

Disclosure Review Board Minutes
9/14/09

1. ACS noise for age PUMS issue

The 2008 data must be re-run to correct a problem. The DRB addendum to the checklist needs to be modified. Details are not included here because the information is Census Confidential. (b) (6) will draft a modification and snail mail it to members for comments.

2. Health insurance working paper

This was approved.

3. Demographic profile

This was approved. Medians or other quantiles will be calculated as an interpolation from a frequency distribution of unrounded data. Aggregates and means will be based on at least 3 unweighted observations.

4. NCVS PUF

This was approved.

5. ACS PUMS 06-08 part 2

This was approved.

6. ACS 06-08 language table

This was approved.
