MAP OF
PREDOMINATING SEX
SHOWING THE LOCAL EXCESS OF MALES OR OF FEMALES IN THE DISTRIBUTION OF POPULATION OVER THE TERRITORY OF THE UNITED STATES EAST OF THE 90° MERIDIAN.

Compiled from the Returns of Population of the Ninth Census 1870.

FRANCIS A. WARDEN.

Explanatory Notes:
The blue lines indicate the boundaries of the States.
The black lines indicate the boundaries of the counties.
The white lines indicate the boundaries of the counties.
The small circles indicate the centers of the cities.
The large circles indicate the centers of the States.
The lines connecting the circles indicate the boundaries of the States.
The small dots indicate the centers of the counties.
The large dots indicate the centers of the States.
The lines connecting the dots indicate the boundaries of the counties.
The small squares indicate the centers of the States.
The large squares indicate the centers of the counties.
The lines connecting the squares indicate the boundaries of the counties.
The small triangles indicate the centers of the States.
The large triangles indicate the centers of the counties.
The lines connecting the triangles indicate the boundaries of the counties.
The small diamonds indicate the centers of the States.
The large diamonds indicate the centers of the counties.
The lines connecting the diamonds indicate the boundaries of the counties.
The small crosses indicate the centers of the States.
The large crosses indicate the centers of the counties.
The lines connecting the crosses indicate the boundaries of the counties.
The small stars indicate the centers of the States.
The large stars indicate the centers of the counties.
The lines connecting the stars indicate the boundaries of the counties.
The small circles with a cross indicate the centers of the States.
The large circles with a cross indicate the centers of the counties.
The lines connecting the circles with a cross indicate the boundaries of the counties.
The small circles with a star indicate the centers of the States.
The large circles with a star indicate the centers of the counties.
The lines connecting the circles with a star indicate the boundaries of the counties.
The small squares with a cross indicate the centers of the States.
The large squares with a cross indicate the centers of the counties.
The lines connecting the squares with a cross indicate the boundaries of the counties.
The small diamonds with a star indicate the centers of the States.
The large diamonds with a star indicate the centers of the counties.
The lines connecting the diamonds with a star indicate the boundaries of the counties.
The small crosses with a star indicate the centers of the States.
The large crosses with a star indicate the centers of the counties.
The lines connecting the crosses with a star indicate the boundaries of the counties.
The small stars with a star indicate the centers of the States.
The large stars with a star indicate the centers of the counties.
The lines connecting the stars with a star indicate the boundaries of the counties.
The small circles with a triangle indicate the centers of the States.
The large circles with a triangle indicate the centers of the counties.
The lines connecting the circles with a triangle indicate the boundaries of the counties.
The small squares with a triangle indicate the centers of the States.
The large squares with a triangle indicate the centers of the counties.
The lines connecting the squares with a triangle indicate the boundaries of the counties.
The small diamonds with a triangle indicate the centers of the States.
The large diamonds with a triangle indicate the centers of the counties.
The lines connecting the diamonds with a triangle indicate the boundaries of the counties.
The small crosses with a triangle indicate the centers of the States.
The large crosses with a triangle indicate the centers of the counties.
The lines connecting the crosses with a triangle indicate the boundaries of the counties.
The small stars with a triangle indicate the centers of the States.
The large stars with a triangle indicate the centers of the counties.
The lines connecting the stars with a triangle indicate the boundaries of the counties.
