1950 CENSUS OF POPULATION
PRELIMINARY COUNTS

September 7, 1950
Washington 25, D. C.
Series PC-2, No. 86

POPOULATION OF MICHIGAN, BY COUNTIES
APRIL 1, 1950

(The figures in this report are preliminary counts of population as compiled in
field offices and supersede those for the same areas which have been published
in Series PC-1. Figures for some areas not published in Series PC-1 are also
included in this report. Additional reports in Series PC-2 will be issued as
preliminary counts for other States become available)

The population of Michigan as of
April 1, 1950, was 6,308,794, according to a preliminary count of the
returns of the 1950 Decennial Census of Population, reported today by
Roy V. Peel, Director, Bureau of the Census, Department of Commerce. This
figure represents a gain of 1,052,688, or 20.0 percent, over the 5,256,106
inhabitants of the State enumerated in the 1940 Census.

The preliminary population counts
shown below represent the number of
persons enumerated in the State, each
county, and each incorporated place
of 1,000 or more, but not the final verified population totals. The final
population totals may differ from the
preliminary counts because of the
allocation to the place of usual resi
dence of persons who were enumerated
elsewhere, the inclusion of crews of
vessels docked within an area but not
included in the preliminary count, and
because of other revisions.
