INDEX.

Cattle, and sheep, quantity and value of exports, by countries, 547, 548.

Cattle, and pigs. See Hides and skins.

Calandria, cotton production, by states, 435, 448, 452; circulation of daily newspapers, 742. See also States and territories.

Cane sugar, commercial production, 451.

Canning and preserving, fruits and vegetables, fish, and oysters, comparative summary, 301; summary for United States, 302; exports, 303; imports, 303. See also Fruit and vegetables, Fish, and Oysters.

Canada, cotton consumption, compared with other countries, 11; number of cotton spindles, 31; exports to, of rice and rice products, 430; ice, 501; unmanufactured woods, 622; newspapers and periodicals, by states, 730; imports from, of rice and rice products, 437; pears and round timber, 623; boards, plans, and deals, 628; turpentine, 654; resin, 655. Camisiage, use in tanning, 273.

Cane sugar, commercial production, 451.

Canning and preserving, fruits and vegetables, fish, and oysters, comparative summary, 301; summary for United States, 302; exports, 303; imports, 303. See also Fruit and vegetables, Fish, and Oysters.

Capital, summary of amount of, invested in combined textiles, by industries, 4, 5; not including jute, wool, or cotton, 4; cotton manufactures, 26, 28; lace and lace curtain manufactures, 35; upholstery, 36; cotton goods, 47; cotton small wares, 53, 55; broadgoods, 55, 61; cotton and woolen goods, 74; wool manufactures, 87, 89, 120, 128; worsted goods, 111, 139; woolen goods, 112, 138; carpets and rugs, other than rug, 112, 140; felt work, 214, 215, 216, 217; oilcloth and linoleum, 211, 212, 215, 220, 222; boots and shears, 220, 223, 223, 226, 246; leather, tanned, curried, and finished, 257, 258, 267, 278, 280, 283, 288, 290, 291, 292, 293, 295, 296, 298; butter, cheese, and condensed milk, 305, 307, 310, 311, 312; beef, 324; cheese, 323; condensed milk, 330; flour and grits, 344, 345, 346, 348, 350, 352, 356, 358, 372; starch, 383, 387, 389; and meat, 400; fruits and vegetables, fish, and oysters, 391, 396; fruits and vegetables, 400, 402, 405, 406, 410, 420; oysters, 423, 425, 423; rice cleaning and polishing, 433, 438, 441; beef for, 445, 446, 464; slaughtering and meat packing, 450, 460, 463, 464, 484; slaughtering and meat packing, refined beef and mutton, 492; slaughtering and meat packing, whole beef, veal, and pork, 492; slaughtering, 492; slaughtering, woolens, 498; manufacturing ice, 498, 500, 506, 508;skill industry, 515, 516, 517, 522, 523, 524, 525; tobacco, 533, 534, 535, 544, 557, 560, 561, 564, 576; lumber and timber products, 624; timber logs, 625; frozen meat and venison, 649, 650, 651, 656, 657; frozen meat and pork, 658; frozen meat and wool pulp, 651, 654, 656, 658; printing and publishing, 708, 709, 707, 708, 753; book and job printing, 713, 714, 715, 716, 760, 788, 800, 801, 802, 803, 804, 805, 820, 824, 724, 770, 812; pens and pencils, 827; glue manufactures, 837, 860; clay products, 877, brick and tile, 860; pottery, terra cotta, and glass, 970.

Card and bristol boards, production of, by quantity and value, 660. See also Paper and pulp.

Cardigan jacket sweaters, etc., quantity and value, 66, 82.

Carding mills, number, 91.

Carps, number employed, in manufacture of hosiery and knit goods, 64, 68, 74; in wool manufactures, 91, 92; classified by width, 92, 93, 445, 456, 467.

Carpet wool, imported, sources of, 101; quantity and value, 105.

Carpet and rugs, other than rug, raw fibers and yarns consumed in manufacture of, 57; number of square yards produced, 9; effect of Russo-Japanese war on industry, 85; rank of leading states according to value of product, 87, 104; total horsepower per wage-earner, 90; number of spindles, 94; materials used, by kind, quantity, and cost, 95, 96, 98, 115; statistics of establishments manufacturing, summary, 112, 128, 146; classification of looms, 113.

Carpeting, production, kind, quantity, and value, summarized, 72, 76, 77, 78, 227.

Card, Ferdinand, system of manufacturing ice, invented by, 502.

Cash and sundries, capital of cotton mills, 47.

Cash and sundries, capital of cotton mills, 47.

Cash and sundries, capital of cotton mills, 47.

Cash and sundries, capital of cotton mills, 47.

Cash and sundries, capital of cotton mills, 47.

Central America, exports to, of rice and rice products, 436; unmanufactured woods, 622; turpentine, 654; resin, 655; imports from, of domestic manufactures, 621.

Champlain, N. Y., exports of rice, 438; turpentine and resin, 853.

Charleston, S. C., exports of rice, 438; turpentine and resin, 853.

Charleston, N. Y., exports of rice, 438; turpentine and resin, 853.

Charleston, N. Y., exports of rice, 438; turpentine and resin, 853.

Charleston, N. Y., exports of rice, 438; turpentine and resin, 853.

