* The Census Bureau works with either tribal governments or state officials to deliver statistical centers for Indian and state-represented American Indian and Alaska Native tribes that have no legally defined land base. These centers are portrayed on this map with the name of the entity and a note "tribe".

Congressional districts are those in effect for the 108th Congress of the United States (January 2005-2009); all other legal boundaries and names are as of January 1, 2000. The boundaries shown on this map are for Census Bureau statistical data collection and tabulating purposes only; their authority or rights of ownership or jurisdiction are not shown. Shaded relief is a representation of the land surface and does not constitute a determination of jurisdictional authority or rights of ownership or jurisdiction.
