

Geographic Partnership Programs Update

Jennifer Holland, Chief, Partnership Communication and Outreach Branch
Andrea Johnson, Assistant Division Chief for Address and Spatial Data Update
Geography Division

April 9, 2018
SDC Annual Meeting

Topics

2020 Census Local Update of Census Addresses Operation (LUCA).

Boundary and Annexation Survey (BAS).

2020 Census Participant Statistical Areas Program (PSAP).

Group Quarters (GQs).

Other geographic programs.

Local Update of Census Addresses Operation (LUCA)

- Once a decade, voluntary opportunity for tribal, state, and local governments to:
 - Review Census Bureau addresses used to conduct the decennial census.
 - Provide new and correct existing addresses to be included in the decennial census and current surveys.

LUCA schedule

Timeframe	Activity
December 15, 2017 ✓	2020 LUCA registration deadline
February - April 2018* ✓	Participants receive their 2020 LUCA materials.
August - September 2019	Census Bureau delivers 2020 LUCA feedback.
April 1, 2020	CENSUS DAY.

LUCA schedule

- Initial mail out completing in early April (except Puerto Rico).
- As of April 4:
 - **All** of the stateside materials have been **created**.
 - **11,304** of the stateside packages **shipped**.
 - **All** stateside password letters **shipped**.
 - **232 entities** have **returned** materials (**114** with updates).
- Next steps:
 - Census Bureau processing return.
 - Feedback phase begins in August 2019.

BAS

- Through yearly invitation and participation, tribal, state, and local governments:
 - Review boundaries, names, and governmental status.
 - Make corrections and updates to these boundaries, names, and status.

BAS schedule and deadlines

Timeframe	Activity
Every January	Invitation letter/e-mail sent to Highest Elected Official and BAS point of contact.
Every March 1	Deadline to submit updates for all subsequent censuses surveys and estimates published for that year.
Every May 31	Final deadline to submit updates for the following year's BAS materials.

2018 BAS

- Total Response Rate: (24,380/39,133) **62.3%**
 - States: (10/11) 90.91%
 - Counties: (2,533/3,048) 83.1%
 - Places: (13,023/19,485) 66.84%
 - Consolidated Cities: (7/8) 87.50%
 - MCDs: (8,675/16,242) 53.41%
 - AIAs: (132/339) 38.94%

as of March 30, 2018

2018 BAS

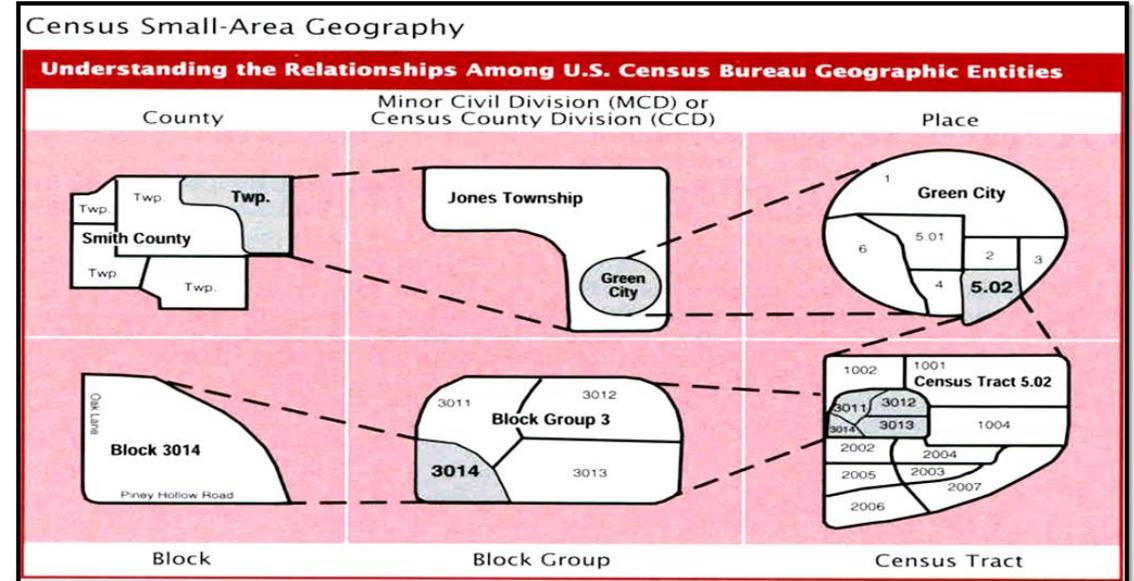

- Total Governments Responding:
 - Digital Returns: 974
 - Paper Returns: 327
 - No Changes: 21,778
 - Refusals: 30

as of March 30, 2018

Participant Statistical Areas Program (PSAP)

- Once a decade, voluntary opportunity for invited participants to:
 - Review and update selected Census Bureau statistical geography.
 - Coordinate with interested partners and other interested parties.

