**Corrected Census 2000 Total Population, Group Quarters Population, Total Housing Unit, and Vacant Housing Unit Counts for the United States and Puerto Rico**

Note: Corrected counts are a result of the Count Question Resolution (CQR) Program.

Federal Register/Vol. 66, No. 130/Friday, July 6, 2001 (Summary): *The CQR program is not a mechanism or process to challenge the March 6, 2001, decision of the Secretary of Commerce to release unadjusted numbers from Census 2000 for redistricting purposes; nor is it a mechanism or process to challenge or revise the numbers sent to the President on December 28, 2000, to be used to apportion the U.S. House of Representatives.*

The United States and Puerto Rico table presents census counts only when there is a CQR change that affects the state or Puerto Rico level. State/Puerto Rico names that are active links lead to CQR changes below the state level.

Last updated 4/30/2004 — Number of governmental units affected by CQR = 1174
