## LETTER OF TRANSMITTAL

---

DEPARTMENT OF COMMERCE,  
BUREAU OF THE CENSUS,  
Washington, D. C., October 1, 1932.

SIR: I transmit herewith Volume IV of the Fifteenth Census Reports on Population. This volume presents for the several States and for their principal cities the more important statistics relating to the occupations of the people as returned at the Fifteenth Census, together with a summary for the entire United States. The States are here arranged alphabetically and a standard series of tables is presented for each State. These tables include statistics for the State as a whole and for each city having a population of 25,000 or more in 1930.

The census of population was taken as of April 1, 1930, in conformity with an Act to provide for the fifteenth and subsequent decennial censuses and to provide for apportionment of Representatives in Congress, approved June 18, 1929. The results of the census of population are contained in six volumes, as follows: Volume I, Number and Distribution of Inhabitants; Volume II, General Report—Statistics by Subjects; Volume III, Reports by States, Showing the Composition and Characteristics of the Population for Counties, Cities, and Townships or Other Minor Civil Divisions; Volume IV, Occupations, by States; Volume V, General Report on Occupations; Volume VI, Families. The results of the census of unemployment, which was taken in conjunction with the census of population, are contained in two volumes, as follows: Volume I, Unemployment Returns by Classes for States, Counties, and Cities; Volume II, General Report on Unemployment.

This volume was prepared by Dr. Alba M. Edwards, under the general supervision of Dr. Leon E. Truesdell, chief statistician for population.

Respectfully,

W. M. STEUART,  
*Director of the Census.*

Hon. ROY D. CHAPIN,
