

Percent of Related Children Under 18 Years Below Poverty Level in the Past 12 Months

Related children under 18 years

Source: U.S. Census Bureau, 2003 American Community Survey

Note: The chart above shows the margin of error, represented by the lower (-) and upper (+) bounds of the 90-percent confidence interval. The estimate itself is represented by the center of the confidence interval. The confidence interval gives a range of values likely to include the population true value. The smaller the confidence interval the more precise the estimate of the characteristic of interest.