Charleston, N. Y., exports of rice, 438; turpentine and resin, 853.

Charleston, N. Y., exports of rice, 438; turpentine and resin, 853.

Charleston, N. Y., exports of rice, 438; turpentine and resin, 853.

Charleston, N. Y., exports of rice, 438; turpentine and resin, 853.

Charleston, N. Y., exports of rice, 438; turpentine and resin, 853.

Charleston, N. Y., exports of rice, 438; turpentine and resin, 853.

Charleston, N. Y., exports of rice, 438; turpentine and resin, 853.

Charleston, N. Y., exports of rice, 438; turpentine and resin, 853.

Charleston, N. Y., exports of rice, 438; turpentine and resin, 853.

Charleston, N. Y., exports of rice, 438; turpentine and resin, 853.

Charleston, N. Y., exports of rice, 438; turpentine and resin, 853.

Charleston, N. Y., exports of rice, 438; turpentine and resin, 853.

Charleston, N. Y., exports of rice, 438; turpentine and resin, 853.

Charleston, N. Y., exports of rice, 438; turpentine and resin, 853.

Charleston, N. Y., exports of rice, 438; turpentine and resin, 853.

Charleston, N. Y., exports of rice, 438; turpentine and resin, 853.

Charleston, N. Y., exports of rice, 438; turpentine and resin, 853.

Charleston, N. Y., exports of rice, 438; turpentine and resin, 853.

Charleston, N. Y., exports of rice, 438; turpentine and resin, 853.

Charleston, N. Y., exports of rice, 438; turpentine and resin, 853.

Charleston, N. Y., exports of rice, 438; turpentine and resin, 853.

Charleston, N. Y., exports of rice, 438; turpentine and resin, 853.
INDEX.

Cypress, average value per thousand feet, 568; quantity and value sold, by states, 607; shingle production, 611; quantity of standing, 641; location, 643.

Danish West Indies, imports from, of wool, 101.

Deal. See Boards, planks, deals, etc.

Delaware, growth of silk industry, 180. See also States and territories.

Denmark, imports from, of wool, 101; of rice, 437; exports to, of rice and rice products, 436; cottered products, 547.

Detroit, Mich., cotton goods of, of rice, 438; turpentine and rosin, 653.

Dingley tariff, effect on lumber and timber products, 625.

District of Columbia. See States and territories.

Dominion of Canada. See Canada.

Dolls, average value per thousand feet, 598; quantity and value sold, 607; quantity of standing, 641, location, 643.

Drainage, description of manufacture, 860.

Drills, quantity and value manufactured in cotton establishments, 34, 58.

Duck, quantity and value manufactured in cotton establishments, 34, 58.

Durand, Peter, in case patented by, 427.

Dutch West Indies, imports of wool from, 101.

Dyeing and coloring, of hides and skins, 277.

Dyeing and finishing, in cotton mills, 36, 37.

Dyeing and finishing textiles, statistics of establishments engaged in, summarized, 3, 4, 196, 198, 200; amount of capital, 6; average number of wage-earners and wages, 6, 7; value of operatives, 4; relation of cost of materials to products of, 6; why included in textile manufactures, 106; cost of materials used, 106.

Dystuffs. See Chemicals and dyestuffs.

Earthenware, pottery classified as, 927; varieties produced, 927; history of ceramic art in United States, 928. See also Pottery.

East Indies, cotton consumption in, 11; exports to, of rice and rice products, 436; cottered and turpentine products, 545; turpentine, 654; rosin, 655; imports from, of rice and rice products, 437.

Ecuador, imports of wool from, 101; exports to, of rice and rice products, 436; cottered products, 547; turpentine, 654.

Egypt, average consumption of raw silk, 13; quantity and cost of cotton imported from, 62.

Elider down manufactured in hosiery and knit goods industry, quantity and value sold, 82.

Elkin, Zach C., section on Beet sugar by, 445.

Ellsworth, Emmons K., section on Canning and preserving by, 581.

Elma, average value per thousand feet, 598; quantity and value sold, by states, 608.

Employees, number of, in cotton manufacturing establishments, 28; in woolen manufacturing, 85; in boot and shoe industry, 230. See also Wage-earners and wages.

England, average consumption of raw silk, 13; system employed in cotton trade, 28; quantity and value sold, by states, 608.

Establishments, number of, manufacturing combined textiles, 4; increase, 5; combined textiles, not including flax, hemp, and jute products, 3; cotton goods, 5; in boot and shoe industry, 230. See also Wage-earners and wages.

England, average consumption of raw silk, 13; system employed in cotton trade, 28; quantity and value sold, by states, 608.

Employees, number of, in cotton manufacturing establishments, 28; in woolen manufacturing, 85; in boot and shoe industry, 230. See also Wage-earners and wages.

Establishments, number of, manufacturing combined textiles, 4; increase, 5; combined textiles, not including flax, hemp, and jute products, 3; cotton goods, 5; in boot and shoe industry, 230. See also Wage-earners and wages.

Englewood, cotton consumption in, 11; exports to, of rice and rice products, 436; cottered and turpentine products, 545; turpentine, 654; rosin, 655; imports from, of rice and rice products, 437.

Estonia, imports of wool from, 101; exports to, of rice and rice products, 436; cottered products, 547; turpentine, 654.

