*Sex not given; included in the aggregate of counties.

† *Nevada county.*—"3,886" "foreign residents over 21 years" are Chinese, not separated as to sex, included in the aggregate.

‡ *Placer county.*—The aggregate includes 3,019 Chinese, not given in preceding columns.

§ *Sacramento county.*—In the aggregate are included 804 Chinese, not in the other columns.

‖ It is not stated if these Indians are domesticated; as is also the case in some other instances.

¶ *Yuba county.*—The aggregate includes 2,100 Chinese, not given in the preceding columns.

** The aggregate, as published in the California State report, differs very much from the above, although the same detailed work was used in both cases. The following are the State figures: Total population of California 224,435—county of Butte, 8,572; Calaveras, 20,192; Colusi, 620; Contra Costa, 2,745; *El Dorado not returned; Klamath, 530; Los Angeles, 7,831; Marin, 1,036; Mariposa, 8,969; Mendocino, 416; Monterey, 2,728; Napa, 2,116; Nevada, 21,365; Placer, 10,784; Sacramento, 12,589; San Diego, 2,932; San Joaquin, 5,029; San Francisco, 36,151; San Luis Obispo, 984; Santa Clara, 6,664; Santa Cruz, 1,219; Santa Barbara, 2,131; Shasta, 4,050; Sierra, 4,855; Siskiyou, 2,240; Solano, 2,835; Sonoma, 2,337; Sutter, 1,207; Trinity, 1,764; Tuolumne, 17,657; Tulare, 8,575; Yolo, 1,307; Yuba, 22,005. There are many inconsistencies in the aggregates, and it has been almost impossible to frame a table from them. The best, however, has been done; and great labor and pains have been expended upon the work.

* El Dorado, one of the most populous counties in the State, is presumed to contain 40,000 inhabitants, which gives the entire population of the State at 264,435, (included in our aggregate of 255,122.)
