

Disclosure Review Board Minutes  
4/4/05

1. IRS tables

These were approved.

2. STP\_267 County to County Migration

This was approved. The data will be rounded as all Census 2000 special tabulations. There must be at least 3 unweighted cases from different households in the flow for the data to be shown.

3. ACS base table changes

There is a concern about the place of work tables. There are many that are mode of transportation by some other variable. If only 1 person has a particular mode of transportation in a given area, then you could reconstruct a microdata record for that person. (b) (6) will relay our concern, and we will wait for a revised proposal.

4. 2002 2003 ACS Regional Median Rent Data

This was approved the previous Tuesday via e-mail.
