Specified Officials i. Deputy Director of Policy Nathaniel Cogley ii. Senior Advisor to the Deputy Director Adam Korzeniewski. In an effort to accommodate the Census Bureau and reduce the number of potentially responsive records to be processed and produced, American Oversight has limited its request to emails sent by Mr. Cogley and Mr. Korzeniewski. To be clear, however, American Oversight still requests that complete email chains be produced, displaying both sent and received messages. This means, for example, that both Mr. Cogley's response to an email from a responsive email address and the initial received message are responsive to this request and should be produced.	8/10/2020	9/29/2020	La Von Brown	8/31/2020	No Records

85	DOC-CEN-2020-001644	FOIA	(b) (6)	Census	I have reasonable concerns that, as a Census employee, the contractor, of whom I do not know, that was tasked with setting up the Decennial Service Center (DSC) is using prison labor in at least one of the call center locations. While I understand that many of the technical staff are based in specific offices, or at the headquarters in Suitland, I believe that some of the call center employees are prisoners. When I called the DSC number to inquire about a technical issue with online NRFU training, they asked me to use the callback service due to high volume. I missed their callback but later responded; however I did notice that the call came from an Oakdale, Louisiana number. Oakdale, Louisiana, beyond being very small, is very unusual in that it also contains a low-security correctional facility, which are increasingly being used for call center purposes by private companies and nonprofits. I was wondering with this FOIA request, who the contractor is that received the bid, and if they are using prison labor to staff at least one of the DSC call centers.	7/30/2020		Erika Hawkins	9/3/2020	No Records
86	DOC-CEN-2020-001640	FOIA	(b) (6)		I would like to receive the metadata of all research proposals using confidential/restricted access data approved to be carried out in the Center for Economic Studies and in the Federal Statistical Data Center network, from its inception up to 2019 included. For each project approved, I would need the abstract describing the project, the name of the confidential datasets employed in the project (e.g. LEHD, Longitudinal Business Database, etc), the names and affiliation of all the researchers making the proposal, the precise dates of beginning and end of the project, as well as the specific FRDC locations (including the CES headquarters) where the data where physically accessed and the projects carried out. If possible, also a complete list of Sworn Status Employees attached to each approved project would be useful, given that some projects can have people performing analyses with confidential data without being listed on the proposal as investigators. I would need those information for all project terminated by 2019 included; also projects carried out by approved researchers at the CES headquarters before and after the enlargement of the FDRC network would be included in my request. Please let me know in case you need further details on my request. This information would be crucially employed for my doctoral dissertation research. Sincerely (b) (6)	7/30/2020		Shauvez Bennett

					<p>This is a request under the Freedom of Information Act. I am a reporter with The Center for Investigative Reporting (henceforth "CIR") seeking copies of the following documents:</p> <p>• All so-called "Flagged Tickets" the Census Bureau has received, discussed, addressed or resolved between Jan. 1, 2019 and the date of this request.</p> <p>• All communications related to the Census Bureau's handling of so-called "Flagged Tickets" between Jan. 1, 2019 and the date of this request.</p> <p>• All documents related to the Census Bureau's internal policies for handling "Flagged Tickets."</p> <p>• A list of names and contact information for all Census Bureau employees who are tasked with addressing "Flagged Tickets."</p> <p>The bureau's use of this "Flagged Tickets" system was confirmed, and therefore publicly acknowledged, via a FOIA request submitted by CIR reporter Will Carless on Feb. 7, 2020. In response to Carless's request, the bureau provided four pages of "Flagged Tickets" reports, spanning a narrow timeframe in March 2020. For reference, I have attached Carless's initial FOIA request, as well as all of the "Flagged Tickets" records the Census Bureau provided in response to it (please reference pages 127-130 in the attached response document).</p>

