W. M. Steuart, Director

FIFTEENTH CENSUS OF THE UNITED STATES: 1930

AGE OF THE FOREIGN-BORN
WHITE POPULATION BY
COUNTRY OF BIRTH

BUREAU OF THE CENSUS
LIBRARY

UNITED STATES
GOVERNMENT PRINTING OFFICE
WASHINGTON : 1933

CONTENTS

	Page
Introduction.....	1
Median age of the foreign born.....	1
Immigration into the United States.....	2
The new immigration.....	3
The decline of immigration.....	3
Growth of the foreign-born population.....	3
Year of immigration.....	4
Tabulations of age by country of birth.....	6
Adequacy of the 12-State sample.....	6
Median age and quartile dispersion.....	9
Age by country of birth.....	9
Mortality rates by country of birth.....	11
Age as a factor in differential mortality rates.....	11
Derived mortality rates for 1930.....	13
Mortality from specific causes.....	16
Derived cancer mortality rates by country of birth.....	16
Derived tuberculosis mortality rates by country of birth.....	18
Birth rates by country of birth of the mother.....	19
Age distribution of the foreign-born white population, by States.....	21
General tables.....	23

DIAGRAMS

Distribution by 5-year age periods, for the native white population of the United States, by sex 1930.....	VI
Distribution by 5-year age periods, for the foreign-born white population of the United States, by sex: 1930.....	VI

TEXT—TABLES

Table	
1. Median ages of the principal color and nativity classes, for the United States: 1890 to 1930.....	1
2. Foreign-born population of the United States: 1850 to 1930.....	4
3. Per cent distribution of the foreign-born white population of the United States by year of immigration, by country of birth: 1930.....	5
4. Foreign-born white population in the United States and in 12 selected States, by country of birth: 1930.....	7
5. Age of the white population born in specified countries, by sex, for the United States and for 12 selected States: 1930.....	8
6. Quartile age dispersion in the foreign-born white population of the United States by sex, for 1930, 1920, and 1910.....	9
7. Quartile age dispersion in the foreign-born white population from specified countries of birth for 12 selected States: 1930 and 1910.....	10
8. Computation of deaths from constant age-specific mortality rates for persons 55 to 64 years old, born in Germany and Italy and residing in 12 selected States: 1930.....	12

Table	Page
9. Calculated deaths and derived mortality rates for persons 55 to 74 years old, born in Germany and Italy and residing in 12 selected States: 1930.....	13
10. Computation of deaths from constant age-specific mortality rates, for persons born in Germany and Italy and residing in 12 selected States: 1930.....	13-14
11. Calculated deaths and derived mortality rates, by sex and country of birth, for 12 selected States: 1930.....	15
12. Computation of deaths from "cancer and other malignant tumors," from age-specific mortality rates, for persons born in Germany and Italy and residing in 12 selected States: 1930.....	17
13. Calculated deaths from "cancer and other malignant tumors," and derived mortality rates from this cause, by sex and country of birth, for 12 selected States: 1930.....	17
14. Computation of deaths from tuberculosis (all forms) from age-specific mortality rates, for persons born in Germany and Italy and residing in 12 selected States: 1930.....	18
15. Calculated deaths from tuberculosis (all forms) and derived mortality rates from this cause, by sex and country of birth, for 12 selected States: 1930.....	19
16. Birth rates per 1,000 enumerated female white population, by country of birth, in the registration area of the United States: 1930 and 1920.....	19
17. Calculation of age-specific birth rates for the native white and the foreign-born white female population of the United States registration area: 1930.....	20
18. Computation of births from constant age-specific birth rates, to females born in Germany and Italy and residing in 12 selected States: 1930 and 1910.....	20
19. Calculated births and derived birth rates, by country of birth of the mother, for 12 selected States: 1930 and 1910.....	21
20. Comparison of birth rates and derived birth rates, by country of birth of mother, for specified areas and population groups: 1930.....	21
21. Quartile age dispersion in the population born in Germany, by sex, for 12 selected States: 1930 and 1910.....	22
GENERAL TABLES	
22. Foreign-born white population by age (single years), country of birth, and mother tongue, for 12 selected States: 1930.....	24-27
23. Foreign-born white males by age (single years), country of birth, and mother tongue, for 12 selected States: 1930.....	28-31
24. Foreign-born white females by age (single years), country of birth, and mother tongue, for 12 selected States: 1930.....	32-35
25. Foreign-born white population by age (5-year periods), sex, country of birth, and mother tongue, for 12 selected States: 1930.....	36-39
26. Foreign-born white population by age (5-year periods), country of birth, and sex, for 12 selected States: 1930 and 1910.....	40-41
27. German-born population by age (5-year periods) and sex, for 12 selected States, by States: 1930 and 1910.....	42-43
28. Italian-born population by age (5-year periods) and sex, for 12 selected States: 1930 and 1910.....	44-45
29. Persons of Yiddish mother tongue born in Austria, Poland, and Russia, by age (5-year periods) and sex, for 12 selected States, by States: 1930.....	46

