[1] The schedule for 1929 did not specifically mention hides, bees, beeswax, fur-bearing animals (kept in captivity) or the pelts of such fur-bearing animals. [2] Excludes value for poultry, bees, and fur-bearing animals, sold or traded. [3] For 1939, includes farms with usable reports for value of farm products sold, traded, or used by farm households; but excludes farms with no products sold, traded, or used by farm households, and, also, unclassified farms. For 1929, includes reports for farms classified by type, regardless of whether or not farm products were reported sold, traded, or used by farm households; but excludes greenhouses, nurseries, and apiaries, as well as other unclassified farms (see text). [4] Not available. [5] Receipts from boarders, lodgers, etc., not included in value for farm products sold, traded, or used by farm households. [6] Value of sales for maple sirup and sugar included with "Forest products" in 1939, but with "All crops" in 1929. [7] Value of sales for Irish and sweet potatoes included with "Field crops," not with "Vegetables." [8] The number of farms reporting "Horticultural specialties" shown in this table includes only those reporting sales in 1939. The number of farms reporting "Any horticultural specialties" shown in County table XIII (vol. I) includes, in addition, farms reporting areas devoted to these crops but having no sales in 1939 (see text).

For 1929, includes reports for farms classified by type, regardless of whether or not farm products were reported sold, traded, or used by farm households; but excludes greenhouses, nurseries, and apiaries, as well as other unclassified farms (see text).

[2] The schedule did not specifically mention hides, bees, beeswax, fur-bearing animals (kept in captivity) or the pelts of such fur-bearing animals.

[3] Excludes poultry, bees, and fur-bearing animals.

[4] Value of sales for maple sirup and sugar included with "Forest products" in 1939 but with "Crops" in 1929.

[5] The value of sales for Irish and sweet potatoes included with "Field crops," not with "Vegetables."
[6] The number of farms reporting "Horticultural specialties" shown in this table includes only those reporting sales in 1939. The number of farms reporting "Any horticultural specialties" shown in County table XIII (vol. I) includes, in addition, farms reporting areas devoted to these crops but having no sales in 1938 (see text).
[7] Where there are less than 3 farms reporting, data are included only in the State totals.
[8] Less than one-tenth of 1 percent.

[1] For 1939, includes farms with usable reports for value of farm products sold, traded, or used by farm households; but excludes farms with no products sold, traded, or used by farm households, and, also, unclassified farms. For 1929, includes reports for farms classified by type, regardless of whether or not farm products were reported sold, traded, or used by farm households; but excludes greenhouses, nurseries, and apiaries, as well as other unclassified farms (see text).

[2] The schedule did not specifically mention hides, bees, beeswax, fur-bearing animals (kept in captivity) or the pelts of such fur-bearing animals.

[3] Excludes poultry, bees, and fur-bearing animals.

[4] Value of sales for maple sirup and sugar included with "Forest products" in 1939 but with "Crops" in 1929.

[5] The value of sales for Irish and sweet potatoes included with "Field crops," not with "Vegetables."
[6] The number of farms reporting "Horticultural specialties" shown in this table includes only those reporting sales in 1939. The number of farms reporting "Any horticultural specialties" shown in County table XIII (vol. I) includes, in addition, farms reporting areas devoted to these crops but having no sales in 1939 (see text).
[7] Where there are less than 3 farms reporting, data are included only in the State totals.
[8] Less than one-tenth of 1 percent.

[2]The schedule did not specifically mention hides, bees, beeswax, fur-bearing animals (kept in captivity) or the pelts of such fur-bearing animals.

[3]Excludes poultry, bees, and fur-bearing animals.

[4]Value of sales for maple sirup and sugar included with "Forest products" in 1939 but with "Crops" in 1929.

[5] The value of sales for Irish and sweet potatoes included with "Field crops," not with "Vegetables."
[6] The number of farms reporting "Horticultural specialties" shown in this table includes only those reporting sales in 1939. The number of farms reporting "Any horticultural specialties" shown in County table XIII (vol. I) includes, in addition, farms reporting areas devoted to these crops but having no sales in 1939 (see text).
[7] Where there are less than 3 farms reporting, data are included only in the State totals.
[8] Less than one-tenth of 1 percent.

[5] The value of sales for Irish and sweet potatoes included with "Field crops," not with "Vegetables."
[6] The number of farms reporting "Horticultural specialties" shown in this table includes only those reporting sales in 1939. The number of farms reporting "Any horticultural specialties" shown in County table XIII (vol. I) includes, in addition, farms reporting areas devoted to these crops but having no sales in 1939 (see text).
[7] Where there are less than 3 farms reporting, data are included only in the State totals.
[8] Less than one-tenth of 1 percent.

