Barriers are persistent
Local connections and authorities – improve the chances of response rates by assuring that the process is secure and confidential and important for local funding.

Top Line Result – Large Barriers:
Apathy and Confidentiality are important concerns.
May be an overall function of current attitudes towards governments in general (at all levels):
Seeking the lowest of government is:
50% for federal and state governments
47% for local governments
Fear that the data or info will be used against them
Citizenship question – identified as a major barrier to response
