WASHINGTON : 1933

CONTENTS

Map of the United States showing geographic divisions.....	Page 18
Construction in the United States—A study of its location and agencies.....	1323
Appendix A.—Letter of transmittal—Construction industry (Form 33, distribution).....	1357
Appendix B.—Report blank—Construction industry (Form 25, distribution).....	1359

CHAPTER I.—INAUGURATION AND SCOPE

	Page		Page
Introduction.....	1	Explanation of terms—Continued.	
Existing statistics.....	1	General contractor.....	7
Demand for a census of the construction industry.....	2	Operative builder.....	7
Organization and method.....	2	Subcontractor.....	7
The report blank.....	2	Manufacturer, fabricator, or dealer contractor.....	7
Provisions of the census act.....	3	Salaries.....	7
Establishments required to report.....	3	Wages.....	7
The directory of contractors.....	3	Contract bond premiums.....	7
The canvass.....	4	Compensation and liability insurance.....	7
Compilation of statistics.....	4	All other overhead expenses.....	7
Methods of business.....	5	Subcontract work let.....	7
Audit of individual reports.....	5	Materials.....	8
Typical errors.....	5	Construction business.....	8
Tabulation.....	6	Construction work done.....	8
Explanation of terms.....	7	Classification of establishments.....	8
Establishment.....	7	Principal cities.....	8
Contractor.....	7	Allocation of reports.....	8

CHAPTER II.—ORGANIZATION OF THE CONSTRUCTION INDUSTRY

	Page		Page
Type of organization.....	9	Table II.—Date of incorporation of all classes of reporting establishments.....	13
Date of incorporation.....	9	Table III.—Length of time in business of all classes of reporting establishments.....	14
Length of time in business.....	9	Table IV.—Branch offices of all classes of establishments.....	15
Branch offices.....	10	Table V.—Color and nativity of firm members of all classes of reporting establishments.....	16
Color and nativity of firm members.....	10	Table VI.—Membership in contractors' associations of all classes of reporting establishments.....	17
Membership in contractors' associations.....	11		
Table I.—Type of organization of all classes of establishments.....	12		

CHAPTER III.—GENERAL SURVEY OF THE CONSTRUCTION INDUSTRY

	Page		Page
Overlapping classifications.....	19	Construction and its cost—Continued.	
Total construction during 1929.....	19	Relative cost of labor and materials.....	25
Table VII.—Value of construction business, principal items of expenditure, and work done, including estimates for establishments reporting a business of less than \$25,000.....	20	Table XI.—Cost of labor and materials by groups of establishments and by geographic divisions.....	25
Construction and its cost.....	21	Construction materials.....	26
Table VIII.—Value of construction business, principal items of expenditure, and work done by principal groups of establishments.....	21	Distribution of all materials.....	26
Distribution of the construction dollar.....	22	Table XII.—Total cost of materials and cost of cement and lumber, including estimates for establishments reporting a business of less than \$25,000.....	26
Principal items of expenditure.....	22	Distribution of cement and lumber.....	27
Distribution of all expenditures.....	22	Cost of materials.....	27
Table IX.—Principal and other expenditures by groups of establishments.....	23	Table XIII.—Cost of materials in detail.....	27
Table X.—Principal and other expenditures of reporting establishments by geographic divisions.....	24	Cost to individual classes of establishments.....	28
		Table XIV.—Cost of materials in detail for establishments engaged primarily in building.....	29
		Table XV.—Cost of materials in detail for establishments engaged primarily in highway, street paving, and bridge and culvert construction.....	30

