Q: Will the presentation file be available somewhere or send to participants? Thanks!

A: Yes. they will be shared on the census.gov/academy
A: Yes the webinar recording and slides will be available on the Census Academy website at:
https://www.census.gov/data/academy/webinars.html

Q: Looking at Census Reporter, would it be a good place to find out more information on say, rates of Autism in a specific county, OR data on childcare needs by county?

A: Try taking a look at the National Survey of Children’s Health. Did not see this in the census reporter.

A: please complete our evaluation to let us know how we did at
https://questionweb.com/59212

Q: Is there a way to see a full list of the "days" that are acknowledged in the Stats for Stories section? Like, for the entire year? Thanks

A: There’s a list at https://nationaltoday.com/. We select the feature day and create the story with data from the Census Bureau

Q: Will this video be up somewhere after? Jotting down notes as I can but it is a lot of info

A: The webinar recording and slides will be available on the Census Academy website at: https://www.census.gov/data/academy/webinars.html
When will the Census data be released?

A: Apportionment and Redistricting data from the 2020 Census has been released and is available on census.gov. The detailed data from the 2020 Census is forthcoming.

Q: Might have missed this, but is there access to PUMS data here?

A: PUMAs were developed to be the most detailed geographic area available in the Public Use Microdata Sample (PUMS) and you would be looking for the PUMA level in censusreporter.org.
