Excerpts from "Instructions for Preparing Report" Describing Account Numbers Taken from the "Uniform System of Accounts."

Schedule Used in Collecting Data for Electric Light and Power Industry: 1937.
EXCERPTS FROM “INSTRUCTIONS FOR PREPARING REPORT”
DESCRIBING ACCOUNT NUMBERS TAKEN FROM THE “UNIFORM SYSTEM OF ACCOUNTS”

In the interest of uniformity the “Uniform system of accounts” prescribed by the Federal Power Commission for use of public utilities and licensees under its jurisdiction has been used. The parentheses following the titles of the accounts in the schedule refer to this system of accounts. Companies not subject to the jurisdiction of the Federal Power Commission should furnish such information as will conform as nearly as possible to the account titles, and to assist you in this, the following detailed account titles are shown in the hope that they will be a guide in the preparation of the report:

INQUIRY III.—INCOME STATEMENT AND DIVIDEND APPROPRIATIONS

The following statements give references to the accounts corresponding with the items in the “Income statement and dividend appropriations” inquiry. It will be necessary to combine certain accounts as indicated by the numbers in parentheses on the Census schedule. Respondents who do not have access to the Federal Power Commission classifications in question will find the titles of the accounts a valuable guide in preparing their reports.

Accounts 501 through 508 of the “Uniform system of accounts” refer to electric operations only and should appear in column B–1, entitled “Electric.” Account
509 of the "Uniform system of accounts" refers to operations of all utilities other than electric and a break-down of this account should appear in column B-2, entitled "Other utilities." Column B-3, entitled "Total" is the sum of columns B-1 and B-2 for items 1 and 2 and items 7 through 16. Accounts beginning with number 520 refer to total utility operations and should appear in column B-3 only.

Operating revenues.—The "Electric" column of this item corresponds to the Operating revenues account (501). Data for the "Other utilities" (column B-2) can be obtained from that part of the Other utility operating income account (508) which pertains to income.

Operating expenses.—The "Electric" column of this item corresponds to the Operating expenses account (502). Data for the "Other utilities" column can be obtained from that part of the Other utility operating expense income account (509) which pertains to expenses.

Cost of fuel.—Comprises the following accounts: Fuel (703) for steam power; Engine fuel (729) for internal combustion engines.

Purchased and interchanged power.—Comprises the following accounts: Purchased power (738); Interchanged power (758).

Maintenance.—This item covers the total maintenance expenses of production, transmission, distribution, as well as general and administrative maintenance of the electric utility plant.

Other operating expenses.—This item covers all production, transmission, distribution, administrative, and general operating expenses not covered under cost of fuel, purchased and interchanged power, or maintenance.

Depreciation.—Account 263 refers to the depreciation of the electric plant only. Depreciation for "Other utilities," like other items in column B-2, is obtained from account 263.

Taxes.—Account 507 applies to electric operations only. Account 509 contains taxes applicable to "Other utilities." A break-down of these accounts should be made to show Federal and other separately.

Other operating revenue deductions.—Comprises the following accounts: Amortization of limited-term electric investments (584); Amortization of electric plant acquisition adjustments (585); Property losses chargeable to operations (586). Account 509 contains all items listed above. "Other utilities." Account 508 pertains to column B-2, "Electric," white data for column B-2, "Other utilities," may be obtained from account 508.

Dividend appropriations—common stock.—This item covers the Dividend appropriations—common stock account (410).

Authorized cash distributions to the municipality (412) or by unincorporated undertaking.—This item covers authorized cash distributions by a municipality owned utility or by an unincorporated undertaking. Distributions by unincorporated undertakings should include dividends or other authorized distributions of earnings or earned surplus.

INQUIRY V.—DISPOSITION OF ENERGY

The respondent will note that "Residential or domestic sales," "Rural—distinct rural rates only," and "Commercial and industrial sales" are subdivided into "Farm" and "Nonfarm" on the schedule. In filling out the schedule, it will be necessary to divide these accounts, keeping in mind the following Census definition of a farm: "A farm, for the purpose of this census, is all the land which is directly farmed by one person, either by his own labor alone or with the assistance of members of his household, or hired employees. The land operated by a partnership is likewise considered a farm. A tract of land of less than 3 acres should not be reported as a farm unless its yearly agricultural products are estimated to be valued at $250 or more."

The following statement gives references to the accounts corresponding with the items in the "Disposal of energy" Inquiry V. Respondents who do not have access to the Federal Power Commission classifications in question will find the following titles to the accounts a valuable guide in preparing their reports:

Residential or Domestic Sales:

Farm.—This item covers that part of the Residential or domestic sales account (600) which pertains to farm service.

Nonfarm.—This item covers that part of the residential or domestic sales account (600) which pertains to nonfarm service.

Rural—Distinct Rural Rates Only:

Farm.—This item covers that part of the Rural sales account (600) which pertains to farm service.

Nonfarm.—This item covers that part of the Rural sales account (600) which pertains to nonfarm service.

Commercial and Industrial Sales:

Farm.—This item covers that part of the Commercial and industrial sales account (602) which pertains to farm service.

Nonfarm.—This item covers that part of the Commercial and Industrial sales account (602) which pertains to nonfarm service.
APPENDIXES

Public Street and Highway Lighting.—This item corresponds to the Public street and highway lighting account (666) and covers sales of electric energy for lighting streets, highways, parks, and other public places.

Other Sales to Public Authorities.—This item corresponds to the Other sales to public authorities account (664) and covers the sale of electric energy to municipalities or divisions or agencies of Federal or State governments, under special contracts or agreements or service classifications applicable only to public authorities, except such services as are incident in accounts 663 and 665.

Sales to Railroads and Railways:

Street and Interurban Railways.—This item covers that part of the Sales to railroads and railways account (660) which pertains to electric energy supplied to street and interurban railways for general railroad use.

Electric Steam-Railroad Divisions.—This item covers that part of the Sales to railroads and railways account (660) which pertains to electric energy supplied to electrified steam-railroad divisions for general railroad use.

Interdepartmental.—This item corresponds to the Interdepartmental sales account (667) and covers electric energy supplied to other departments of the utility company.

Sales to Other Electric Utilities:

Municipal Distribution Systems.—This item covers that part of the Sales to other electric utilities account (665) which pertains to the sale of energy for resale to municipal distribution systems.

Mutual or Cooperative Undertakings.—This item includes that part of the Sales to other electric utilities account (665) which pertains to the sale of energy for resale to mutual or cooperative undertakings.

Other Electric Companies.—This item includes that part of the Sales to other electric utilities account (665) which pertains to other sales for resale, not including sales to municipal distribution systems or mutual or cooperative undertakings.

Other Electric Revenue.—Comprises the following accounts: Rent from electric property (610); Interdepartmental rents (611); Customers' forfeited deposits and penalties (612); Sales of water and water power (613); Servicing of customers' installations (614); Miscellaneous electric revenue (615).

Total Operating Revenue.—The amount given for total operating revenue (Item 21) checks with inquiry III, item 1, "Electric," providing the companies' operations are all within one State. In cases where the company operated in more than one State, the sum of the various State reports for Item 21, Inquiry VI, will check with Item 1, inquiry III.

Grand Total, Disposal (Item 22).—The amount given for this item checks with inquiry IV, Item 13.
