

# Average Travel Time to Work of Workers 16 Years and Over Who Did Not Work at Home (Minutes)

Workers 16 Years and Over Who Did Not Work at Home

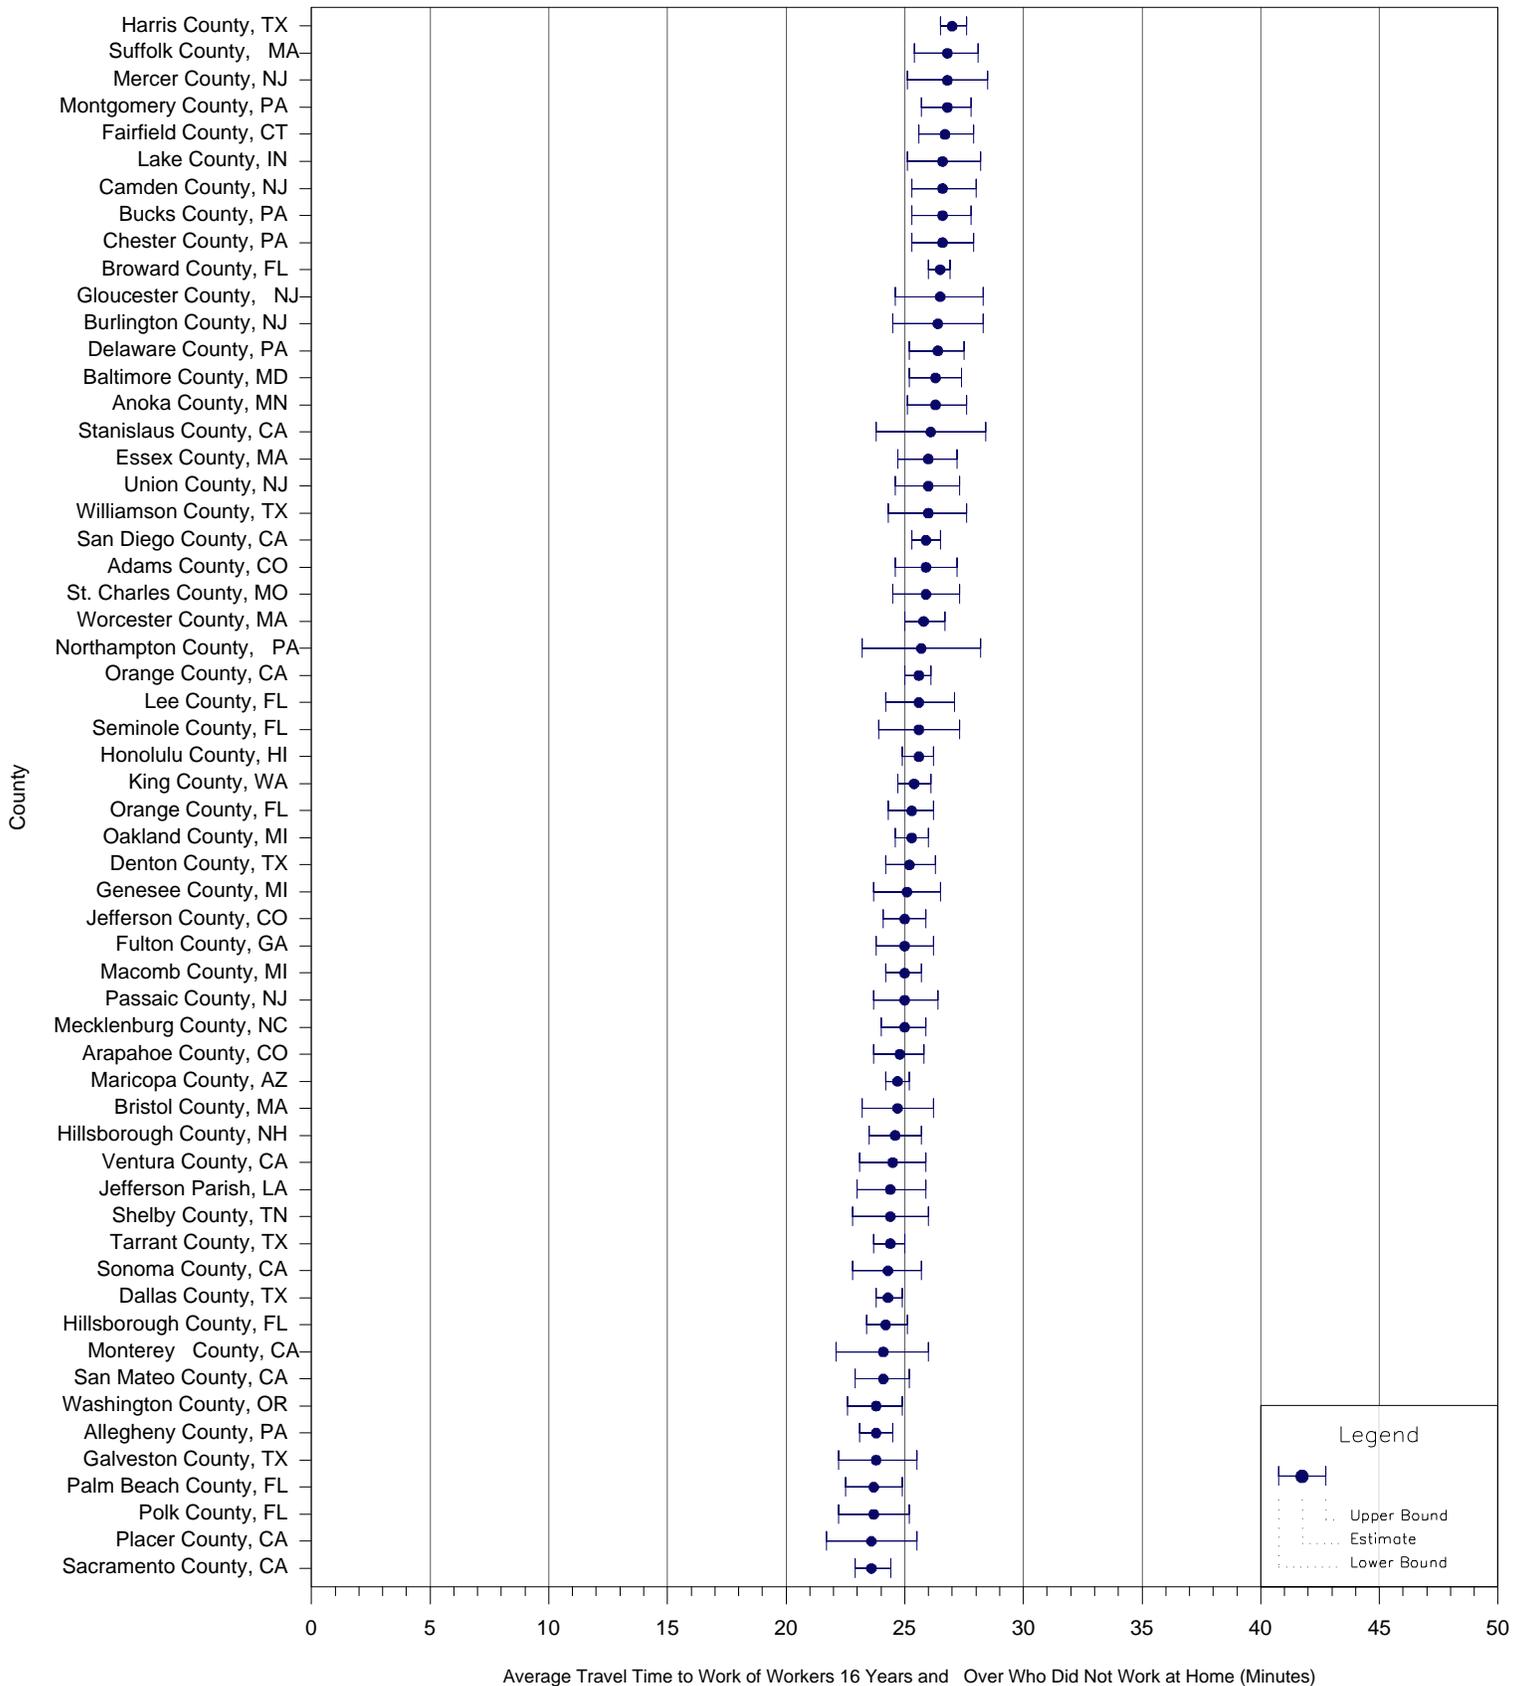

Source: U.S. Census Bureau, 2003 American Community Survey

Note: The chart above shows the margin of error, represented by the lower (-) and upper (-) bounds of the 90-percent confidence interval. The estimate itself is represented by the center of the confidence interval (●). The confidence interval gives a range of values likely to include the population true value. The smaller the confidence interval the more precise the estimate of the characteristic of interest.