Egypt, average consumption of raw silk, 13; quantity and cost of cotton imported from, 62.

Eidler down manufactured in hosiery and knit goods industry, quantity and value sold, 82.

Elkin, Zach C., section on Beet sugar by, 445.

Ellsworth, Emmons K., section on Canning and preserving by, 581.

Elma, average value per thousand feet, 598; quantity and value sold, by states, 608.

Employees, number of, in cotton manufacturing establishments, 28; in woolen manufacturing, 85; in boot and shoe industry, 230. See also Wage-earners and wages.

England, average consumption of raw silk, 13; system employed in cotton trade, 28; quantity and value sold, by states, 608.

Employees, number of, in cotton manufacturing establishments, 28; in woolen manufacturing, 85; in boot and shoe industry, 230. See also Wage-earners and wages.

Establishments, number of, manufacturing combined textiles, 4; increase, 5; combined textiles, not including flax, hemp, and jute products, 3; cotton goods, 5; in boot and shoe industry, 230. See also Wage-earners and wages.

Englewood, cotton consumption in, 11; exports to, of rice and rice products, 436; cottered and turpentine products, 545; turpentine, 654; rosin, 655; imports from, of rice and rice products, 437.

Estonia, imports of wool from, 101; exports to, of rice and rice products, 436; cottered products, 547; turpentine, 654.

Egyp, average consumption of raw silk, 13; quantity and cost of cotton imported from, 62.
INDEX.

Fulgham, H. McK., section on Rice, clean-
ness and processing, summary, 114, 162.
Fulton county, N. Y., effect of labor
troubles on leather glove and mitten
industry, 263; statistics of industry, 207.

Galveston, Tex., exports of rice, 438; tur-
rentine and rosin, 653.

Gambit, Henry, section on Timber Regions
of United States by, 569.
Geographic division, statistics shown by,
combined textiles, 13; cotton goods, 27, 20, 31, 45, 52; wool manufactures, 91;
slaughtering and meat packing, 481;
printing and publishing, 707, 710, 711;
book and job printing, 714, 715, 716, 718;
novels and periodicals, 722, 724, 727, 728,
729, 732, 735, 741, 745, 748.
Georgia, growth of silk industry, 189;
statistics of rice industry, 434, 435; per
cent of cruiser cottonseed to total pro-
duction, 549. See also States and terri-
torials.

German Oceania, exports to, of rice and
textile products, 436.
Germany, number of wage-earners in textile
industries, 11; number of cabinet makers, 12;
wool consumption, 12; raw silk con-
sumption, 13; imports of wool from, 101,
102; of rice, 437; exports to, of rice and
textile products, 436; of cottonseed and
its products, 547; unmanufactured woods,
622; turpentine and rosin, 654; per capita
consumption of rice, 435.

Gibralter, exports to, of cottonseed pro-
ducts, 547.

Gingham, quantity and value manufac-
tured in cotton mill, 34, 53.
Glass, statistics of establishments manu-
facturing, summary, 837, 840, 860; pressed
and blown, and bottles and jars, 846, 888;
rank of states, 812; building glass, 644, 866;
materials used, 851; value of products, 854;
imports and exports, 856; description
of process of manufacturing, 873; his-
tory of industry, 870; stained glass, 871;
cut glass, 871; novelties in art glass, 872;
chemical glasses, 873; hot cast porcelain,
874; improvements in methods, 874.

Gloversville, N. Y., comparative summary
of establishments manufacturing leather
and mitten, 297.

Gloves and mittens, quantity and value
manufactured in hosery and knit goods
industry, 90, 155; exports of, 506.

Gloves and mittens, leather, quantity and
value manufactured, 296; statistics of
establishments in Fulton county, Glos-
sville, and Johnstown, N. Y., 337; sum-
mary, by states, 296, 298.

Goads. See Leather, tanned, cured,
and finished.

Gorie, Dr. John, invention of system of
manufacturing ice, 502.

Greece, imports of wool from, 101; of rice
and rice products, 437.

Greenland, Iceland, etc., imports of wool
from, 101.

Grasslands. See Flour and grit mill prod-
ucts.

Guatemala, exports to, of cottonseed pro-
ducts, 547.

Guatemala, exports to, of cottonseed pro-
ducts, 547.

Hawaii, shipments to, of rice and rice
products, 436; shipments from, 437; sum-
mary and industry, 458. See also States
and territories.

Hamburgh, use of bark for tanning, 273;
average value per thousand feet, 598;
quantity and value sawed, 608; quantity of
standing, 614; location, 643. See also
Tanning materials.

Hemp. See Flax, hemp, and jute products.

Hercy, tallow, quantity and value sawed,
by states, 660.

Hides and skins, used in manufacture of
leather, tanned, cured, and finished, kind,
quantity, and cost, 258; conditions affecting
the quality and substance, 272; used in
manufacture of leather gloves and muttons,
kind, quantity, and cost, 247.

Honolulu, exports to, of cottonseed pro-
ducts, 547.

Hong Kong, exports to, of rice and rice
products, 456; cottonseed products, 648;
turpentine, 654; resin, 665; imports from,
of rice, 437.