Importance of PSAP participation

- Data needs not always met by legal areas alone.
- Statistical geography can help provide data.
 - For example, CDPs are used to create boundaries for a concentration of population where no legal boundaries exist.
 - Cities or communities without legal boundaries.
 - Neighborhoods.
 - State-recognized tribal areas.
- Data from statistical geographies helps to complete grant applications and to plan for future needs.

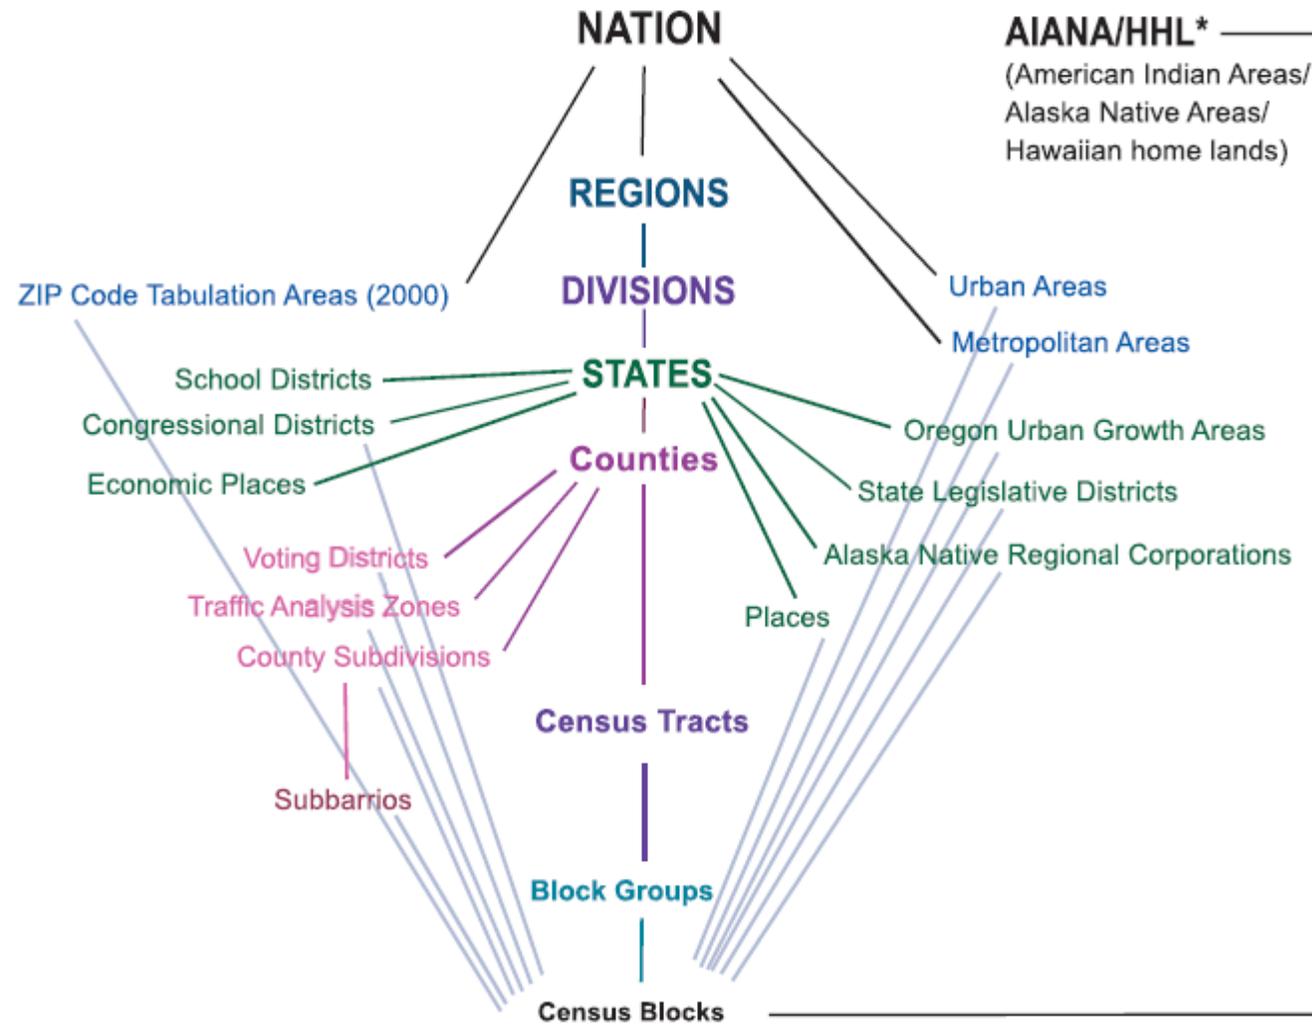

PSAP geographies

- Standard statistical geographies.
 - Census tracts (CTs).
 - Block groups (BGs).
 - Census designated places (CDPs).
 - Census county divisions (CCDs) in select states.
- Tribal statistical geographies.
 - Tribal census tracts (TCTs).
 - Tribal block groups (TBGs).
 - Census designated places (CDPs).
 - Alaska Native village statistical areas (ANVSAs).
 - Oklahoma tribal statistical areas (OTSAs).
 - OTSA tribal subdivisions.
 - Tribal designated statistical areas (TDSAs).
 - State designated tribal statistical areas (SDTSAs).

