a This column includes all miscellaneous receipts, such as from ferries, horse railroads, elevators, or all such as were not separately specified and included with earnings from passengers or freight. Some companies reported lump sums as "Miscellaneous receipts", which included interest and dividends on bonds and stocks, the receipts from ferries, elevators, telegraphs, etc. It was therefore impossible to select the separate items which might properly have been included with earnings.
b Includes $14,714,501 15 as expended by companies over and above their earnings or other income (see deficits).
c Includes $529,974 36 as declared by companies having no net income during the year (see deficits).

a Represents the aggregate amount of the leases of the New York Elevated and Metropolitan Elevated Railroads. The earning capacity forms the basis for the issue of stock.

b Roads under construction.

c Report incomplete and unreliable.

d The amounts of construction and equipment herein given only represent the expenditures for such purposes by the New York, Lake Erie, and Western R. R. Co. since 1878—the year in which it took possession of the property belonging to the "Erie Railway Co.". The amount of $151,711,284 07 represents the combined value of all real estate (including construction, equipment, lands, telegraphs, etc.) so obtained. It was impossible to obtain the exact amounts of construction and equipment up to the date of transfer from either the New York, Lake Erie, and Western, or accounts of the late "Erie R. R." in the hands of its attorneys.
