

INDEX.

- Alabama. *See* States.
- Alaska, governmental telegraph and telephone system in, 164; radiostations, 168.
- Arizona. *See* States.
- Arkansas. *See* States.
- Assets, amount of, for telephone systems, 42, 47; for land and ocean telegraph systems, 159, 160; for wireless telegraph systems, 167.
- Balance sheet, for telephone systems, 47; for land and ocean telegraph systems, 159, 160; for wireless telegraph systems, 167.
- Bell Telephone System, summary of statistics, 12; number of telephones, 13, 35, 36; miles of wire and estimated number of messages or talks, 13, 36; comparison with other systems, 34; telephones connected with, 37; traffic, 38; comparative summary, 39; public exchanges, 39; private-branch exchanges, 41; capitalization, 43; capital stock and funded debt, 44; common and preferred stock, 45.
- California, number of telephones, with per cent increase and per cent distribution, 26. *See also* States.
- Capitalization, amount of, for telephone systems, 42, 43; for land and ocean telegraph systems, 159, 160; for wireless telegraph systems, 167.
- Cities, telephone rate schedules in, 51.
- Cities of 30,000 and over, miles of single wire in subways and conduits for fire-alarm and police-patrol systems, 189; fire alarms, assessed valuation of real estate and improvements, property loss by fires, and insurance paid, 192.
- Colorado. *See* States.
- Companies or systems, number of, for telephones, 13, 39; for land and ocean telegraphs, 159, 160; for wireless telegraphs, 167.
- Conduits. *See* Subways, etc.
- Connecticut. *See* States.
- Delaware. *See* States.
- District of Columbia. *See* States.
- Employees, number, salaries, and wages of, for telephone systems, 48; for land and ocean telegraph systems, 159, 160; for wireless telegraph systems, 167.
- Expenses, amount of, for telephone systems, 42, 45, 46; for land and ocean telegraph systems, 159, 160; for wireless telegraph systems, 167.
- Fire alarms, number of, in cities of 30,000 and over, 192.
- Fire insurance, total amount paid, 192.
- Fire-alarm and police-patrol systems, number of, by boards or departments of administration, 172; miles of single wire, 173; in subways or conduits, 189, 191; boxes, transmitters, and registers, 173.
- Florida. *See* States.
- Geographic divisions, number of telephones, 15, 26, 28; per 1,000 population, 15, 27; estimated number of messages or talks, 15; per capita, 33; miles of wire, 15, 24, 28; telephone systems reporting annual incomes of less than \$5,000, 29; of \$5,000 or more 32; comparison of Bell Telephone System with other systems, 35, 36; private-branch exchanges, 41; fire-alarm and police-patrol systems, 173.
- Georgia. *See* States.
- Great Northern Telegraph Co., line and wire owned by, 162.
- Great Northwestern Telegraph Co., line and wire owned by, 162.
- Idaho. *See* States.
- Illinois, number of telephones, with per cent increase and per cent distribution, 26. *See also* States.
- Income, amount of, for telephone systems, 42, 45, 46; for land and ocean telegraph systems, 159, 160; for wireless telegraph systems, 167.
- Indiana, number of telephones, with per cent increase and per cent distribution, 26. *See also* States.
- Iowa, number of telephones, with per cent increase and per cent distribution, 26. *See also* States.
- Kansas, number of telephones, with per cent increase and per cent distribution, 26. *See also* States.
- Kentucky. *See* States.
- Land and ocean telegraph systems combined. *See* Telegraph systems.
- Land telegraph systems. *See* Telegraph systems.
- Liabilities, amount of, for telephone systems, 47; for land and ocean telegraph systems, 159, 160; for wireless telegraph systems, 167.
- Louisiana. *See* States.
- Maine. *See* States.
- Maryland. *See* States.
- Massachusetts, number of telephones, with per cent increase and per cent distribution, 26. *See also* States.
- Michigan, number of telephones, with per cent increase and per cent distribution, 26. *See also* States.
- Minnesota, number of telephones, with per cent increase and per cent distribution, 26. *See also* States.
- Mississippi. *See* States.
- Missouri, number of telephones, with per cent increase and per cent distribution, 26. *See also* States.
- Montana. *See* States.
- Nebraska, number of telephones, with per cent increase and per cent distribution, 26. *See also* States.
- Nevada. *See* States.
- New Hampshire. *See* States.
- New Jersey. *See* States.
- New Mexico. *See* States.
- New York, number of telephones, with per cent increase and per cent distribution, 26. *See also* States.
- North American Telegraph Co., line and wire owned by, 162.
- North Carolina. *See* States.
- North Dakota. *See* States.
- Ocean cable, nautical miles of, 159; list of companies, 165.
- Ocean cable telegraph systems. *See* Telegraph systems.
- Ohio, number of telephones, with per cent increase and per cent distribution, 26. *See also* States.
- Oklahoma. *See* States.
- Oregon. *See* States.
- Panama Canal Zone, governmental telegraph and telephone system in, 164; radiostations, 168.
- Pennsylvania, number of telephones, with per cent increase and per cent distribution, 26. *See also* States.
- Philadelphia, Reading & Pottsville Telegraph Co., line and wire owned by, 162.
- Philippine Islands, governmental telegraph and telephone system in, 164; radiostations, 168.
- Pole line, miles of, for land and ocean telegraph systems, 159, 160.
- Police-patrol systems. *See* Fire-alarm, etc., systems.
- Porto Rico, governmental telegraph and telephone system in, 164.
- Postal Telegraph-Cable Co., line and wire owned by, 162.
- Property loss by fires, total and per capita, 192.
- Radio stations, list of, 168.
- Railway telegraphs, line and wire along right of way, and owned by companies other than railway, 162.
- Railway telephones, train dispatching by means of, 163.
- Railway wireless, data regarding, 167.
- Rate schedules for telephones, index of, 51.
- Real estate and improvements, assessed valuation of, 192.
- Rhode Island. *See* States.
- Salaries and wages, amount of, for telephone systems, 48; for land and ocean telegraph systems, 159, 160; for wireless telegraph systems, 167.
- South Carolina. *See* States.
- South Dakota. *See* States.
- States, number of telephones, 15, 22, 25; per 1,000 population, 15, 27; estimated number of messages or talks, 15; per capita, 33; miles of wire, 15, 22, 25; telephone systems reporting annual incomes of less than \$5,000, 29; of \$5,000 or more, 32; comparison of Bell Telephone System with other systems, 35, 36; private-branch exchanges, 41; fire-alarm and police-patrol systems, 173; miles of single wire in subways and conduits, 191.
- Subways, or conduits, miles of single wire in, 191.
- Systems. *See* Companies, etc.
- Telegraph systems, comparative summary, 14; number of offices, 159, 160; of messages, 159; list of companies, 160.
- land, list of companies, miles of wire, and number of messages, 160; revenue and income accounts, 161; operating expenses, 162.
- land and ocean combined, summary of statistics, 159.
- ocean cable, revenue and income accounts, 165, 166; operating expenses, 166.
- wireless, summary of statistics, 167.
- Telephone systems, reporting annual incomes of \$5,000 or more, comparative summary, 13, 39; estimated number of messages or talks, 32; per capita, 33; local exchange and long-distance, 38; public exchanges, 39; private-branch exchanges, 41; income and expenses, 42, 45, 46; capitalization, 42, 43; capital stock and funded debt, 44; common and preferred stock, 45; taxes, 46; balance sheet, 47; employees, salaries, and wages, 48.

