

# Minority Prevalence by Census Tract: 2000

*Plaquemines Parish, Louisiana*

St. Charles Parish

St. Bernard Parish

Jefferson Parish

Plaquemines Parish

Lafourche Parish

Breton Sound

Gulf of Mexico

Mississippi River

## Minority Group with the Highest Percent of the Census Tract Population

*Excludes White, not Hispanic*

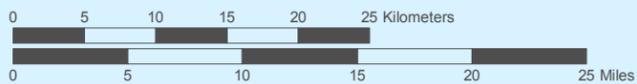

**Black or African American**  
 (Black or African American values for these tracts range from 3.99% to 58.15%)

**Hispanic or Latino**  
 (Hispanic or Latino value for this tract is 12.30%)

*All Census boundaries are as of January 1, 2000.  
 Data source: Census 2000 Summary File 1*

*The percentage of people in the following groups were not highest in any Plaquemines Parish census tracts: American Indian and Alaska Native (AIAN), Asian, Native Hawaiian and Other Pacific Islander (NHOP), "Two or more races, not Hispanic or Latino", and "Some other race, not Hispanic or Latino."*

*People of Hispanic origin who are not White were counted in the Hispanic or Latino group. These people were also counted in the AIAN, Asian, Black, or NHOP group they indicated. Each of these people was counted twice in the comparison of percentages.*
