U. S. DEPARTMENT OF COMMERCE BUREAU OF THE CENSUS

1950 CENSUS OF POPULATION

PRELIMINARY COUNTS

September 14, 1950 Washington 25, D. C. Series PC-2, No. 43

Revised copy follows this copy

PRELIMINARY

POPULATION OF TEXAS, BY COUNTIES
APRIL 1, 1950

(The figures in this report are preliminary counts of population as compiled in field offices and supersede those for the same areas which have been published in Series PC-1. Figures for some areas not published in Series PC-1 are also included in this report. Additional reports in Series PC-2 will be issued as preliminary counts for other States become available)

The population of Texas as of April 1, 1950, was 7,672,432, according to a preliminary count of the returns of the 1950 Decennial Census of Population, reported today by Roy V. Peel, Director, Bureau of the Census, Department of Commerce. This figure represents a gain of 1,257,608, or 19.6 percent, over the 6,414,824 inhabitants of the State enumerated in the 1940 Census.

The preliminary population counts shown below represent the number of persons enumerated in the State, each county, and each incorporated place of 1,000 or more, but not the final verified population totals. The final population totals may differ from the preliminary counts because of the allocation to the place of usual residence of persons who were enumerated elsewhere, the inclusion of crews of vessels docked within an area but not included in the preliminary count, and because of other revisions.

Area	Preliminary count, April 1, 1950	April 1, 1940	Percent of change, 1940 to 1950
State total	7,672,432	6,414,824	19.6
Anderson County	31,749	37,092	-14.4
Frankston town	1,046	1,216	-14.0
Palestine city	12,455	12,144	2.6
Andrews County	4,985	1,277	290.4
Andrews city	3,309	611	441.6
Angelina County	35,972	32,201	11.7
Huntington city	1,036	969	6.9
Keltys city	1,093	(1)	-
Lufkin city	15,147	9,567	58.3

Note: A minus sign (-) denotes decrease.
[1] Not shown separately in 1940.

U. S. DEPARTMENT OF COMMERCE BUREAU OF THE CENSUS

1950 CENSUS OF POPULATION

PRELIMINARY COUNTS

September 14, 1950 Washington 25, D. C. Series PC-2, No. 43 Rev.

Original copy precedes this copy

PRELIMINARY

POPULATION OF TEXAS, BY COUNTIES
APRIL 1, 1950

(The figures in this report are preliminary counts of population as compiled in field offices and supersede those for the same areas which have been published in Series PC-1. Figures for some areas not published in Series PC-1 are also included in this report. Additional reports in Series PC-2 will be issued as preliminary counts for other States become available)

The population of Texas as of April 1, 1950, was 7,677,832 according to a preliminary count of the returns of the 1950 Decennial Census of Population, reported today by Roy V. Peel, Director, Bureau of the Census, Department of Commerce. This figure represents a gain of 1,263,008, or 19.7 percent, over the 6,414,824 inhabitants of the State enumerated in the 1940 Census.

The preliminary population counts shown below represent the number of persons enumerated in the State, each county, and each incorporated place of 1,000 or more, but not the final verified population totals. The final population totals may differ from the preliminary counts because of the allocation to the place of usual residence of persons who were enumerated elsewhere, the inclusion of crews of vessels docked within an area but not included in the preliminary count, and because of other revisions.

Area	Preliminary count, April 1, 1950	April 1, 1940	Percent of change, 1940 to 1950
State total.....	7,677,832	6,414,824	19.7
