\*The Census Bureau works with other federal governments or state officials to define statistical entities for Indian and state recognized American Indian and Alaska Native tribes that have no legally defined land base. These entities are portrayed on this map with the name of the entity and a point symbol.

Congressional districts are those in effect for the 109th Congress of the United States (January 3, 2005) and other legal boundaries and names as of January 1, 2005. The boundaries shown on this map are for Census Bureau statistical data collection and tabulation purposes only. Their depiction and delineation for statistical purposes does not constitute a determination of jurisdictional authority or rights of ownership or control. Jurisdiction should be determined for inclusion of incorporated places is based on the 2000 Census of Population and Housing.
