

U.S. Census Bureau

Automated Commercial Environment (ACE) Advanced Export Reports Mayumi Brewster, MBA Data User & Trade Outreach Branch

Agenda

- Overview of ACE Export Reports
 - Benefits & Access
 - Standard Reports (AES-201, AES-202, AES-203)
- Demonstration of:
 - Accessing Export Reports
 - Running Standard Reports
 - Creating an Ad Hoc Report
 - Modifying Report Queries and Filters
 - Scheduling a Recurring Report
- Training Resources

Overview of ACE Export Reports

- **Benefits**

- Reports are **FREE** and data is available for 5 years plus current year
- Schedule recurring reports with customizable features
 - Late File Indicator
 - Manage License Activity

- **Access**

Company vetted by U.S. Census Bureau

1. Request EIN Reports Authorization
2. Certification of Authority (COA) – exportreports@census.gov
3. Additional Verification

Overview of ACE Export Reports

- **Standard Reports**

- AES-201 Filer Transactions Report

- These are reports requested by the filer and show all export transactions where the filers' company is listed as the filing party.

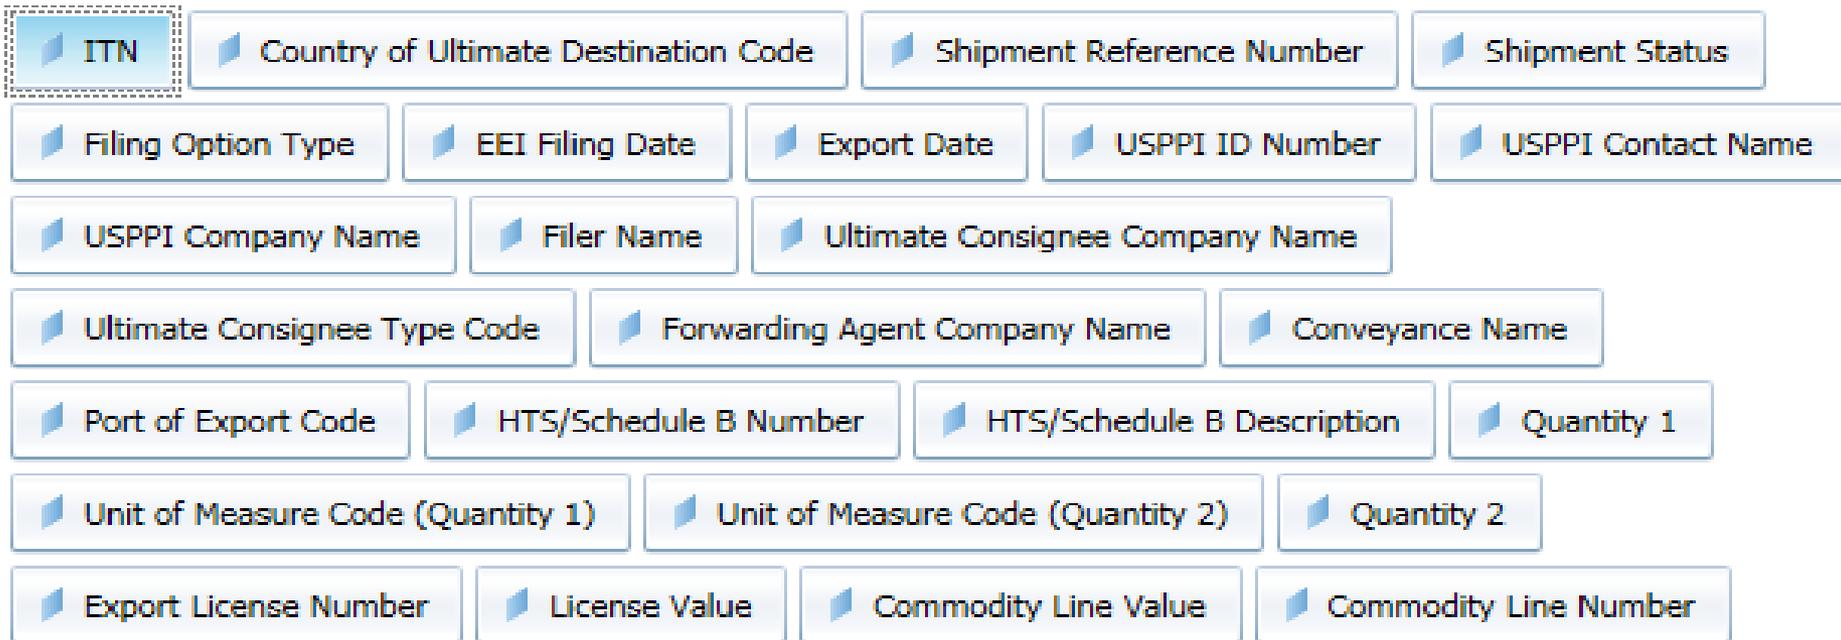

- AES-202 USPPI Transactions Report

- These are reports requested by the USPPI and show all export transactions filed on behalf of the USPPI.