Hoods, scarfs, rubins, etc., quantity and
value manufactured, 95, 82.

Hooch and eyes. See Needles, pins, and
hooks and eyes.

Hosery and knit goods, statistics of estab-
lishments manufacturing, summary, 4, 62,
68, 76; quantity of capital, 6; 68; average
wage-earners and wages, 6, 7; value of
products, 496, 506; raw fibers and yarns
consumed, 8; value of products, 9, 16, 66,
69; exports and imports, 10; raw cotton
consumed, 12; exports of cotton spindles,
40; history of industry, 61; distribu-
tion, 63; materials used, 82; quantity and
value in wool industry, 106; silk yarn
used, 165; chrysalis and chrysalids, 136.

Hume, William, fish canning industry begun
by, 428.

Huron, Mich., exports of rice, 438; turpen-
tine and resin, 653.

Ice, manufactured, growth of the industry,
496; statistics of establishments manu-
facturing, summary, 837; uses of, 496;
food systems used, 496, 602; area of natural
and artificial ice, 497; amount of capital,
498; materials used, cost and kind, 498;
value of products, 498, 499; quantity and
value of exports, 501; history and descrip-
tion of industry, 501.

Iceland, imports of wool from, 102. See also
Greenland, Iceland, etc.

Idaho. See Montana and Idaho, States
and territories.

Illinois, concentration of printing and pub-
lishing industry, 71; circulation of pub-
lications, 734, 742, 740, 748. See also
States and territories.

Imports, of given manufactures, 10; of
cotton goods, 21, 22; raw cotton, 31; wool
manufactures, 85, 97; wool, 96, 99, 100, 101, 102,
103; silk and silk goods, 103; raw silk, 179;
vegetable ivory, 209; needles, pins, and
hooks and eyes, 271; silk china and pearl, 222;
principal kind of leather, 271; gloves,
297; butter and cheese, 311; wheat flour,
353; fish, fruits and vegetables, canned or
preserved, 359; rice and rice products, 456;
slaughtering and meat packing, 457;
glass, 591; silk, 521; tobacco, 556; wool,
622, 623; paper and wood pulp, 683; pens and
pencils, 293; glass, 857; clay products, 858.

India, raw silk consumption, 13; production,
178; imports of, 101, 102; rice
INDEX.

India, industry importance, 439; production and consumption, 438; method of production, 501.

Indian Territory, per cent of crushed cottonseed to total production, 543. See also States and territories.

Indians, growth of silk industry, 182; circulation of publications, 734, 742, 748. See also States and territories.

Iowa, circulation of publications, 746. See also States and territories.

Ireland, imports of wool from, 101, 102.

Italy, cotton spinners, 12; raw silk consumption, 13; production, 278, 179; imports from, of wool, 101, 102; rice and rice products, 437; exports to, of cottonseed and its products, 547; unmanufactured woods, 622; turpentine and resin, 654.

Ivory, vegetable, imported for button manufacture, 295.

Japan, cotton consumption, 11; number of cotton spinners, 12; imports from, of wool, 101; rice and rice products, 437; raw silk produced, 179; importance of rice industry, 439; production and consumption of rice, 438; exports to, of rice and rice products, 438; cottonseed products, 458; imports of cottonseed, 653.

Jeans, denim and drilling, imports, 22; exports, 28.

Jesse M. and Stockinet, quantity and value manufactured, 68, 82.

Johnstown, N. Y., summary of establishments manufacturing leather gloves and mittens, 237.

Jute, consumption of, by industries, 8; summary of establishments manufacturing jute goods, 189. See also Flax, hemp, and jute.

Jute, ramie, and other vegetable fiber yarns, used in hoseyry and knit goods industry, quantity and value, 68, in wool manufacture, 65, 69.

Kansas, circulation of publications, 746. See also States and territories.

Kentucky, manufacture of manuratures, 43; consumption of manure products, 143. See also States and territories.

Key West, Fla., exports of rice, 438; turpentine and resin, 654.

Kilns, number and kind, 896; in industry of pottery, terra cotta, and fire clay products, 519.

Knit goods, imports, 22; exports, 23. See also Hosiery and knit goods.

Knitting machines, number and classification of those employed in hosiery and knit goods industry, 64, 68, 78.

Labor, cost per spindle in cotton factories, by states, 53.

Labour, See Newfoundland and Labrador. See also States and territories.

Laces, silk, quantity and value manufactured, 124. See also States and territories.

Laces and lace curtains, value of imports, 22; statistics of establishments manufacturing, comparative summary, 35.

Land, amount of capital invested in, in cotton industry, 47; in wool industry, 89.

Language, newspapers and periodicals classified by, 730.

Lard, whale, gutting and meat packing, refined lard and sausage.

receipts and patterns, methods of making and testing, 243.

Lead, boxes, number employed in hosiery and knit goods industry, 65.

Lawrence, Mass., rank in wool manufacture, 88.