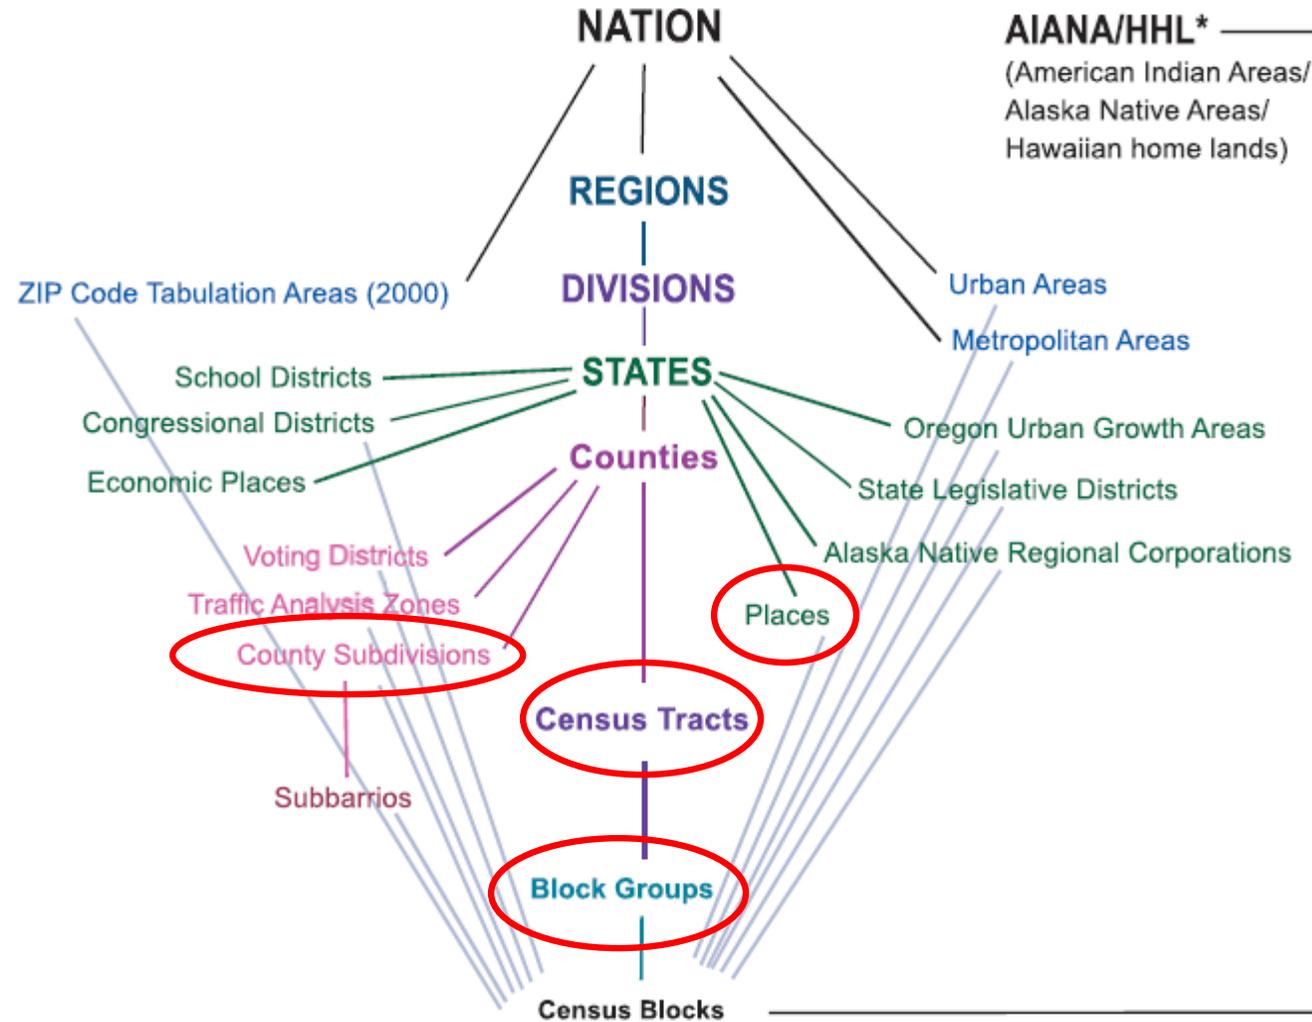

Hierarchy of census geographic entities

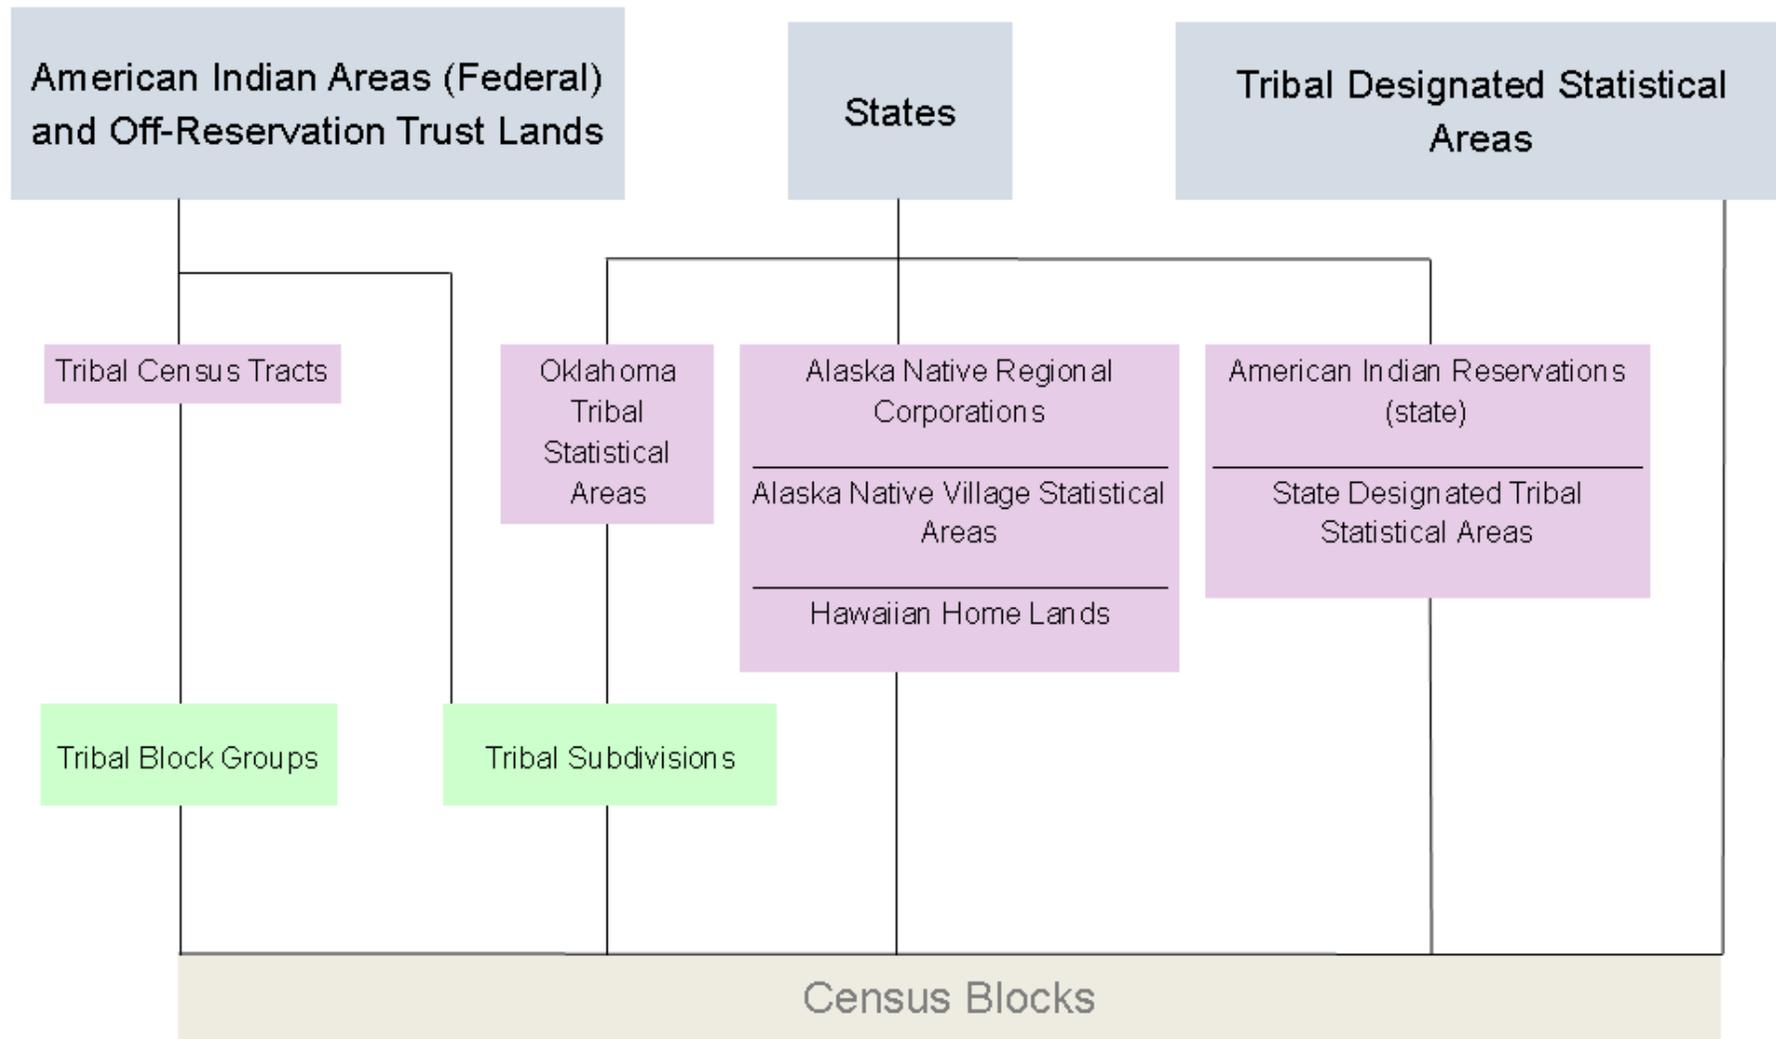

Hierarchy of census geographic entities

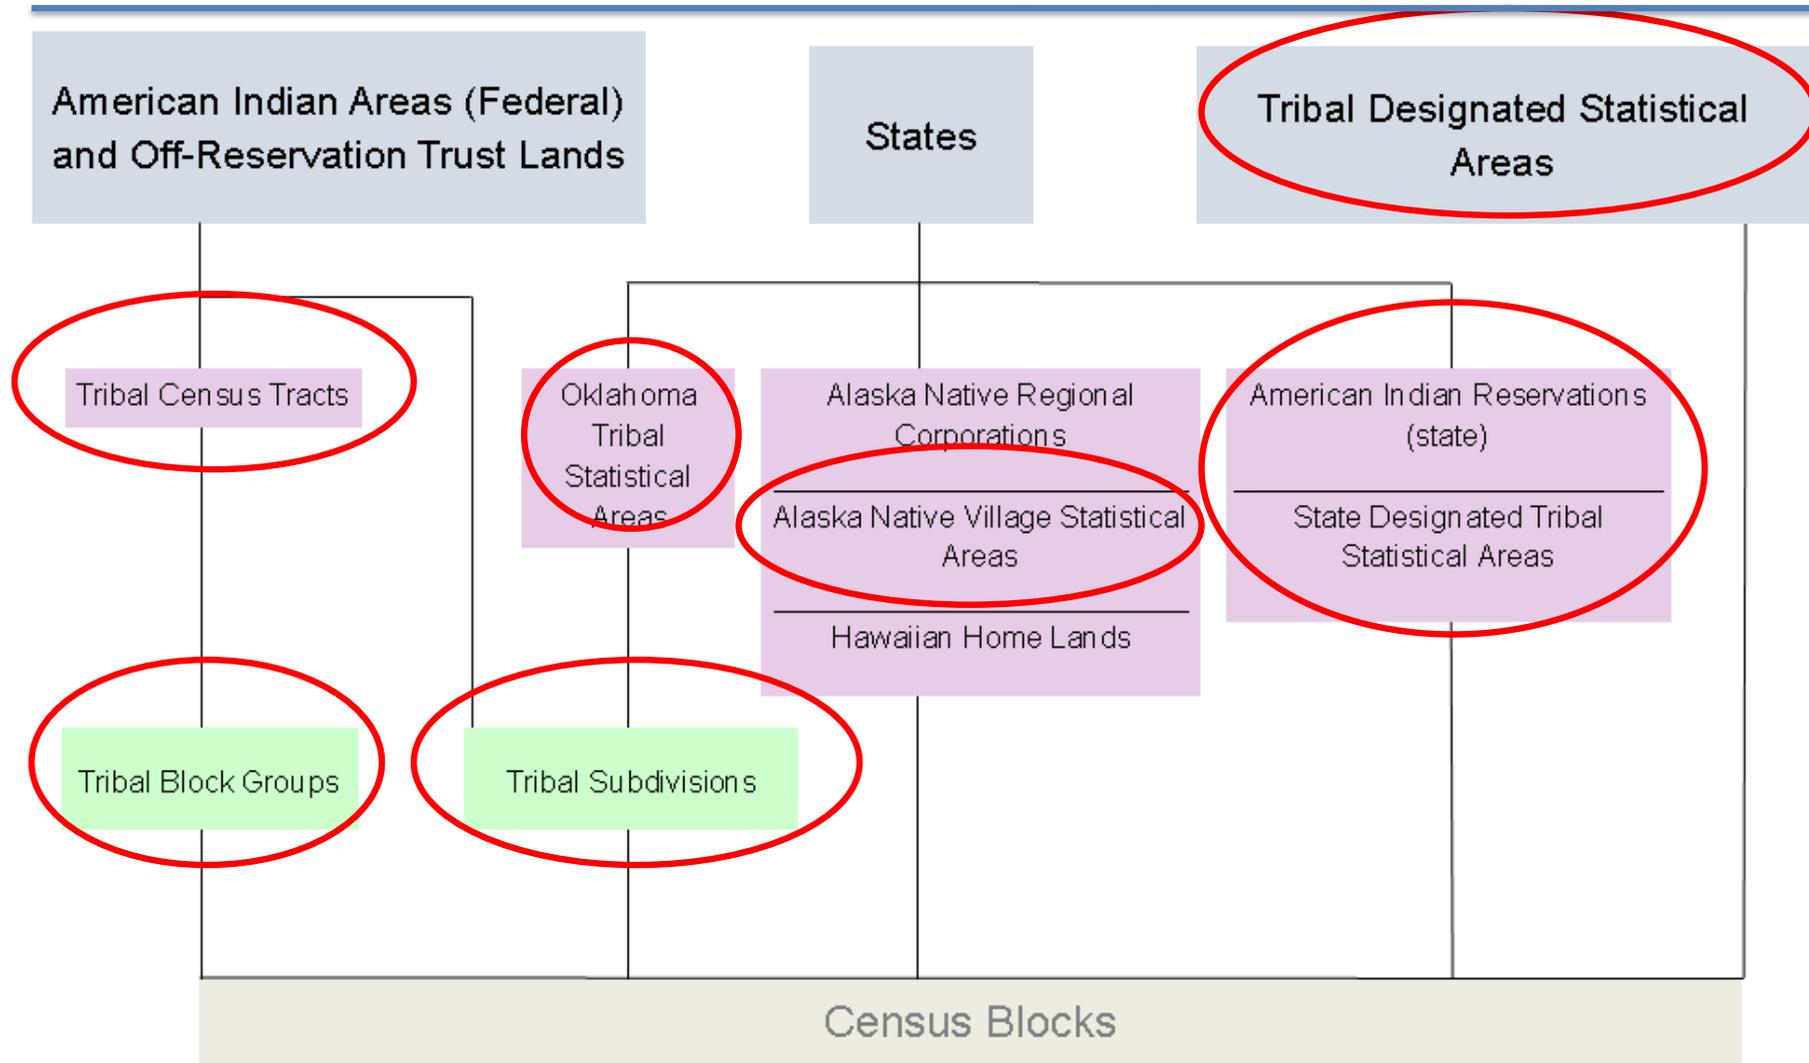

Hierarchy of American Indian, Alaska Native, and Native Hawaiian geographies

Hierarchy of American Indian, Alaska Native, and Native Hawaiian geographies

2020 PSAP criteria

- No substantial changes to criteria from 2010.
- Criteria notices for the standard statistical geographies open for comment in the *Federal Register* from 2/15/2018 – 5/14/2018.
- Statistical geographies are recognizable in:
 - Concept and purpose.
 - Coding and naming conventions.
 - Types of boundary features permitted.

New for 2020 PSAP

- Pre-SAP – Census Bureau creating suggested boundaries that meet criteria.
 - Using input throughout decade.
 - Ensuring census tracts and block groups meet criteria.
 - Accept or update our suggestions.
- Tribal Statistical Areas Program (TSAP) now part of 2020 PSAP.

PSAP schedule

Timeframe	Activity
July 2018	Census Bureau sends official invitation.
January 2019	PSAP delineation phase begins. Participants have 120 calendar days to submit updates.
January 2020	PSAP verification phase begins. Participants have 90 calendar days to review updates.
April 1, 2020	CENSUS DAY.

