

Disclosure Review Board Minutes  
3/30/09

1. (b) (6) ACS Request

She will make sure that all codes are available on the PUMS. If they are, then this request is approved. The data will be rounded as all ACS special tabulations.

2. STP\_389 (b) (6)

This was approved. The request was later modified to include enrolled/not enrolled in addition to age, race, and poverty (still approved).

3. New Construction Request

Part 2. was approved via email. There were some questions about Part 1. For Tables 5 and 7, wouldn't the bottom right hand values be 0? What does the "Marble Hill in the Bronx" footnote mean, and is the area treated consistently in all tables? What is the cut off for the "Too few households to report" footnote? DRB rules for medians must be applied.

4. NCVS Quarters 3 and 4, 2008 PUF

This was approved. Dollar amounts and numbers of hours must be topcoded.