- AES-203 USPPI Agent Filed Routed Transactions Report

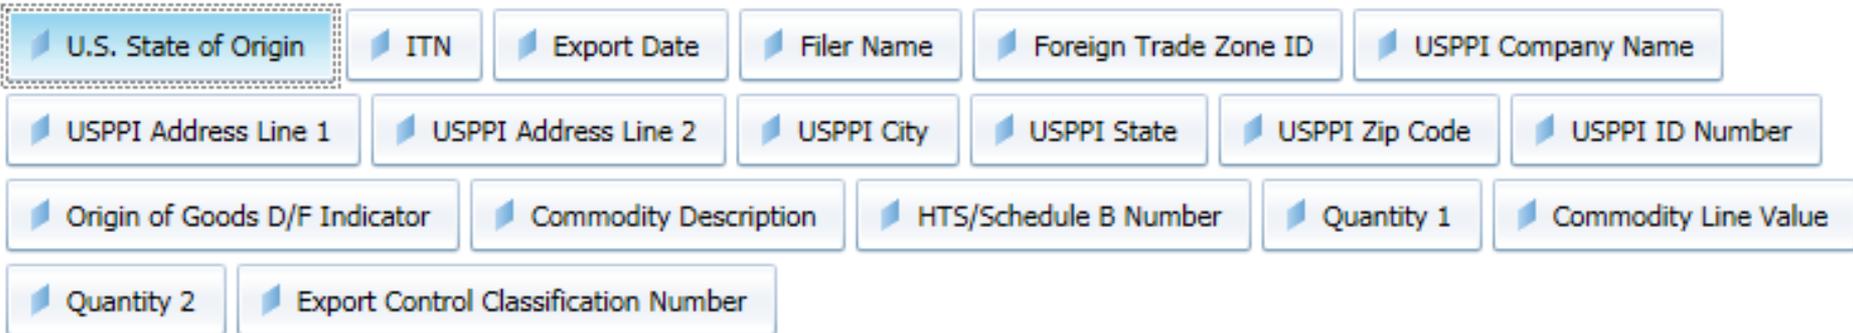

- These reports show all routed transactions filed on behalf of the USPPI.

March 10, 2017 - ATTENTION ALL ACE PORTAL USERS: ACE Portal Password Rule Changes. Due to Department of Protection (CBP) Security Policy changes, effective 3/10/2017 all Automated Commercial Environment (ACE) Secu minimum of 12-characters. As of 12:00 P.M. EST on 3/10/2017, the 12-character password requirement will be e expires or when you manually change your password. For more information about the ACE Portal Password rule c Services (CSMS) # 17-000133.

ACE Portal Home Page

Accessing ACE Export Reports

The screenshot displays the 'ACE secure data portal' for the U.S. Customs and Border Protection. The navigation bar includes 'Home', 'Inbox', 'Accounts', and 'Entry Summary'. The 'Accounts' section is active, showing a 'Task Selector' with a dropdown menu for 'Select Account Type'. The dropdown menu lists various roles: Broker, Carrier, Cartman, Consignee, Driver/Crew, Exporter (highlighted with a red box), Facility Operator, Filer, Importer, Lighterman, Protest Filer, Shipper, and Surety. A red arrow points to the 'GO' button next to the dropdown. Below the dropdown is a 'Search' field. At the bottom of the 'Task Selector' is a 'Sort by' dropdown set to '--Select--' and another 'Go' button. To the right, a 'View Top Account' section displays 'Broker' and a message: 'Please select a valid acc...'. The 'Accounts' section at the bottom right shows a printer icon.

