FROM THE DIRECTOR  
BUREAU OF THE CENSUS

As part of the 1997 Census of Governments, we are requesting your help with the Survey of Government Employment. Through this voluntary survey, authorized by Title 13, United States Code, Section 161, we collect state and local government employment and payroll data.

If you are familiar with previous employment surveys, **please note that the pay period reference date is now March 12.** In previous surveys, we collected data for the pay period including October 12. This change will provide public employment statistics that are more compatible with statistics for the private sector, most of which use the March 12 reference period.

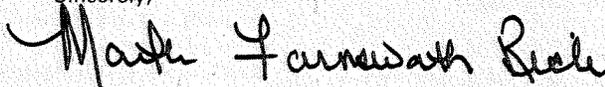

Results of this survey provide the only source of nationwide comprehensive information on this subject. The U.S. Congress, Federal agencies, state and local governments, educational research organizations, and the general public use these results. Some of the major uses include:

1. Development of a component of the Gross Domestic Product.
2. Development of the related national income accounts.
3. Development of personal income figures for states and county areas.
4. Allocation of Federal grant funds to state and substate governments.
5. Wage and salary negotiations by state and local government.

Please help us by completing this form with the information from your payroll records and returning the addressed copy in the enclosed envelope, within three weeks, if possible. **We request that you retain a copy of your reply for your records.** Prompt and accurate completion of this form will save further effort and correspondence.

If you have any questions, please call the Bureau of the Census' Governments Division on 1-800-642-4901. Thank you for your cooperation. The Bureau of the Census appreciates your help.

Sincerely,

Martha Farnsworth Riche
