NOTE.--Differences between data on residence in 1955 in this report and corresponding statistics in chapter C largely reflect the effect of the following tabulation errors: (1) In the tabulations for the present report, 10,673 persons in New York City were erroneously classified as "different county, same State" instead of "moved, place of residence in 1955 not reported." (2) In the tabulations for chapter C, 2,477 persons in Pennsylvania, 325 persons in Texas, and 71,150 persons in California were erroneously classified as "different house, same county" instead of "different county, same State."