Frame Activities Involving Group Quarters

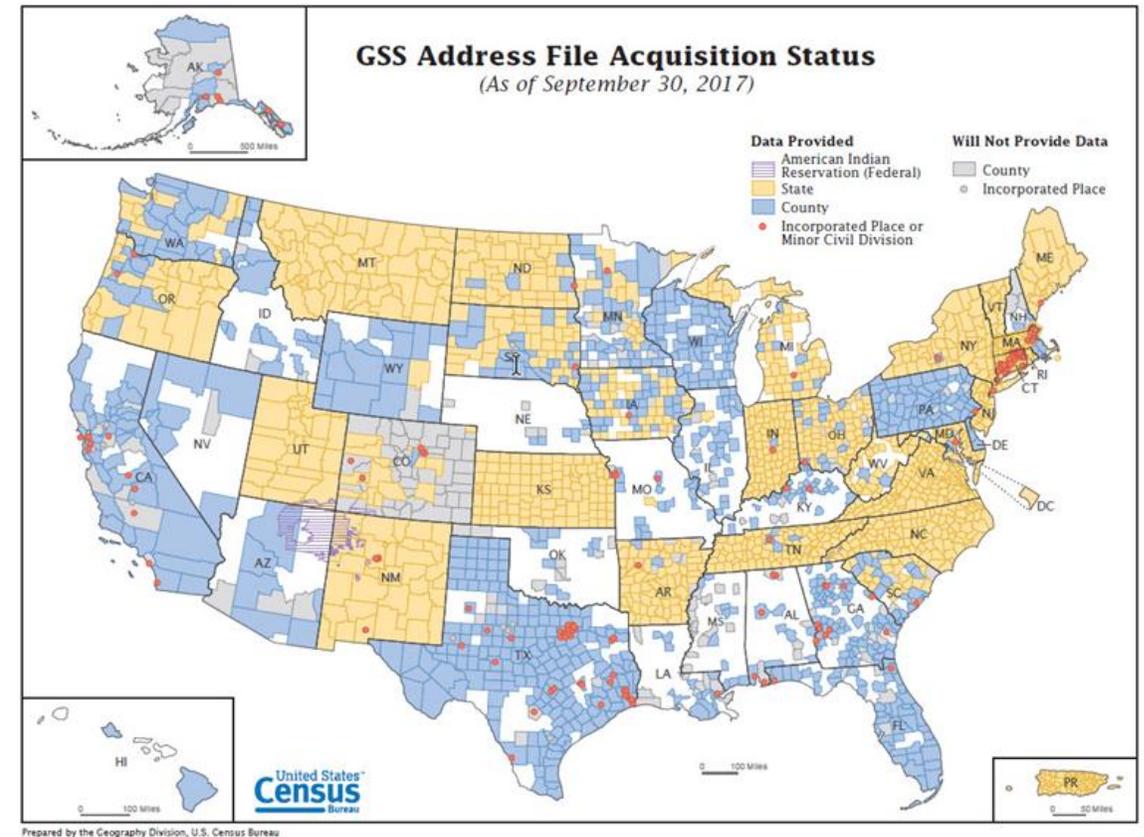

- Group Quarters Frame Update.
- Group Quarters Count Review.
- Group Quarters Census Field Operations.
 - Advanced Contact.
 - Service Based Enumeration.
 - Group Quarters Enumeration.

Other geographic programs

- Geographic Support System Partnership Program (GSS).
- New Construction.
- School District Review Program (SDRP).

Geographic Support System Partnership Program (GSS)

- Through yearly invitation and participation, tribal, state, and local governments provide:
 - Address point files.
 - Street centerline files.

GSS schedule

Timeframe	Activity
Every October – March	<i>Invite</i> tribal, state, and local governments to submit address and/or street centerline files.
Every January-September	Update MAF/TIGER database with addresses and/or street centerlines.

