.g. carnivals) – Already realized	City or State Government bans large crowds and gatherings due to exposure risk, such as parks, etc.	**Explore alternative methods of creating specific universe (e.g. carnival/circuses)** • Allow local knowledge to help with determining that universe. If there is a scheduled event, an appointment for enumeration would be set.