- Telephone systems, reporting annual incomes of less than \$5,000, number of systems, miles of wire, and number of telephones, 29.
- Telephone systems and lines, summary of statistics, 13; comparative summary, 14; miles of wire, 15; by states, 22, 25; by geographic divisions, 24; by class of companies, 28; on exchange and toll circuits, 21, 38; number of telephones, 15, 36; by states, 22, 25; by geographic divisions, 26; by class of companies, 28; per 1,000 population, 15, 27; estimated number of messages or talks, 15, 36; comparison with Bell Telephone System, 34, 36.
- Telephones, description of census of, 9; development of industry, 12; number of, 12, 15, 35; by states, 22, 25; by geographic divisions, 26; per 1,000 population, 27; by class of companies, 28; estimated number of messages or talks, 12, 13, 15, 32, 36; exchange and long-distance or toll, 31; per telephone per day, 32; miles of wire, 22, 25; by geographic divisions, 24; by class of companies, 28; on exchange and toll circuits, 38; connected with Bell Telephone System, 37; public exchanges, 39; private-branch exchanges, 41; employees, salaries, and wages, 48; exchange rates, 49.
- Tennessee. *See* States.
- Texas, number of telephones, with per cent increase and per cent distribution, 26. *See also* States.
- Utah. *See* States.
- Vermont. *See* States.
- Virginia. *See* States.
- Wages. *See* Salaries, etc.
- Washington. *See* States.
- Washington-Alaska Military Cable & Telegraph system, decrease in number of commercial messages, 164.
- West Virginia. *See* States.
- Western Union Telegraph Co., lines and wire owned by, 162.
- Wireless station (Arlington, Va.), description of, 168.
- Wireless telegraph systems. *See* Telegraph systems.
- Wisconsin, number of telephones, with per cent increase and per cent distribution, 26.
- Wyoming. *See* States.
