

Disclosure Review Board Minutes
5/4/09

1. NYC HUD Map from (b) (6)

This was approved. Previous threshold rules will be used (areas with 2 or fewer sample cases will be shaded as “no data”).

2. Re-release of SIPP 2004 Panel Wave 7

This was tabled. (b) (6) will attend next week’s meeting to answer questions about the tables. Please send any questions on this request to (b) (6).

3. ACS Task Order 13 Recruitment Protocols

This was approved as long as the EM00XXXXX variables do not identify individuals. (b) (6) confirmed this with (b) (6) after the meeting.

4. 2008 NYCH&VS – SRO Survey

This was approved.

5. 2008 COFA Table

This was approved. (b) (6) will check with (b) (6) to see if these data should be rounded.

6. ACS Multi-year PUMS and I&O Codes

There are no problems with Class of Worker and Industry (codes have not changed or have been combined). We suggest the same be done for Occupation if possible. If not, we will need to review the new codes, and how new and old codes might overlap (possibly creating small “slivers” of data).

7. ACS Data for New Orleans Central City

This was approved.

8. STP_389 (b) (6) --- Revision

This was approved.

9. ACS 2007 Race of Foreign Born

This was approved.

10. (b) (6) Request for Designated Market Areas

There must be at least 3 unweighted households in each geographic area for each language in the sample

11. Synthetic LBD

(b) (6) gave us his plan on what he will present over the next few weeks. Please send any questions on this item to (b) (6)