Leather, tanned, cured, and finished, use in boot and shoe industry, 231; statistics of establishments engaged in industry, summary, 207, 209, 205, 278; capital, 257; misuse of, 238; materials used, by kind, 257; value of output of sole leather, 264; rough leather, 201; upper leather, 205; goatskins, 205; sheepskins, 206; harness leather, 206; rank of states, according to the above, valued ranked by value of products, 268; power used, 270; exports and imports, 270; history and description of tanning, curing, and finishing processes, 261; manufacture of leather, soaking, softening, and fleshing, 274; detanning, cutting, filling, curing, splitting, 266; finishing, sewing,quilting, cutting out, buffing, blacking, starching, raking, grinding, 276; line unhauling, shaving, crutching, propping, glazing, and dyeing together, 277; measuring machines, 377.

Lee, William, invention of knitting frame by, 61.

Leggings, cotton, quantity and value manufactured, 66, 82.

Levant, Tho., raw silk production, 178, 170.

Liberia, exports to, of rice and rice products, 438.

Linen, yarns consumed by various industries, 8; by cotton industry, 34, 52, 58; hosiery and knit goods industry, 69, 95.

Linen goods, quality and value manufactured in cotton mills, 54; summary of establishments manufacturing, 101.

Lindings, cotton, quality manufactured in wool manufacture, 104, 107.

Linoleum, description of manufacture, 224. See also Olfelcho and linoleum.

Litters, cotton, quantity and value of exports, 548; quantity obtained, and uses of, 549.

Livermore, Ohio, statistics of establishments manufacturing pottery, terra cotta, and fire clay products, 523.

Logging, summary of industry, by states, 822; rank of states, according to the above, valued ranked by value of logs, 597; average value per thousand feet of principal timber species, 598; quantity and value of principal products, 599; historical sketch of industry, 618; methods used in Lake states, 610; New England, 619; Adirondacks, 619; Southern states, 619; Pacific coast, 619; quantity and value of logs imported from Canada, 623.

Looms, number used in cotton manufactures, 24, 46, 51, 55, 56; in upholstery, 36; wool, 99, 94, 116; 342, 104, 357, 355; carpets and rugs, 112, 113; felt goods, 114, 149, 152; shoemaking, 114, 115, 155, 156; wool and worsted, 114, 157, 158; cotton and wool and wool pulling, 118, 156, 157; wool hat industry, 159; silk manufactures, 161, 164, 167, 173, 182; flax, hemp, and jute goods industry, 187, 590; cordage and twine, 190; linen goods, 191; dyeing and finishing textiles, 196, 199, 201; button industry, 207, 210; needles, pins, and hooks and eyes, 215, 218; oilcloth and linoleum, 229, 236, 239; boots and shoes, 229, 231, 233; leather, tanned, cured, and finished, and durable 243, 248, 250, 258, 278; leather gloves and mittens, 250, 259, 258, 288; butter, 252; condensed milk, 250, 256, 257, 316; butter, 252; cheese, 342; cheese, 352; condensed milk, 338; fish and fish products, 343, 345, 347, 348, 357, 355; fish curing, 318; growing and preserving, fish, and vegetables, 359, 397; fish and vegetables, 396, 402, 409; fish, 416, 503; oyster, 422, 423, 425; rice cleaning and polishing, 438, 485, 487; beet sugar industry, 449, 456, 460; sugar beet industry, 460, 463, 472, 480, 483; manufactured ice, 495, 496, 508, 504, 505; salt industry, 515, 517, 522; cottonseed products, 541; tobacco, 593, 594, 595, 597, 599, 594; potatoes, 611, 612, 613, 614, 615; potatoes, 567; lumber and timber products, 631; turpentine and resin, 649, 650, 651, 665; paper and wood pulp, 661, 664, 668, 688; printing and publishing, 702, 707, 713, 720, 732, 761, 761, 778, 780, 800, 812; pence and pence, 827; glass, 837, 890; clay products, 778, 878; brick and tile industry, 888, 898; pottery, porcelain, terra cotta, and china, 898, 899; meal and cake, 910.

Meal and cake, cottonseed, growth of industry, 560.

Machinery, measuring machines, for leather, 277.

Mays, Hugh B., section on Manufactured ice by, 495.

Men. See Wage-earners.

Mercerized cotton yarn, quantity consumed and cost, 34.

Merchant mills, summary of, in flour and gist mills industry, 548; in order of their rank as wheat producers, by states, 551.
INDEX.

Merino yarn, quantity and cost, consumed in cotton mills, 34; in hosiery and knit goods industry, 65; in wool manufactures, 98, 99. McRae, Robert H., section on Starch by, 439.

Mexico, cotton consumption, compared with other countries, 11; number of cotton spindles, 12; exports to, of rice and rice products, 436; cottonseed and its products, 547; unmanufactured woods, 622; turpentine, 604.

Michigan, bees sugar industry, 446, 447, 453. Minnesota, States and territories.

Milk and its by-products, cream and milk, 311; skimmed milk, 312; condensed milk, 332; milk supplies, cost of, in manufacture of cotton goods, 53; of cotton small wares, 68. Minneapolis, Minn., importance as a milling center, 439.

Mississippi, See States and territories.

Missouri, See States and territories.

Mitters. See Gloves and mittens.

Moisture, All exports of rice, 438; turpentine and rosin, 604.

Mohair, quantity and cost, used in hosiery and knit goods industry, 65, 82; in wool manufactures, 98. Mohair dress goods, quantity and value, 107. Mohair yarn, consumed in cotton industry, 34; in silk industry, 107.

