

## Address Authority Pilot Survey

Please rate the level of effectiveness of the following documents:

1. Locating the Address Authority (AA) by Department Type  
 Very useful                       Somewhat useful                       Not useful
  
2. Locating the AA through the GIS Inventory and the GPP  
 Very useful                       Somewhat useful                       Not useful
  
3. Direction on how to enter directions into the Questionnaire  
 Very useful                       Somewhat useful                       Not useful
  
4. For the Address Authority Pilot, we are looking only for basic information about the data files. What additional questions/information would you suggest we collect on the AA and the address-related files for future data collection via the GPP?  

---

  

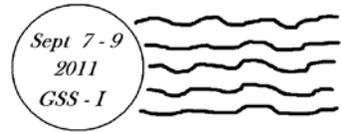

---
  
5. Did you contact HQ for clarification on the instructions?  
 Yes     No
  
6. If yes, was HQ staff helpful?  
 Very helpful                       Somewhat helpful                       Not helpful
  
7. What tools would you add to help locate the Address Authority?  

---
  
8. Approximately, how many contacts did you speak with before locating the Address Authority?  

---
  
9. Approximately, how much time did you spend with an entity to locate the Address Authority?  

---
  
10. How easy was it to use the Questionnaire to record the partners' responses?  
 Very easy                       Somewhat easy                       Not easy

11. Did you record the responses directly onto a hard copy of the Questionnaire OR directly into the electronic version?
- Hard copy and then into the electronic version
  - Directly into the electronic version

12. Additional comments, suggestions, or information:
