| geo/Trip/Relay/ Ferry                                                                                                                                                                                                                                                                                                                                                           | Property/Fence Line                         | Island              |
| Railroad                                                                                                                                                                                                                                                                                                                                                                        | Nonvisible Boundary                         | Glacier             |
|                                                                                                                                                                                                                                                                                                                                                                                 | Inset                                       | Out Area            |

Where international, state, and county boundaries coincide, the map shows the boundary symbol for only the highest-ranked of these boundaries.

1 A \* following a place name indicates that the place is also a **fauc CDP**, that is, a **Census Designated Place**.

2 In 1990, the cross-of-crosses population of ships at sea was allocated to census tracts with a "99" suffix. An anchor symbol appeared on the 1990 maps locating a cross-of-vestel tract. These maps show a very small area symbolized as a census tract with the census tract number shown near the area.

3 A \* following a block number indicates that the block number is repeated elsewhere in the block.

Where international state, and/or county boundaries coincide, the map shows the boundary symbol for only the highest-ranking of these boundaries.

- <sup>1</sup> A "°" following a place name indicates that the place is also a false MCD; the false MCD name is not shown.
- <sup>2</sup> In 1990, the crews-of-vessels population of ships at sea was allocated to census tracts with a '99' suffix. An anchor symbol appeared on the 1990 maps locating a crew-of-vessel tract. These maps show a very small area symbolized as a census tract with the census tract number shown near the area.
- <sup>3</sup> A "\*" following a block number indicates that the block number is repeated elsewhere in the block.

## FEATURES

Figure 1 displays various map symbols and labels. The symbols include: Highway (solid line), Pipe/Power Line (line with cross-ticks), Stream/Shoreline (wavy line), Secondary Road (dashed line), Ridge/Physical Feature (line with small triangles), Intermittent Stream (dashed line with cross-ticks), Key Trail/Wakeway/Ferry (line with small circles), Property/Fence Line (line with small squares), River (wavy line with 'ce' label), Railroad (line with cross-ticks), Nonvisible Boundary (dotted line), Glacier (wavy line with 'Glacier' label), Military (blue dots), and Inset (grey box).