Montana, See States and territories.

Montana and Idaho, exports of rice, 438; turpentine and rosin, 603.

Morocco, average consumption of raw silk, 13.

Mosquito and other netting, quantity and value manufactured, 34, 93.

Mule spindles, number in cotton mills, by states, 41. Mule spinners, number in cotton mills, 50, 56.

Mungo. See Shoddy and mungo.

Munro, Prof. Charles E., section on Salt by, 516.

Music, summary for establishments manufacturing, 719.

Mutton, quantity and value sold, 468. Myrobalan, use in tanning, 273.

National Association of Wool Manufacturers, estimate of wool industry, 118.

Nebaska, cotton and industry, 483. See also States and territories.

Needles, pins, and hooks and eyes, statistics of establishments manufacturing, summary, 235, 237; value of products, 236; value of imports, 217.

Netherlands, imports of wool from, 101, 102; of rice, 457; exports to, of rice and rice products, 436; cottonseed and its products, 547; unmanufactured woods, 622; turpentine and rosin, 604.

Nevada. See States and territories.

New England, effect of labor troubles on cotton manufactures, 20; growth of silk industry, 180; importance of boot and shoe industry, 282. See also States and territories.

New Hampshire. See States and territories.

New Jersey, detailed statistics of establishments manufacturing silk, 174; growth of the industry, 189; rank in silk and linoleum industry, 222. See also States and territories.

New Mexico, See States and territories.

New Orleans, La., exports of rice, 438; turpentine and rosin, 603.

New York, growth of silk industry, 180; concentration of printing and publishing industry, 711; circulation of publications, 734, 742, 746, 748. See also States and territories.

New York, N. Y., cotton quotations for various years, 29; exports of rice, 438; turpentine and rosin, concentration of printing and publishing industry, 712; circulation of publications, 720; rank in monthly publications, reasons for, 781. New Brunswick and Labrador, exports to, of rice and rice products, 436; cottonseed products, 547; turpentine, 604.

Newspapers and periodicals, relative importance of industry, 710, 711; statistics of establishments and output in industry, summary, 720, 770, 812; value of products, 721, 724, 725, 787; statistics by geographic divisions, 722; value of advertising and subscription sales, 721, 724; increase in industry, 725; comparison of exclusive and combination establishments, 720, 758; number, by period of issue, 727, 728, 783; increases in circulation and value of products, 725; in daily papers, 728; value of publications, 729; language, 730; statistics of circulation, 730; increase, 731; by states, 739; importance of value divisions, 733; in the leading states, 734; export circulation, 730; circulation by character, 737, 738; by period of issue, 738, 739, 783; rank of states, 740; circulation, 741; in leading states, 742; in large cities, 743, 744; weekly publications, 744; circulation, 746; in leading states, 746; importance of value divisions, 767; circulation, 747, 748; in large cities, 750, 751; statistics for industry in Alaska, 752; materials used, quantity, and cost, 778, 785; aggregate issue during census year, 796.

Niagara, N. Y., exports of turpentine and rosin, 603.

Nicaragua, exports to, of cottonseed products, 547.

Nolms. See Materials used, wool.

North America, imports of wool from, 102.

North Carolina, growth of silk industry, 180; per cent of crushed cottonseed to total production, 543. See also States and territories.

North Dakota, exports of turpentine and rosin, 603. See also States and territories.

Norway. See Sweden and Norway.

Novia Scotia, New Brunswick, etc., exports to, of cottonseed products, 547.

Oak, average value per thousand feet, 508; quantity and value sawed, 606; quantity of standing, 641.

Oak bark. See Tanning materials.

Oceania, exports to, of rice and rice products, 436; unmanufactured woods, 622; turpentine and rosin, 604.

Ohio, growth of silk industry, 180; concentration of printing and publishing industry, 711; circulation of publications, 734, 742, 746, 748. See also States and territories.

Oil, cottonseed, quantity and value of exports, 547, 548; description of uses, 550. See also Cottonseed products.

Oilcloth and linoleum, statistics of establishments manufacturing, summary, 221, 222; value of products, 222; imports and exports, 222; history and description of industry, 222.

Okahoma, per cent of crushed cottonseed to total production, 543. See also States and territories.

Oregon. See States and territories.

Organizing and training, silk, how enumerated, 151; quantity and value, 162, 164; number of spindles in silk mills, 165.

Oswegatchie, N. Y., exports of rice, 438; turpentine and rosin, 603.

Oysters, canned, value of exports, 393; statistics of establishments engaged in industry, summary, 427, 429, 433, 438; rank of states, 423; history and description of industry, 426, 429.

Palmateer root, location, 273.

Pamlico, N. C., exports of turpentine and rosin, 603. Panama, exports to, of cottonseed products, 547.

Paper. Production of newspaper, quantity and value, 668; book, 606, 609; cover and heavy printing, 469; card and bristol board, 669; wrapping, 670; fine, 673; writing, 673; board, 673; tissue, 678; blotting, 678; building, 673; hanging, 679; imports and exports, 683; need of technical education in making, 684; quantity used in newspaper and periodical industry, 723.

Paper and wood pulp, statistics for establishments manufacturing, summary, 661, 664, 686; amount of capital, 666; materials used, 666; value of products, 667; progress of the industry, 684.