# Average Travel Time to Work of Workers 16 Years and Over Who Did Not Work at Home (Minutes)

Workers 16 Years and Over Who Did Not Work at Home

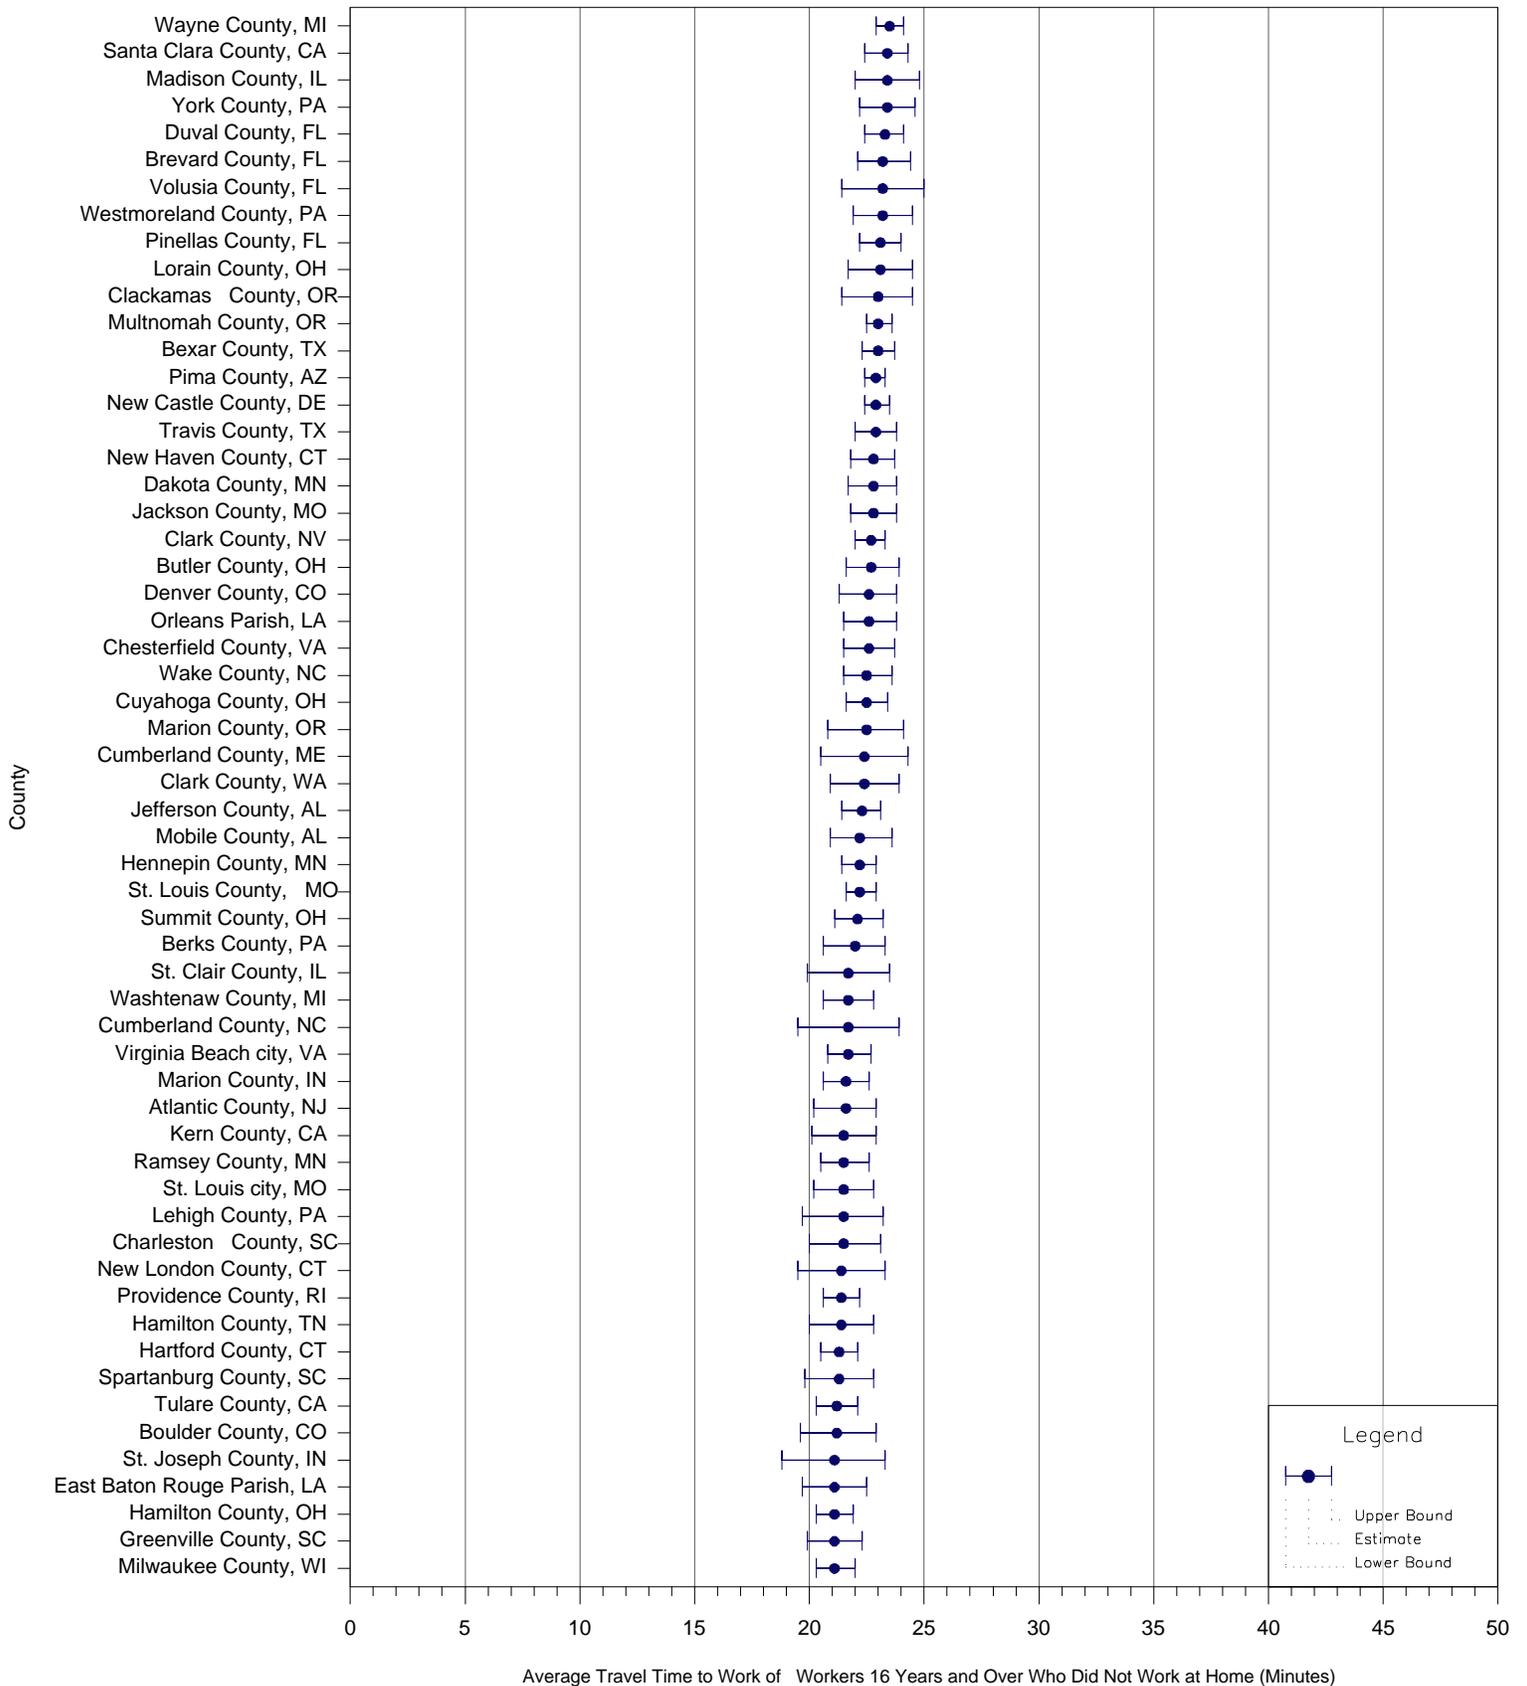

Source: U.S. Census Bureau, 2003 American Community Survey

Note: The chart above shows the margin of error, represented by the lower (l-) and upper (-) bounds of the 90-percent confidence interval. The estimate itself is represented by the center of the confidence interval (●). The confidence interval gives a range of values likely to include the population true value. The smaller the confidence interval the more precise the estimate of the characteristic of interest.