Accessing ACE Export Reports

The screenshot displays the 'ace secure data portal' for U.S. Customs and Border Protection. The navigation bar includes 'Home', 'Inbox', 'Accounts', 'Entry Summary', and 'References'. The 'Accounts' tab is active. On the left, the 'Task Selector' shows 'Select Account Type' with a dropdown set to 'Exporter' and a 'GO' button. Below it, 'Select Task' has 'Accounts' and 'Reports' (highlighted with a red box). The 'Account Selector List' section includes 'Account List' and 'Search' tabs, and 'View Settings' with 'View By' options for 'Acct Name' and 'EIN'. On the right, a 'Launch Reports and Quickview Tool' section contains the text 'Click the launch button to access ACE Report' and 'In addition, you may print and/or download', followed by a 'Launch Reports' button. A large red arrow points to this button.

-  [View ACE Reports Training Resources](#)

Creating Ad Hoc Reports

The screenshot displays the ACE REPORTS application interface. At the top left, the text "ACE REPORTS" is visible. On the right side of the top navigation bar, the user's role "Role: PGA" and agency "Agency: Census Bureau" are shown. A search bar labeled "Search Workspaces:" is located on the left. Below it, a list of "Available Workspaces" includes "CBP", "Exports", "PGA", "Trade", "Exporter", "Training", and another "Training" entry. The main focus is a modal window titled "Create Ad Hoc Report" with a red border. This modal contains the following fields: "Universe:" with a dropdown menu currently showing "Select a Universe"; "Report Name:" with a text input field containing the placeholder "Enter Report Name (Optional)"; and "Report Description" with a larger text input field containing the placeholder "Enter Report Short Description (Optional)". At the bottom right of the modal, there are two buttons: a blue "Create Adhoc" button and a red "Close" button.

Creating Ad Hoc Reports

The screenshot displays a report viewer interface. At the top, a document tab labeled 'License Activity' is highlighted with a red box. Below the tab is a toolbar with various icons for file operations and report controls. On the right side of the toolbar, 'Reading' and 'Design' view buttons are visible, with 'Design' highlighted by a red box. A 'Navigation Map' on the left shows a tree structure with 'License Activity' expanded to show 'Main Report' and 'Report Parameters'. The main content area features the U.S. Department of Homeland Security logo, the title 'License Activity', and the text 'FOR OFFICIAL USE ONLY UNLESS OTHERWISE AUTHORIZED'. A large red message 'NO DATA FOUND' is centered in the report area. A blue and white rectangular placeholder is visible at the bottom of the report content.

Creating Ad Hoc Reports

Modifying Report Queries & Filters

The screenshot displays the 'Query Panel' interface. At the top, there is a toolbar with an 'Add Query' dropdown and several icons. On the right side of the toolbar, there are 'Run Query' and 'Close' buttons. The main area is divided into three sections:

- Universe outline:** Located on the left, it shows a tree view under 'Master perspective' with a search box containing 'Type here to filter on tl'. Below it, the 'Trade Export' folder is expanded, showing sub-folders 'EEI' and 'Date Objects'.
- Result Objects:** The central pane shows a single object, 'Port of Export Code', which is highlighted with a dashed border. Navigation arrows are visible on the left side of this pane.
- Query Filters:** Below the Result Objects, this section contains a text box with the following instruction: *To filter the query, select predefined filters or objects in the Universe pane and add them here by clicking the arrow or using drag-and-drop. Select Filter to specify the values you want returned to reports or select Prompt to define a message so users can select values of their choice.*

At the bottom of the interface, there is a 'Data Preview' section with a 'Refresh' button and a text input field labeled 'Type a text to filter the values'. The bottom status bar shows 'Query 1'.

Modifying Report Queries & Filters

The screenshot displays the 'Query Panel' interface with the following components:

- Query Panel Header:** Includes an 'Add Query' dropdown menu, a toolbar with various icons, and 'Run Query' and 'Close' buttons.
- Universe outline:** A tree view on the left showing a 'Master perspective' and a 'Trade Export' folder containing 'EEI' and 'Date Objects' sub-folders. A search box is present with the placeholder text 'Type here to filter on tl'.
- Result Objects:** A central pane containing a single object labeled 'Port of Export Code'.
- Query Filters:** A section with a descriptive text: 'To filter the query, select predefined filters or objects in the Universe pane and add them here by clicking the arrow or using drag-and-drop. Select Filter to specify the values you want returned to reports or select Prompt to define a message so users can select values of their choice.'
- Data Preview:** A section at the bottom with a 'Refresh' button and a text input field labeled 'Type a text to filter the values'.

