e Estimated.

f Coextensive with Bloom township.

g As reported by Tenth Census, the total valuation of the city was $758,109, and Bradford township $3,254,574 in 1880; it is believed that the amounts should be transposed, and the city credited with the valuation of $3,254,574, but repeated requests upon local authorities have failed to elicit any explanation.

h Includes North Chester borough for 1880, which has since been annexed to the city.
