LETTER OF TRANSMITTAL

DEPARTMENT OF COMMERCE
BUREAU OF THE CENSUS
Washington, D. C., April 21, 1943.

SIR:

I transmit herewith Volume II of the Reports on Housing, based on data from the Census of Housing taken as of April 1, 1940. The Census of Housing was authorized by Act of Congress on August 11, 1939, which provided that it be taken "in conjunction with, at the same time, and as part of the population inquiry of the Sixteenth Decennial Census...".

This volume, which is printed in five parts, presents basic statistics relating to practically all subjects for which information was collected in the Census of Housing. Part 1 constitutes a summary for the United States. Part 2 presents statistics for the several States, arranged alphabetically, from Alabama to Indiana; Part 3, from Iowa to Montana; and Part 4, from Nebraska to Pennsylvania; and Part 5, from Rhode Island to Wyoming.

The collection and compilation of these statistics and the preparation of this volume were under the supervision of Dr. Leon E. Truesdell, Chief Statistician for Population and Dr. A. Ross Eckler, Assistant Chief Statistician, assisted by Howard G. Brunsman, Chief of the Housing Statistics Unit, and Joseph A. Zettler, Edward P. Staudt, Dorothy S. Martin, and Claire F. Cahill, members of this unit. The Advisory Committee to the Director on the Housing Census of 1940 rendered most helpful guidance and counsel in determining the content of the Housing schedules and in formulating tabulation plans. Special acknowledgment is made to Dr. Ernest M. Fisher for his effective work as chairman of the Committee, and to his successor, Warren J. Vinton.

Respectfully,

J. C. CAPT,
Director of the Census

HON. JESSE H. JONES,
Secretary of Commerce.