Modifying Report Queries & Filters

The screenshot displays the 'Query Panel' application window. On the left, the 'Universe outline' pane shows a tree view under 'Trade Export' with 'EEI' expanded. 'Export Date' is highlighted in blue. The main area is divided into three sections: 'Result Objects', 'Query Filters', and 'Data Preview'. The 'Result Objects' section contains several buttons for data fields: 'Export Date', 'HTS/Schedule B Number', 'Shipment Value', 'Country of Ultimate Destination Code', 'Ultimate Consignee Country', 'Ultimate Consignee Type', 'Export Control Classification Number', 'License Type Code', 'Export License Number', 'License Value', and 'Commodity Description'. A mouse cursor is pointing at the 'Export Date' button. The 'Query Filters' section has a text box with instructions: 'To filter the query, select predefined filters or objects in the Universe pane and add them here by clicking the arrow or using drag-and-drop. Select Filter to specify the values you want returned to reports or select Prompt to define a message so users can select values of their choice.' The 'Data Preview' section is currently empty and includes a 'Refresh' button and a text input field labeled 'Type a text to filter the values'. The bottom of the window shows a tab labeled 'Query 1'.

Modifying Report Queries & Filters

The screenshot shows a software interface for generating reports. On the left is a 'Navigation Map' pane with a tree view containing 'License Activity', 'Main Report', and 'Report Parameters'. The main content area is titled 'License Activity' and features the U.S. Department of Homeland Security seal. A small blue and white bar is visible in the center of the main area. The top right corner of the main area contains the text 'FOR OFFICIAL USE ONLY UNLESS OTHERWISE A'. The interface includes a top toolbar with icons for search, zoom, and navigation, and a bottom toolbar with directional arrows.

Scheduling Reports

The screenshot displays the Microsoft Excel interface with the 'License Activity' report open. The 'Available Objects' task pane on the left lists various data fields such as 'Commodity Description', 'Country of Ultimate Destination Code', and 'Export Control Classification Number'. A red arrow points to the 'Print' icon in the ribbon. The 'Save As' dialog box is open, showing a list of folders and files. The 'File Name' field is set to 'License Activity' and the 'Save As Type' is 'Web Intelligence'. The 'Save' button is highlighted with a red box.

What are ACE Export Reports by EIN?

The Automated Commercial Environment (ACE) Export Reports are transactional export data by Employer ID Number (EIN) from the Automated Export System (AES) and are now accessible via the ACE Secure Data Portal. These reports serve as a replacement to the export data we previously provided to the filer and/or U.S. Principal Party in Interest (USPPI) per request. The information contained in these reports continues to be confidential transactional export data from the AES and should not be disclosed for nonofficial purposes per the Foreign Trade Regulations, Section 30.60

Training Resources

The screenshot displays the ACE secure data portal interface. At the top left is the logo for the ACE secure data portal. The top right navigation bar includes 'Welcome:', 'Applications', 'Preferences', 'Help menu', and 'Log off'. Below this is a secondary navigation bar with 'Home' and 'Documents' tabs. The main header area is dark blue with 'ACE REPORTS' on the left and 'Role: Exporter | Account ID' on the right. On the left side, there is a 'Search Workspaces:' input field and a table of available workspaces. The table has two columns: 'Available Workspaces' and 'Info'. It lists 'Trade' (with a sub-row for 'Exporter'), and 'Training' (with a sub-row for 'Training'). Each sub-row has an information icon. Below the table are two buttons: 'Create Ad Hoc Report' and 'View ACE Reports Training Resources', which is highlighted with a red box. On the right side, there is an 'Updates' section with three entries: '03/11/2016 - PGA Message Set - Cargo data universe deployed for Brokers and Importers', '02/16/2016 - Final cutover to new workspace model completed', and '02/16/2016 - Infrequently used public reports retired'. Below that is a 'Tips' section titled 'ACE Reports Navigation' with text explaining that users can still access reports saved to their 'My Favorites' and shared folders by clicking on the 'Documents' tab. At the bottom right of the tips section are two radio buttons, with the first one selected.

Updates

- 03/11/2016 - PGA Message Set - Cargo data universe deployed for Brokers and Importers
- 02/16/2016 - Final cutover to new workspace model completed
- 02/16/2016 - Infrequently used public reports retired

Tips

ACE Reports Navigation

Users may still access all reports saved to their **My Favorites** and shared folders by clicking on the **Documents** tab. This functionality remains the same in the new workspace model.