Table	Page
30. Foreign-born white population by age (5-year periods), sex, country of birth, and mother tongue, for 12 selected States, by States: 1930 ..	47-59
31. Foreign-born white population by age (5-year periods), sex, country of birth, and mother tongue, for 5 selected cities: 1930	60-65
32. Foreign-born white population by age (5-year periods), country of birth, and sex, for the United States: 1910	66-67
33. Foreign-born white population by age (5-year periods), country of birth, and sex, for 12 selected States: 1910	68-69
34. German-born population by age (5-year periods) and sex, by States: 1910	70-71
35. Italian-born population by age (5-year periods) and sex, by States: 1910	72-73
36. Population born in Ireland by age (5-year periods) and sex, by States: 1910	74-75
37. Population born in Norway, Sweden, and Denmark, by age (5-year periods) and sex, by States: 1910	76-77

FIFTEENTH CENSUS OF THE UNITED STATES: 1930

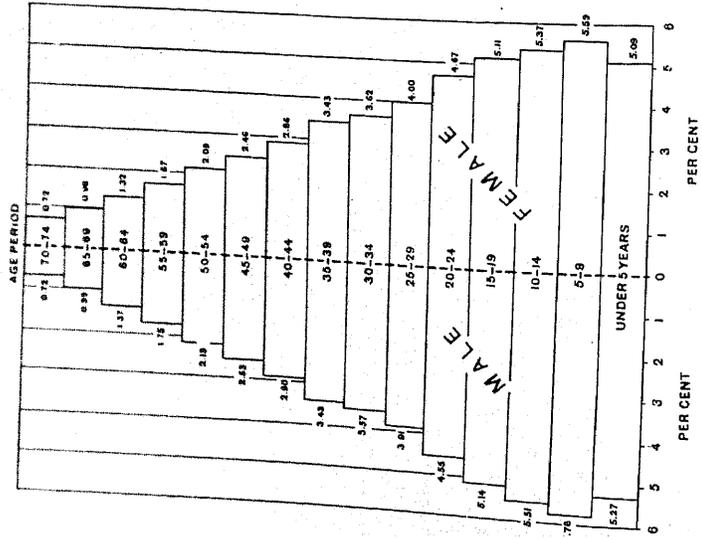

Age of the Foreign-born White Population
by Country of Birth

ERRATA

Page	
1	Table 1: "All classes," percent for 1890 should be 21.4, instead of 22.0
13	Table 9: "Single years - 55 to 74 years" Column 2, should be 7,245, instead of 7,235 Column 3, should be 52.0, instead of 51.9 Column 5, should be 3,128, instead of 3,124
20	Table 17: "10 to 14 years" Column 1, should be 4,883,145, instead of 3,883,145 Column 3, should be 0.26, instead of 0.33
68	Table 33: "Female - 55 to 59 years" Column 3, should be 3,355, instead of 2,355
