No. 578.—ESTIMATED VALUE OF 22 CROPS AND OF ALL CROPS: BY STATES

[NOTE. [illegible] ulation gives the estimated total value of 22 crops—corn, wheat, oats, barley, rye, [illegible] rice, potatoes, sweet potatoes, all hay, tobacco, lint cotton, beans, broomcorn, grai[illegible] anges, cloverseed, peanuts, cranberries, and apples, in 1919 (census), 1924, and 1925; [illegible] ps in 1919 (census); and the calculated value of all crops in 1924 and 1925, based upon ratio of the 22 crops to all crops in census year. The slight differences in the total value of crops in the United States between Table 530 and this table are due to different methods of estimating. In this table, where each State is shown separately, a more detailed method is used than is practicable in Table 530]