Paraguay, exports to, of cottonseed products, 547.

Paucio de Norte, Tex., exports of rice, 438; turpentine and rosin, 603.

Passamaquoddy, Me., exports of cotton, 438; turpentine and rosin, 603.

Pencils, lead, statistics for establishments manufacturing, summary, 832, 834; number of establishments, by states, 833. See also Pens and pencils.

Pennsylvania, growth of silk industry, 180; concentration of printing and publishing industry, 711; circulation of publications, 734, 742, 746, 748. See also States and territories.

Pens, statistics for establishments manufacturing, fountain and stylographic, summary, 828, 829; gold, summary, 830; steel, summary, 831. See also Pens and pencils.

Pens and pencils, statistics for establishments manufacturing, summary, 827; products, by kind, quantity and value, 828.

Penacola, Fl., exports of rice, 438; turpentine and rosin, 603.

Poppel, Prof. S. V., observations and experiments concerning adobe brick, 894. Periodicals. See Newspapers and periodicals.

Perkins, Mr. Jacob, invention of ice machine, 501.

Peru, imports of wool from, 102; of rice, 437; exports to, of rice and rice products, 436; cottonseed and its products, 547; turpentine and rosin, 604.

Philadelphia, Pa., rank in wool manufactures, 88; exports of rice, 438; turpentine and rosin, 603; concentration of printing and publishing industry, 712; circulation of publications, 760.

Philippine Islands, quantity of rice produced, 439; imports of rice to, 439.

Strawberries, canned and preserved, quantity and value, 410.
Sugar, cane and beet, commercial production of, 182; theory of, 183; Sugar pine, location, 644.
Sura, use in tanning, 273. See also Tanning materials.
Superior, Mich., exports of rice, 438; turpentine and resin, 653.
Sweet potatoes, canned, quantity and value, 410.
Switzerland, number of cotton spindles, 12; consumption of raw silk, 15; imports from, 101.
Syracuse, quantity and value saved, 999.
Syria, N. V. nail manufacturer, 621.
Syria, consumption of raw silk, 13.
Tannin, quantity and value saved, 607.
Tampa, Fla., exports of turpentine and resin, 653.
Tanning materials, used in industry of leather, tanned, curried, and finished, by kind, quantity and value, 568; vegetable varieties, 273; mineral, 274.
Tapestry, quantity and value manufactured by cotton goods establishments, 67; cotton, 67; silk, 67; flax, 67; wool, 67; rayon, 67.
Tarpaulins, consumption of, in cotton goods, 54, 64. See also Cordage and twine.
Tapestry and tapestries, machines, number of, per cent distribution in newspapers and periodical industries, 273; number of machines and operators in book and job printing industry, 761; in newspaper and periodical industry, 770.
Tobacco, average value per thousand feet of principal grades of, 559; classification of materials and products, 652.
Tobacco, comparative summary of establishments engaged in the industry, 553; cost of materials used, 554; acreage and quantity grown, 555; quantity of leaf, used in manufacturers, 555; exports and imports, 555; from what countries imported, 556; to what countries exported, 556. See also Cigars and cigarettes, and Tobacco, chewing and smoking, and snuff.
Tobacco, chewing and smoking, and snuff, statistics of establishments manufacturing, summary, 554, 555, 556, 557, 567; cost of materials and products, 652; quantity withdrawn for consumption, 565.
Tomatoes, canned, quantity and value, by states, 404, 430.
Tooga, Samoa, etc., exports to, of rice and rice products, 436.
Towels and towelling, manufactured in cotton mills, quantity and value, 54.
Trenton, N. J., statistics of establishments manufacturing pottery, terra cotta, and fire clay products, 653.
Turkey, imports of wool from, 101, 102; of rice and rice products, 437; exports to, of cottonseed products, 547, 548.
Turpentine, quantity and classes distilled, and value of products, 652; quantity and value of exports, 654. See also Turpentine and resin.
Turpentine and resin, statistics of establishments manufacturing, summary, 649, 650, 656; value of products, 651, 652; consumption and exports, 652; quantity of exports by customs districts, 653; future of industry, 655.
Twills and satins, quantity and value manufactured in cotton mills, 54, 63.
Twine, quantity and value manufactured in cotton mills, 54, 64. See also Cordage and twine.
Typecasting and typesetting machines, number of, per cent distribution in newspapers and periodical industries, 761; in newspaper and periodical industry, 770.
Underwear, quantity and value manufactured, included in hobstay and knitted goods industry, 67; cotton, 67; wool, 67; rayon, 67; flax, 67; silk, 67; cotton, 67; wool, 67; rayon, 67; flax, 67; silk, 67.
United Kingdom, consumption of cotton compared with other countries, 11; number of wage-earners engaged in textile industries, 11; number of cotton spindles, 12; consumption of wool, 12; exports to, of rice and rice products, 436; cottonseed and its products, 457; unmanufactured woods, 452; turpentine and resin, 654; imports of rice from, 437.
United States, accuracy of industrial statistics, 10; wage-earners in textile industries, 11; cotton consumption, 11; number of cotton spindles, 12; wool consumption, 12; raw silk consumption, 13. See also States and territories.
Upholstery goods, quantity and value manufactured in cotton mills, 54, 56, 59, 62; in wool establishments, 104; silk, 169, 172.
Upper leather. See Leather, tanned, curried, and finished.
Uruguay, imports from, of wool, 101, 102; exports to, of cottonseed products, 548; turpentine, 654; resin, 655.
Uruguay, growth of silk industry, 180; beet sugar industry, 453. See also States and territories.
Vacuum system, used in ice manufacture, description, 562.
Valencia, use in tanning, 278.
Velvets, silk, quantity and value manufactured, 164, 169, 172.
Veneers, production of, by states, 613.
Venezuela, imported from, 101; exports to, of rice and rice products, 436; cottonseed products, 548; turpentine, 654; resin, 655.
Virginia, rank in wool manufacture, 87; growth of silk industry, 180. See also States and territories.
Vermont, exports of rice, 438; turpentine and resin, 653.
Vicuña hair. See Materials used, wool.
Virginia. See States and territories.

