MAP OF A PART OF THE UNITED STATES SHOWING THE QUANTITY OF IRON & STEEL PRODUCED IN EACH COUNTY DURING THE CENSUS YEAR

Prepared under the direction of
JAMES M. SWANE SPECIAL AGENT
1880.

LEGEND
The square ■ indicates the production of pig iron, one character denoting a product of 1 to 50,000 tons; two characters, 50,001 to 100,000 tons; and three characters, 100,001 to 200,000 tons.
The circle ○ indicates the production of malleable iron, in the same manner.
The diamond † indicates the production of wrought iron, being the next highest to the above.