For 1929, includes reports for farms classified by type, regardless of whether or not farm products were reported sold, traded, or used by farm households; but excludes greenhouses, nurseries, and apiaries, as well as other unclassified farms (see text).

[2] The schedule did not specifically mention hides, bees, beeswax, fur-bearing animals (kept in captivity) or the pelts of such fur-bearing animals.

[3] Excludes poultry, bees, and fur-bearing animals.

[4] Value of sales for maple sirup and sugar included with "Forest products" in 1939 but with "Crops" in 1929.

[5] The value of sales for Irish and sweet potatoes included with "Field crops," not with "Vegetables."
[6] The number of farms reporting "Horticultural specialties" shown in this table includes only those reporting sales in 1939. The number of farms reporting "Any horticultural specialties" shown in County table XIII (vol. I) includes, in addition, farms reporting areas devoted to these crops but having no sales in 1939 (see text).
[7] Where there are less than 3 farms reporting, data are included only in the State totals.
[8] Less than one-tenth of 1 percent.

[1] For 1939, includes farms with usable reports for value of farm products sold, traded, or used by farm households; but excludes farms with no products sold, traded, or used by farm households, and, also, unclassified farms. For 1929, includes reports for farms classified by type, regardless of whether or not farm products were reported sold, traded, or used by farm households; but excludes greenhouses, nurseries, and apiaries, as well as other unclassified farms (see text). [2] The schedule did not specifically mention hides, bees, beeswax, fur-bearing animals (kept in captivity) or the pelts of such fur-bearing animals. [3] Excludes poultry, bees, and fur-bearing animals. [4] Value of sales for maple sirup and sugar included with "Forest products" in 1939 but with "Crops" in 1929. [5] The value of sales for Irish and sweet potatoes included with "Field crops," not with "Vegetables." [6] The number of farms reporting "Horticultural specialties" shown in this table includes only those reporting sales in 1939. The number of farms reporting "Any horticultural specialties" shown in County table XIII (vol. I) includes, in addition, farms reporting areas devoted to these crops but having no sales in 1939 (see text). [7] Where there are less than 3 farms reporting, data are included only in the State totals. [8] Less than one-tenth of 1 percent.

[1] In some cases figures are shown only for the principal products under each major-source class; therefore, the summation of the values for the individual products may not equal the total for "All farm products." [2] All farm products sold, traded, or used by farm households. [3] Excludes poultry, bees, and fur-bearing animals. [4] Value data not shown where there are less than 3 farms reporting for a major source of income class or for an individual product. [5] Less than one-tenth of 1 percent.

[1] In some cases figures are shown only for the principal products under each value group; therefore, the summation of the values for the individual products may not equal the total for "All farm products." [2] Excludes farms with no products sold, traded, or used by farm households (see County table XVIII). [3] Excludes poultry, bees, and fur-bearing animals. [4] Value data not shown where there are less than 3 farms reporting for a value group or for an individual product. [5] 1939 county figures not shown for less than 3 farms in maximum value group or groups.

[1] The schedule for 1929 did not specifically mention hides, bees, beeswax, fur-bearing animals (kept in captivity) or the pelts of such fur-bearing animals. [2] Excludes value for poultry, bees, and fur-bearing animals, sold or traded. [3] For 1939, includes farms with usable reports for value of farm products sold, traded, or used by farm households; but excludes farms with no products sold, traded, or used by farm households, and, also, unclassified farms. For 1929, includes reports for farms classified by type, regardless of whether or not farm products were reported sold, traded, or used by farm households; but excludes greenhouses, nurseries, and apiaries, as well as other unclassified farms (see text). [4] Not available. [5] Receipts from boarders, lodgers, etc., not included in value for farm products sold, traded, or used by farm households. [6] Value of sales for maple sirup and sugar included with "Forest products" in 1939, but with "All crops" in 1929. [7] Value of sales for Irish and sweet potatoes included with "Field crops," not with "Vegetables." [8] The number of farms reporting "Horticultural specialties" shown in this table includes only those reporting sales in 1939. The number of farms reporting "Any horticultural specialties" shown in County table XIII (vol. I) includes, in addition, farms reporting areas devoted to these crops but having no sales in 1939 (see text).

