PREFACE

Volume I is one of the principal reports presenting the results of the 1950 Census of Agriculture. Part 34 presents statistics on farms, farm characteristics, and agricultural products for Alaska, American Samoa, Guam, Hawaii, Puerto Rico, and the Virgin Islands of the United States. Parts 1 to 33 of Volume I present similar data for States, for counties and for State economic areas.

Provision for the 1950 Census of Agriculture in the Territories and possessions was made in the act of Congress providing for the fifteenth and subsequent decennial censuses, approved June 18, 1929, as amended.

Under "ACKNOWLEDGMENTS," preceding the introduction to each chapter of this report, there are listed the names of persons who have aided in the planning of the census, in the field work, and in the compilation and presentation of the statistics.