West Indies, imports from, of wool, 101; of rice and rice products, 437; exports of rice and rice products, 435; cottonseed and its products, 457; unmanufactured woods, 622; turpentine, 654; resin, 655.
West Virginia, growth of silk industry, 180. See also States and territories.
West India, classification of mills according to annual production, 434; number of mills manufacturing, by size, for given states, 349; merchant mills in order of their rank as producers, 321; roller process used, 321; quantity of materials and products, 321; quantity standing, 641; location, 642.
Wilmington, N. C., exports of turpentine and resin, 653.
White pine, average value per thousand feet, 568; quantity and value saved, by states, 566; shingle production, 561; quantity standing, 641; location, 642.
White pine, imports of lumber and timber products affected by, 625.
Winfield, Samuel, first patent in United States granted to, 631.
Windsor, growth of silk industry, 180; butter, cheese, and condensed milk industry, 306, 310; beet sugar, 447, 453. See also States and territories.
Women. See Wage-earners.
INDEX.

Wood pulp and fiber, production of, by states, 686; made to sell, by kind and value, 681, 683; made for own use, by states, 682; equipment and capacity of mills, 682; imports and exports, 683; detailed summary of power in mills, 683.

Woods, unmanufactured, exports of, by countries received, 622; by value, 622; imports of, 623; location of hard, 643.

Wool, pounds consumed, by decade, 7; by industries, 8; difficulty of obtaining statistics concerning, 12; estimated amount retained for consumption in certain countries, 12; used in hospitality and knit goods, industry, quantity and cost, 65, 69, 82; imported for carpet industry, quantity and cost, 82; used in wool manufactures, 95, 90; domestic production, imports and exports, and net supply, 96; consumption of, in various industries, 96; total and per capita consumption, 97; imports of, 99, 100; source of foreign supply, 101; imports entered for consumption, by class, quantity, and value, 103; value of products, 103.

Wool hats. See Hats, wool.

Wool manufactures, comparative summary of industry, 4, 87, 126, 128; capital invested in, 5, 89; employees and wages, 6, 7, 80; value of products, 9, 103, 104; relation of cost of materials to value of products, 9; value of domestic products, exports and imports, 10; raw cotton used, 32, 93; progress of industry, 95, 96; scope of Census inquiry, 96; power used in, 96; machinery employed, 91; materials used, 93; imports of, 93; scoured wool consumed, 93; shoddy, 99; chemicals and dyestuffs used, 90, 186; silk yarn used, 186.

Wool pulling, comparative summary for industry, 118; detailed summary, 157.

Wool scouring, per cent shrinkage, 97; comparative summary for industry, 118; detailed summary, 156.

Woolen goods, raw fibers, and yarns consumed, 8; number of square yards produced, 8; rank of leading states, according to value manufactured, 87; spindles distributed as to kind, 94; looms making, 94; materials used, by kind, quantity, and cost, 95; average cost of scoured wool consumed, 98; yarns purchased, distributed by kind, 99; woven fabrics distinguished as, 103; summary of industry, 112, 126, 138; added value through dying and finishing, 200.

Worsted goods, raw fibers and yarns consumed, 8; cotton spindles in establishment manufacturing, 49; condition of industry, 55, 56; rank of leading states according to value manufactured, 87; concentration of industry, 93; looms making, 94; spindles, distributed as to kind, 94; materials used, 93; cost of scoured wool consumed, 98; yarns purchased, 99; woven fabrics distinguished as, 107; summary of industry, 111, 128, 138.

Woven goods, number of square yards produced, 9; quantity and value manufactured in cotton mills, 84, 35; in worsted mills, 100.

Wrapping paper, production of, by kind, quantity, and value, 670.

Wyoming. See States and territories.

Yarns, amount consumed, by kinds, 8; imports of, 22; other than cotton, 34; cotton, 38, 54; in manufacture of cotton goods, 82; cotton small wares, 55, 58; in hosiery and knit goods, 65, 66, 69, 82, 106; in wool manufactures, 95, 99, 104, 106; in silk industry, 164, 167. See also Cotton yarns.

Yellow pine, average value per thousand feet, 698; quantity and value sawed, 608; shingle production, 611; quantity of standing, 641; location, 643.