[1]For 1939, includes farms with usable reports for value of farm products sold, traded, or used by farm households; but excludes farms with no products sold, traded, or used by farm households, and, also, unclassified farms. For 1929, includes reports for farms classified by type, regardless of whether or not farm products were reported sold, traded, or used by farm households; but excludes greenhouses, nurseries, and apiaries, as well as other unclassified farms (see text). [2]The schedule did not specifically mention hides, bees, beeswax, fur-bearing animals (kept in captivity) or the pelts of such fur-bearing animals. [3]Excludes poultry, bees, and fur-bearing animals. [4]Value of sales for maple sirup and sugar included with "Forest products" in 1939 but with "Crops" in 1929. [5]The value of sales for Irish and sweet potatoes included with "Field crops," not with "Vegetables." [6]The number of farms reporting "Horticultural specialties" shown in this table includes only those reporting sales in 1939. The number of farms reporting "Any horticultural specialties" shown in County table XIII (vol. I) includes, in addition, farms reporting areas devoted to these crops but having no sales in 1939 (see text). [7]Where there are less than 3 farms reporting, data are included only in the State totals. [8]Less than one-tenth of 1 percent.

[1] For 1939, includes farms with usable reports for value of farm products sold, traded, or used by farm households; but excludes farms with no products sold, traded, or used by farm households, and, also, unclassified farms. For 1929, includes reports for farms classified by type, regardless of whether or not farm products were reported sold, traded, or used by farm households; but excludes greenhouses, nurseries, and apiaries, as well as other unclassified farms (see text).

[2] The schedule did not specifically mention hides, bees, beeswax, fur-bearing animals (kept in captivity) or the pelts of such fur-bearing animals.

[3] Excludes poultry, bees, and fur-bearing animals.

[4] Value of sales for maple sirup and sugar included with "Forest products" in 1939 but with "Crops" in 1929.

[5] The value of sales for Irish and sweet potatoes included with "Field crops," not with "Vegetables."
[6] The number of farms reporting "Horticultural specialties" shown in this table includes only those reporting sales in 1939. The number of farms reporting "Any horticultural specialties" shown in County table XIII (vol. I) includes, in addition, farms reporting areas devoted to these crops but having no sales in 1939 (see text).
[7] Where there are less than 3 farms reporting, data are included only in the State totals.
[8] Less than one-tenth of 1 percent.

For 1929, includes reports for farms classified by type, regardless of whether or not farm products were reported sold, traded, or used by farm households; but excludes greenhouses, nurseries, and apiaries, as well as other unclassified farms (see text).

[2] The schedule did not specifically mention hides, bees, beeswax, fur-bearing animals (kept in captivity) or the pelts of such fur-bearing animals.

[3] Excludes poultry, bees, and fur-bearing animals.

[4] Value of sales for maple sirup and sugar included with "Forest products" in 1939 but with "Crops" in 1929.

[5] The value of sales for Irish and sweet potatoes included with "Field crops," not with "Vegetables."
[6] The number of farms reporting "Horticultural specialties" shown in this table includes only those reporting sales in 1939. The number of farms reporting "Any horticultural specialties" shown in County table XIII (vol. I) includes, in addition, farms reporting areas devoted to these crops but having no sales in 1939 (see text).
[7] Where there are less than 3 farms reporting, data are included only in the State totals.
[8] Less than one-tenth of 1 percent.

[2] All farm products sold, traded, or used by farm households. [3] Excludes poultry, bees, and fur-bearing animals. [4] Value data not shown where there are less than 3 farms reporting for a major source of income class or for an individual product. [5] Less than one-tenth of 1 percent.

[1] In some cases figures are shown only for the principal products under each value group; therefore, the summation of the values for the individual products may not equal the total for "All farm products." [2] Excludes farms with no products sold, traded, or used by farm households (see County table XVIII). [3] Excludes poultry, bees, and fur-bearing animals. [4] Value data not shown where there are less than 3 farms reporting for a value group or for an individual product. [5] 1939 county figures not shown for less than 3 farms in maximum value group or groups.

[1] In some cases figures are shown only for the principal products under each value group; therefore, the summation of the values for the individual products may not equal the total for "All farm products." [2] Excludes farms with no products sold, traded, or used by farm households (see County table XVIII). [3] Excludes poultry, bees, and fur-bearing animals. [4] Value data not shown where there are less than 3 farms reporting for a value group or for an individual product. [5] 1939 county figures not shown for less than 3 farms in maximum value group or groups.
