MAP OF A PART OF THE UNITED STATES SHOWING THE QUANTITY OF IRON & STEEL PRODUCED IN EACH COUNTY DURING THE CENSUS YEAR
Prepared under the direction of JAMES M. SWANK SPECIAL AGENT 1880.

LEGEND
The square □ indicates the production of iron ore, one character denoting a product of 1 to 10,000 tons, two characters 10,000 to 20,000 tons, etc.
The circle ● indicates the production of pig iron, in the same manner.
The triangle △ commonly indicates the production of steel.
The diamond □ indicates the production of wrought or bars.