New Construction

- Once a decade, voluntary opportunity for tribal, state, and local governments (*where the Census Bureau mails questionnaires*) to:
 - Submit addresses with city style mailing addresses for units constructed after LUCA.
 - Addresses must be closed to the elements (i.e., basic construction completed) by April 1, 2020.

New Construction schedule

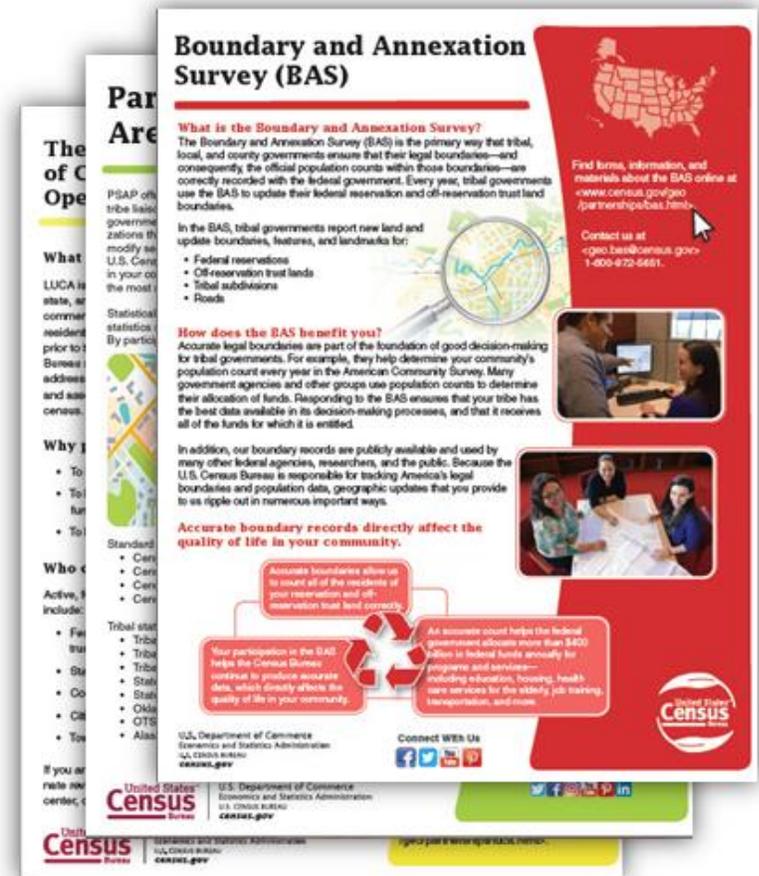

Timeframe	Activity
April – August 2019	New Construction Program starts and finishes.
April 1, 2020	CENSUS DAY.

School District Review Program (SDRP)

- Program conducted on behalf of the National Center for Education Statistics (NCES).
- State Title 1 mapping coordinators provide school district boundary updates to the Census Bureau.
- Annual program starting in late 2018.
