No. 15.—DENSITY OF POPULATION PER SQUARE MILE AT EACH CENSUS, 1790 TO 1900: BY STATES AND TERRITORIES.

[From reports of the Bureau of the Census, Department of Commerce and Labor.]

[NOTE.—In computing density of population for the United States, the areas and population of Alaska and Hawaii in 1900, of Alaska in 1890, and of Indian Territory in 1860, 1870, and 1880 are not considered. The area of Indian reservations, outside of Indian Territory, is included in the area of the States and Territories in which they are severally situated, and in that of the United States prior to 1890, although the population of these Indian reservations was not ascertained, and for this reason can not be considered in figuring density of population at the censuses prior to 1890.]