					<p>The request is for the list (or data in whatever format it currently exists) of addresses in Plano, TX Census Tract 316.37 for which no Census 2020 self-response has been received. Since this request is NOT for any individual identifiable data or for any data collected as a part of the census, the request should not be violating any data privacy requirements. An electronic file format returned to my email address is fine.</p> <p>For reference, census bureau data posted this afternoon, 30 April 2020 shows a 78.3% self-response level for the 316.37 census tract. The request is for the list of addresses making up the remaining 21.7% where there has not been a response. Based upon the 2,257 residential housing unit addresses in our census tract, the list is anticipated to be roughly 490 addresses minus those that additionally respond before this request is fulfilled.</p> <p>Attached is my completed and signed Certification of Identity (BC-300) form.</p> <p>Please let me know if there are any questions or if something additional is required. The information requested should allow use of our social media connections to obtain a physical contact free more complete census response.</p> <p>Thanks!</p>

					<p>Dear US Census Bureau,</p> <p>I would like to request information pertaining to changes in the racial category "American Indian or Alaska Native" on the U.S. Census and the American Community Survey. In the 2010 Census and in the ACS through 2019, the English survey form called this category "American Indian or Alaska Native." Similarly, the Spanish form used "India americana o nativa de Alaska." The 2020 Census featured significant changes to this category. The Spanish form for the 2020 Census reads "IndÃ©gena de las AmÃ©ricas o nativa de Alaska" and expands the category to include "maya" and "azteca" in addition to tribes located within the U.S. The English form retains "American Indian or Alaska Native," but adds "Maya" and "Aztec" as examples. I am requesting documents pertaining to 1) the Census Bureau's decision-making process for adding Mexican and Central American indigenous groups to "Native American," 2) what the Bureau believes the consequences of this change will be and 3) why the Spanish language form featured more dramatic changes from "India Americana" to "IndÃ©gena de las AmÃ©ricas" when compared with the English language census form. I have attached copies of the 2010 Census, 2019 ACS and 2020 Census with the relevant section highlighted for reference.</p> <p>Thank you, Henry E. Gorton</p>

238	DOC-CEN-2020-000934	FOIA	Mr. Luca A Powell	Quartz	<p>We are requesting documents related to the Census pandemic preparedness. In a statement on February 25th, 2020, Census Director Dillingham said the Census bureau was prioritizing the safety of the american public and his employees. He also said that he was working with the CDC and that the Census has procedural measures which anticipate pandemics. As such, we are requesting:</p> <p>- Email correspondence between the Census Bureau and the CDC on the topic of pandemic, epidemic, or coronavirus anticipation and preparedness. The dates for these should be between February 1st up to the present, or as near to the present as is possible.</p> <p>- Documentation of the Census' procedural guidelines for employees of the Census in the case of an epidemic or pandemic. Dates for these can extend back to January 1st, 2018. Please include any older or documentation of these procedural guidelines, as well as the most recent version of epidemic/pandemic response.</p> <p>Thank you, Luca</p>	3/12/2020		Sharel Miller

					I would like to formally request all gis data (shapefile, geojson, csv, etc) for census boundaries for the country of Nigeria. The data I want is for administrative boundaries, including all admin 1, 2, 3, and any lower level boundaries, including settlements. I would like all attributes associated with the data (name of location, population information, etc). I would like the data that the Nigerian government has shared with your team. I do not want the SMEs to tell me to download data from the President's Emergency Plan for AIDS Relief program, as that is not the data. I believe this data was obtained by your agency in the past to build an international gis populations dataset. 					<p>Please email the documents as the date is rapidly approaching for the hearing November 7, 2019. I would not imagine that there would be volumes of information but merely perhaps spreadsheet or few pages. Please, please hurry.</p> <p>I was hired as an enumerator and selected as a Crew Leader Assistant on the first day. I need the names of my co workers that will be witnesses as well for subpoenas.</p> <p>Please expedite this as I need these records for this civil harassment hearing coming up November 7 2019 against this violent man.</p> <p>Employment Record. I found the title of my supervisory role I was promoted to on first day: Crew Leader Assistant. Myself and one other (b) (6) were promoted to CLA from Enumerator on Day 1.</p> <p>My litigation stay granted because of the absolute mental and physical anguish I have been put through by this man and the others restraining order against.</p> <p>Given the fact that this just happened a murder of five concerning HOA Board member President with a gun, this is extremely terrorizing to me. Please complete request as quickly as possible.</p>
