*The Census Bureau works with other federal governments or state officials to define statistical entities for federal and state recognized American Indian and Alaska Native tribes that have no legally defined land base. These entities are portrayed on this map with the name of the tribe and a point symbol.

Congressional districts are based on the 109th Congress of the United States (January 2005-2007); all other legal boundaries and names are as of January 1, 2000. The boundaries shown on this map are for Census Bureau statistical data collection and tabulation purposes only; they do not constitute a determination of jurisdictional authority or rights of ownership or entitlement. Populations based on the 2000 Census of Population and Housing.
