National Park Service Land

* The Census Bureau works with other federal governments or state officials to define statistical entities for federal and state recognized American Indian and Alaska Native tribes that have no legally defined land base. These entities are portrayed on this map with the name of the entity and a point symbol.

Congressional districts are those in effect for the 108th Congress of the United States (January 2005-2007) and other legal boundaries are shown as of January 1, 2000. The boundaries shown on this map are for Census Bureau statistical data collection and tabulation purposes only; their depiction and description for statistical purposes does not constitute a determination of jurisdictional authority or rights of ownership or entitlement.
