[2] Figures of 1899 cover the period from Aug. 20, 1898, to June 30, 1899, and subsequent figures cover fiscal years.
[3] The marked discrepancy between the United States figures of exports to the Philippine Islands and the Philippine figures of imports from the United States in corresponding periods is due chiefly to the fact that the Philippine import figures omit merchandise imported free of duty for the use of the Government or for use in construction and equipment of railways in the islands, under the act of Feb. 6, 1905, while the United States returns omit only government supplies carried by government vessels.
