INDEX TO VOLUME ON AGRICULTURE.

Land in farms, proportion of, to total land surface, in each state and territory.

Land surface, total, in each state and territory.

Land, grass, by counties states and territories.

Latitude, distribution of the principal cereals by

Leaf tobacco, countries principal buyers of

distribution of

importation of

improvement in quality of

manufacture of

production of, in the United States

genuity manufactured in census year

used in manufactures in 1870 and 1880

Legal weights of grain

Licenses, receipts from tobacco dealers

Time for rust and smut

in grain soils

"Little Dutch" variety of tobacco.

Little-grain wheat

Live stock and its productions, by counties

states and territories

as farms, value of, by counties

states and territories

Lobate

Lobate, tenementum

Longitude, distribution of the principal cereals by

Longbridge, Dr. N. F., assigned to investigation of cotton culture

Louisiana:

Cereal production, by parishes

Climate of, in its relation to tobacco culture

Cotton, tobacco culture

One of tobacco production in

Culture and curing of tobacco in

Farm acres and farm values, by parishes

Fiber (cotton, flax, hemp) and sugar and molasses (cane, sorghum, maple), by parishes

Grass lands, pasture and grazing, sheet iron, tobacco, potatoes, orchard, market-
garden, and forest products, wool, hops, broom-corn, and yokes, by parishes.

Historical notes

Number of farms, with average size, and classification according to tenure, by

Product of tobacco in

Soil cultivated in tobacco other than Persicas

Tobacco crop of, by parishes

Lanierites, markets, five classes of tobacco in

prices of tobacco in

range of, during 1876

"Low" grading.

Icynitis officinalis

Measured wheats

Machinery and implements

Maine:

Cereal production, by counties

Farm areas and farm values, by counties

Flax (cotton, hemp) and sugar and molasses (cane, sorghum, maple), by counties

Grass lands, pasture and grazing, sheet iron, tobacco, potatoes, orchard, market-
garden, and forest products, wool, hops, broom-corn, and yokes, by counties.

Live stock and its productions, by counties

Number and size of farms, with average size, and classification according to tenure, by

Tobacco crop of, by counties

### Michigan:
- Cereal production, by counties
- Farm areas and farm values, by counties
- Fiber (cotton, flax, hemp) and sugarcane
- Grass lands, poultry and eggs, pasture
- Live stock and its products
- Number of farms, by counties
- Tobacco crop of, by counties

### Minnesota:
- Cereal production, by counties
- Farm areas and farm values, by counties
- Fiber (cotton, flax, hemp) and sugarcane
- Grass lands, poultry and eggs, pasture
- Live stock and its products, by counties
- Number of farms, by counties
- Tobacco crop of, by counties
- Dakota, Wisconsin, and Iowa, wheat production

### Mississippi:
- Cereal production, by counties
- Farm areas and farm values, by counties
- Fiber (cotton, flax, hemp) and sugarcane
- Grass lands, poultry and eggs, pasture
- Live stock and its products, by counties
- Number of farms, by counties

### Notes:
- Materials and products in tobacco manufacture, values of, for 1860, 1870, 1880
- Maximum day’s work in threshing
- Wheat production, and its relation to corn
- Cereals W. Gordon appointed special agent on
- Statistics of Agriculture
- Mass Production
- Cereal Production
- Wheat
- Milk sold or sent to other counties
- Statistics of Agriculture
- Molasses
- Molasses, “land” in
- Milling, analyses of
- Tobacco Culture
- Cereal Production

### Other Notes:
- Table of monograph folios
- Page numbers
- General folios
- Monographs folios
- Page numbers

U.

Unimproved land, other than woodland and forest, average number of acres of, in farms, for the United States.

Unimproved land-tobacco trade in Virginia.

Upper or running stone, balancing of the.

Uses of tobacco.

Utilizing the.

Wits.

Cattle-calking in.

Crop production, by counties.

Farm acres and farm values, by counties.

Flax (cotton, flax, hemp) and sugar and molasses (can, sorghum, maple), by counties.

Gines lands, poultry and eggs, aquatic products, rice, tobacco, potatoes, orchard, market-garden, and forest products, wool, hops, broom-corn, and jute, by counties.

History of most production in.
