

NOTES AND CORRECTIONS.

Since the stereotyping of the pages of Part II, a few errors and omissions have been discovered, some of which have been corrected in the proper place, while others are here noted. It is thought well, also, to call attention to certain variations from uniformity in Table XX. The scheme for this table provided for the individual exhibition of the indebtedness of all incorporated cities, towns, villages, and boroughs having 1,000 inhabitants or more, and the aggregation of all in each county with less than 1,000 in a single statement. The exigencies of the work has precluded the complete carrying out of this plan, and in several states, indicated by prefatory notes, pp. 775, 788, 825, and 875, only the corporations having 7,500 or more inhabitants, are shown by name. Township debt is only shown by county aggregates. The New England towns are not identical with the townships of the middle and western states, hence they are exhibited by name.

NOTE *a*—NORTH CAROLINA.—Township bonded debt incurred for aid to railroads (not shown in Table XX) exists as follows:

Caswell county	\$13,500
Granville county.....	9,000
Iredell county	10,000
Surry county	20,000
Total.....	<u>52,500</u>

NOTE *b*—ALABAMA.—The county bonded debt of Greene county is \$39,500 instead of \$59,500, as shown in Table XX. By this change the several totals into which the county bonded debt enters should be reduced \$20,000.

NOTE *c*—MISSISSIPPI.—The county floating debt of Attala county is \$3,000, instead of \$5,000, as shown in Table XX. By this change the several totals into which the county floating debt enters should be reduced \$2,000.

NOTE *d*—LOUISIANA.—The parish debt of Saint Bernard parish, which is given as a bonded debt amounting to \$5,757, should have been stated as a floating debt of \$5,276. The segregation of bonded and floating debt is thus changed, and the aggregate reduced \$481 for the several totals into which the parish debt enters.

NOTE *e*—ARKANSAS.—The school district indebtedness, amounting to \$45,121, is omitted in Table XX. The total debt of counties having indebtedness of this character should, therefore, be increased by such amount as pertains to each; and the several other totals into which school district debt enters should be increased by the full amount, \$45,121.

The appended table exhibits the school district debt by counties; counties having no debt of this kind are omitted:

Arkansas	\$2	Madison	\$266
Benton	475	Marion	1,200
Boone	400	Mississippi	313
Calhoun	400	Montgomery	2,275
Carroll	181	Nevada	150
Columbia	481	Newton	524
Conway	1,000	Perry	15
Crawford	100	Phillips	834
Cross	850	Pike	2,000
Dallas	1,200	Poinsett	200
Desha	950	Pope	696
Drew	5,000	Saline	70
Faulkner	4,231	Searcy	357
Fulton	56	Sebastian	1,283
Hempstead	742	Sevier	1,000
Howard	350	Sharp	312
Independence	347	Stone	107
Jackson	250	Union	275
Jefferson	10,196	White	1,900
Lee	230	Woodruff	350
Lincoln	1,790		
Little River	1,263	Total	<u>45,121</u>
Logan	500		

NOTE *f*—ILLINOIS.—The small amount of state debt proper existing in 1880 was redeemed in the succeeding year, except a trifling amount not presented for payment.

NOTE *g*—IOWA.—There is no township indebtedness. The amount of the war and defense loan, shown in the report of the state auditor, October 1, 1879, is \$300,000, but the amount considered in the tabulation of state debt proper, authorized by letter from the auditor, is only \$125,000.

VALUATION, TAXATION, AND PUBLIC INDEBTEDNESS.

NOTE *h*—MISSOURI.—Such township indebtedness as exists in Missouri was mainly incurred for aid to railroads prior to 1875. The new constitution, which became operative in that year, forbids the creation of debt for such purpose. There was, probably, in the census year indebtedness of this character to the amount of \$3,500,000, some of it being of doubtful or disputed validity. No sufficiently exact information was obtainable, hence it is not included in Table XX.

The exhibit for Saint Louis county, omitted in Table XX, was as follows:

	Bonded debt.	Floating debt.	Gross debt.	Sinking fund.	Net debt.
SAINT LOUIS COUNTY.					
Total	\$2,500	\$3,877	\$6,377	\$6,377
City and town debt	2,500	3,877	6,377	6,377
Kirkwood	2,500	1,677	4,177	4,177
Cities and towns under 1,000		2,200	2,200	2,200

NOTE *i*—KANSAS.—The indebtedness of boards of education of cities, which should have been reported as school district indebtedness, in some cases was combined with city debt proper, and the whole reported as city debt, and so tabulated; therefore, the true school district indebtedness is somewhat larger than that exhibited in Table XX and the true city and town debt somewhat less.

NOTE *j*—COLORADO.—The county debt of Hinsdale county—amounting to: bonded, \$65,000; floating, \$34,922; total, \$99,922, was inadvertently omitted from Table XX.
