MAP
SHOWING IN FIVE DEGREES OF DENSITY THE DISTRIBUTION OF THE
FOREIGN POPULATION
WITHIN THE TERRITORY OF THE UNITED STATES EAST OF THE 90TH MERIDIAN.
Compiled from the Returns of Population at the Ninth Census
OF THE UNITED STATES 1870,
by FRANCIS WALKER.

Explanations.
The blue lines indicate the boundary of the States of Pennsylvania.
The purple lines 1, 2, 3, 4, 5, &c., express the density of inhabitants
in the above States; (1) representing each 100,000; (2) each 100,000;
(3) each 50,000; (4) each 10,000; (5) each 2,000; &c. The colored
shades are in the same proportion. The colored patches toward the
south and west indicate the lesser density of inhabitants, while the
shaded patches toward the north and east indicate the greater density.
