

Interactive Mapping Applications

TIGERweb

View TIGER data, including legal and statistical boundaries and features like transportation. WMS and REST services available.

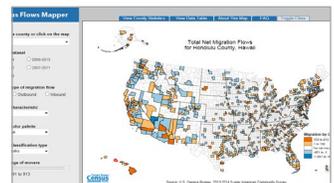

<https://tigerweb.geo.census.gov/tigerwebmain/TIGERweb_main.html>

Census Flows Mapper

Show U.S. migration patterns by county. Hover over the results on the map for migration information.

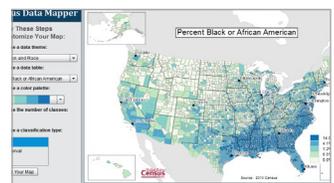

<<https://flowsmapper.geo.census.gov/>>

Census Data Mapper

View, save, and print county-based demographic maps of the U.S.

<<https://datamapper.geo.census.gov/map.html>>

Metro and Micro Area Population Map Viewer

Visualize 34 demographic topics by census tract within a larger metropolitan and micropolitan statistical area framework.

<www.census.gov/population/metro/data/thematic_maps.html>

Response Outreach Area Mapper (ROAM)

The ROAM application was developed to make it easier to identify hard-to-survey areas.

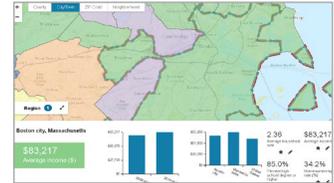

<census.gov/library/visualizations/2017/geo/roam.html>

Census Business Builder

Use key demographic and economic data to help guide research into opening new or expanding existing businesses. The Small Business Edition presents data for a single type of business, while the Regional Analyst Edition presents data for all sectors of the economy.

www.census.gov/data/data-tools/cbb.html

Small Area Health Insurance Estimates Interactive Data Tool

View estimates of health insurance coverage for states and counties.

www.census.gov/programs-surveys/sahie.html

Small Area Income and Poverty Estimates Interactive Data Tool

View estimates of population in poverty for states and counties.

www.census.gov/programs-surveys/saie.html

Language Mapper

Explore language use, English-speaking ability, and linguistic isolation data from the American Community Survey on maps.

www.census.gov/hhes/socdemo/language/data/language_map.html

OnThe Map (Employment and Emergency Management)

The employment version shows where workers are employed and where they live. The tool for emergency management combines analysis tools from OnTheMap with data on emergency events.
