

Percent of Children Under 18 Years Below Poverty Level in the Past 12 Months (For Whom Poverty Status is Determined)

Children under 18 years for whom poverty status is determined

Source: U.S. Census Bureau, 2003 American Community Survey

Note: The chart above shows the margin of error, represented by the lower (-) and upper (-) bounds of the 90-percent confidence interval. The estimate itself is represented by the center of the confidence interval (•). The confidence interval gives a range of values likely to include the population true value. The smaller the confidence interval the more precise the estimate of the characteristic of interest.