	Page		Page
Construction materials—Continued.		Classification of construction business—Continued.	
Determining prospective demand.....	30	Class of buildings.....	38
Distortion of distribution ratios.....	30	Table XXIII.—Value of each class of building construction handled under general contract or directly for owners.....	39
Construction labor.....	31	Class of public works and utilities.....	39
Estimates per workman employed.....	31	Table XXIV.—Value of each class of public works and utilities construction handled under general contract or directly for owners.....	39
Table XVI.—Number of workmen employed throughout the year and value of work done, wages paid, inventory value of equipment, and cost of materials per workman employed.....	32	Class of subcontract work.....	40
Seasonal trend of employment.....	32	Table XXV.—Value of each principal class of work handled under subcontract.....	40
Table XVII.—Wage earners employed each month by principal groups of establishments.....	33	Field of construction activity.....	40
Length of working week.....	33	All reporting establishments.....	40
Table XVIII.—Length of working week, number of workmen affected, and average annual wages paid by reporting establishments.....	34	Table XXVI.—Location in the home city, in the home State, and elsewhere of construction business reported by establishments throughout the United States.....	41
Other conditions affecting labor.....	35	Establishments of principal cities.....	41
Strikes and lockouts.....	35	Table XXVII.—Location in the home city, in the home State, and elsewhere of construction business reported by establishments in 92 cities of over 100,000 population.....	42
Accidents.....	35	Table XXVIII.—Total and average value of business reported by establishments whose offices were located throughout the United States in 93 principal cities and in other localities.....	42
Fatalities.....	35	Business of establishments of 93 principal cities and other localities.....	42
Table XIX.—Loss of time through strikes and lockouts and number of accidents and fatalities.....	35	Table XXIX.—Value of construction business, principal items of expenditure, and construction work done by establishments whose offices were located in 93 principal cities and in other localities.....	43
Construction equipment.....	36	Conclusion.....	43
Table XX.—Inventory value of construction equipment owned in comparison with work done and wages paid.....	36		
Classification of construction business.....	36		
Class of ownership of construction work.....	36		
Table XXI.—Ownership of construction business handled by all establishments.....	37		
Class of construction.....	38		
Table XXII.—Value of each class of construction handled under general contract or directly for owners.....	38		

CHAPTER IV.—STATISTICS BY STATES

	Page		Page
State tables.....	45	Table XXXVII.—Ownership of public construction business handled by all classes of reporting establishments.....	53
Cross references among tabulations.....	45	Table XXXVIII.—Value of each principal class of construction business handled under general contract or directly for owners by all classes of reporting establishments.....	54
Table XXX.—Value of construction business and principal items of expenditure, including estimates for establishments reporting a business of less than \$25,000.....	46	Table XXXIX.—Value of each principal class of work handled under subcontract by all classes of reporting establishments.....	55
Table XXXI.—Principal and other expenditures of all classes of reporting establishments.....	47	Table XL.—Location of construction business in the home city, in the home State, and elsewhere of all classes of reporting establishments throughout the United States which had a business of over \$25,000 during 1929.....	59
Table XXXII.—Cost of labor and materials reported by all classes of establishments.....	48	Table XLI.—Location of construction business in the home city, in the home State, and elsewhere of all classes of reporting establishments in 92 cities of over 100,000 population, which had a business of over \$25,000 during 1929...	60
Table XXXIII.—Wage earners employed each month and wages paid during the year by all classes of reporting establishments.....	49		
Table XXXIV.—Loss of time through strikes and lockouts and number of accidents and fatalities for all classes of reporting establishments.....	50		
Table XXXV.—Inventory value of construction equipment owned in comparison with work done and wages paid by all classes of establishments.....	51		
Table XXXVI.—Ownership of construction business handled by all classes of reporting establishments.....	52

CHAPTER V.—EXPLANATION OF TABLES

	Page		Page
Explanation of results.....	61	Explanation of tables—Continued.	
Explanation of tables.....	61	Establishments whose 1929 business was less than	
Establishments whose 1929 business was \$25,000 or		\$25,000.....	64
more.....	61		

UNITED STATES SUMMARY

	Page		Page
United States Summary tables: Complete statistics in detail by kinds of business or classes of establishments for the United States and for geographic divisions:		United States Summary tables—Continued.	
Table 1.—Value of construction business during 1929, and principal items of expenditure.....	66	Table 9.—Cost of materials furnished and used by reporting establishments during 1929, by kind.....	120
Table 2.—Construction business of reporting establishments during 1929, by class of ownership and by type of work.....	73	Table 10.—Comparison of cost of designated materials furnished and used by reporting establishments during 1929, with cost of materials and value of construction business.....	124
Table 3.—Construction business during 1929, by location.....	81	Table 11.—Cost of materials furnished and used by reporting establishments during 1929.....	138
Table 4.—Construction business outside home State, by location.....	85	Table 12.—Number of and volume of business reported by establishments doing a construction business of less than \$25,000 in 1929, percentage of total number of known establishments, and average volume per establishment.....	165
Table 5.—Number and salaries of proprietors, firm members, and salaried employees: 1929.....	88	Table 13.—Establishments (whose business was less than \$25,000 in 1929) which reported their volume of construction work, classified by range of volume of business.....	168
Table 6.—Value of construction equipment, in comparison with construction business and wages paid during 1929.....	96		
Table 7.—Wage earners, by months, and wages paid during 1929.....	101		
Table 8.—Expenditures of reporting establishments: 1929.....	112		

TABLES FOR INDIVIDUAL STATES

The statistics for each State are presented in a series of 13 standard tables. The subjects covered by the State tables are the same as the list of tables appearing above for the United States summary and the page on which each table is to be found for any given State is shown in the tabular statement below.
