

CROSS-REFERENCE GUIDE

Words or phrases in bold type are stratifiers which may be found in the Index.

A list of restrictors under a stratifier name indicates that entries for "restricted" universes related to that stratifier appear in the Index. (The presence of restrictors does not otherwise imply greater detail or importance for a stratifier.)

A systematic approach to the use of the Cross-Reference Guide is outlined in the "Step-by-Step Approach to the Index," page 8.
