Course: Open Mapping Education Series

MAGGIE CAWLEY

Ms. Cawley is a geospatial consultant, specializing in open source geospatial tools and education. She promotes the integration of geography into classrooms through open mapping as a key member of the TeachOSM Steering Committee. Through the OpenStreetMap US board, she supports the OpenStreetMap community and promotes education, collaboration and diversity.

Ms. Cawley holds a Certification in Geographic Information Systems from the Johns Hopkins University, a Masters in Urban and Regional Planning from Virginia Commonwealth University, and a Bachelors in International Studies from the University of Richmond

STEVEN JOHNSON

Mr. Johnson is a geographer with 30 years of applied experience with GIS and geospatial information management. He maintains a special focus on OpenStreetMap and open source GIS, promoting uses in education, community development, and citizen engagement. Through TeachOSM, he leads collaboration efforts between the OpenStreetMap project and US Federal agencies, organizes local mapping events, and conducts outreach to educational communities to diversify the OpenStreetMap community. Previously, Mr. Johnson was an early implementer of GIS for municipal administration and contributed to national and international geospatial data standards.

Mr. Johnson holds a Masters of Regional Planning from the University of North Carolina at Chapel Hill and a Bachelors of Arts from Lenoir-Rhyne College.
