

APPENDIX

Four schedules were used in the enumeration for the Residential Financing Survey. Three of them, forms P-51, P-52, and P-53, were used to obtain information from property owners. Forms P-51 and P-52, which were identical in content, were used for different portions of the sample of owner-occupied properties. Form P-53 was used to obtain information from owners of rental properties, which included both renter-occupied and vacant properties. Form P-54, the mortgagee schedule, was used to obtain information from the person or firm that handled the mortgage payments and kept the records, whether this person or firm was the mortgage holder or his agent. Illustrative examples of the forms are reproduced in the following pages. Since form P-51 and form P-52 were identical, the latter has not been included.
